UMW Foundation Announces Scholarship Honoring Ed and Eileene Armstrong

The University of Montana Western Foundation is pleased to announce the establishment of the Ed and Eileene Armstrong Education Scholarship.

Ed Armstrong passed away in April of this year. His beloved wife, Eileene, passed in 2020. His son and daughter-in-law, Scott and Sarah Armstrong, approached the UMW Foundation about establishing a scholarship to honor Ed and Eileene and their commitment to education. The first scholarship will be awarded for the 2022-23 academic year.

Ed and Eileene were raised near Whitehall, Montana. Ed graduated from Whitehall High School and declined a football scholarship to join the Air Force. He trained as a medical technician stationed near London, England. Following his father's death, he was honorably discharged and returned to the family ranch in 1959. Eileene graduated from Butte High School in 1953 and received a teaching degree two years later from Montana State Normal School in Dillon. Eileene taught in the Butte Public School system for approximately six years followed by two years in Reno, Nevada. She returned to Montana and married Ed on June 29, 1963. They settled in Cardwell and began a family. In 1968, they moved to Dillon as Ed was finishing an Education Degree from Western Montana College.

Ed and Eileene were active in the community in a myriad of ways throughout their 47 years in Dillon. After graduation, Ed taught science and history in the Dillon School system for 29 years. During this time, he also coached basketball and baseball. In addition, he served as the official scorekeeper for Western football and later for Beaverhead County High School boys and girls basketball for over 20 years.

Eileene educated generations of students in the Butte, Whitehall, Dillon and Melrose school systems until retiring at the age of 65. Over a span of 45 years, including a 12-year period serving as a substitute teacher in Dillon, she was in the classroom for over 35 years. During this time, she returned to school as a student and received her Bachelor's of Education degree from Western Montana College.

"Establishing this scholarship at Montana Western seemed like the perfect way to honor the legacy of my parents and the impact they had on thousands of students in southwest Montana," said Scott Armstrong.

"Ed and Eileene embodied a spirit of giving to their community. They worked hard to make a difference in the lives of their students and their community and this scholarship will be awarded to a Montana graduate who possesses those same qualities. We are grateful for the opportunity to honor two of Beaverhead County's most loyal and dedicated educators," commented UMW Foundation Director, Roxanne Engellant.

If you would like learn more about this scholarship or the UMW Foundation, please contact Roxanne Engellant at 406-683-7305.

Is Democracy Dead in U.S.

By: MJ

Scholars have written that democracy is always temporary in nature, and it can't exist forever. When voters discover they can vote themselves generous gifts they then will vote for candidates that promise benefits for them. Question: How many more taxes can you afford to pay and still have money to enjoy your life with? Note: It is not the rich but the hard-working middle-class individuals that pay most of those taxes.

Example of freedoms disappearing: Covid vaccines and how the government left you no control over your own body but instead forced vaccinations and divided people. The forced closures of school, parents attacked and called names if they went to schools to question the education system their children were involved in... You buy a car. You can not drive it until you have a driver's license, insurance, a license plate... Note: Do you agree with the enactment of law that will make you pay for an unknown person's college fees? Why should the government be allowed to take your savings away from your family?

Question: What happens when twenty million± illegals get government handouts and will vote upcoming elections to keep getting those handouts. The average age of a democracy has been approximately 200 years. America has had a democracy for 234± years. Question: Are we seeing the fall of America's government at the present time?

1. Remember the government gets their money from you the taxpayers.
2. Following a democracy is most likely going to be a dictatorship
3. Exercise your RIGHTS and VOTE.

Rocky moves the start time

In an abundance of caution, Rocky Mountain College and College of Idaho have agreed to move the start time for Saturday's football game to 11:30 a.m. (MST), due to a high heat index forecasted in Billings for Saturday afternoon. Gates for Saturday's game at Herb Klindt Field will open 90 minutes before the start of the game at 10:00 a.m. The Tailgate Lot will open at 8:30 a.m.

WANTED - OLD AMERICAN MADE GUITARS 9/26 PD

Wanted- Old American made Guitars Hi, my name is Rich Dixon and I live near Salt Lake City. I'm an older musician in my later 60's (still working) and I am trying to find guitars to play like those I had in my younger years ...I am looking for American made instruments from the 1960's and earlier.

The brands I'm most interested in are Gibson, Fender , Martin, Gretsch and some by Guild and Mosrite ... These are the instruments that suit my music and playing the best. I'm interested in both electric and acoustic instruments and also old tube amplifiers from that era as well...

I want them to Play (I'm not a collector) so they don't have to be in pristine mint condition; used but not abused is fine. I'm just after instruments that haven't been altered and have their original parts and electronics so that they sound and play like they did back when I used to own them ...

If you have something like that that you might consider selling I'd love to hear about it ! If it's something I really want or could use I would pay in cash and drive up there to pick it up ... Please feel free to call or text me at (801-319-1109) and Thanks so much for taking the time to read this!
