Barrett Hospital & HealthCare Names New CEO

Barrett Hospital & HealthCare's Board of Directors announces that Taylor Rose has been named as the new Chief Executive Officer for Barrett Hospital & HealthCare. Beginning September 26, Rose will oversee all strategic, operational and clinical initiatives for the "Top 20" 18-bed critical access hospital. Rose will succeed Scott Manis, who has served as interim CEO following the departure of longtime CEO Ken Westman in January.

The Barrett Hospital & HealthCare Board of Directors, together with HealthTech, conducted a nationwide search for a new CEO beginning in January 2022. Through an intensive and in-depth process, the board, along with an internal employee committee, interviewed several candidates from various backgrounds. It was Rose's extensive healthcare background, passion for quality care, and enthusiasm that ultimately made him stand out as the ideal candidate.

Board President Patti Mitchell said Rose will be a welcome addition to the Barrett Hospital & HealthCare family: "Taylor will lead this organization with integrity, compassion, adaptability, respect and excellence - all of the values on which this organization was founded. We are confident that his experience and desire to form relationships with our patients and community will contribute to his success in our rural hospital. It's such a pleasure to have him here."

Rose brings to the position more than fifteen years of diverse experience in non-profit health systems, including

Letter to the Editor

I just finished reading today's Dillonite. I counted all the "Help Wanted" ads. There were 24 ads and several had multi jobs available. These jobs have been listed for quite sometime. Why are they all still listed? I'm quite sure there must be a lot of unemployed people in Dillon that could be filling many of these positions if they would just get off their couch or chair and go apply for a job and go to work before another business has to close it's doors or cut back on it's services due to lack of help.

Do you think maybe yo could be the first one go check these jobs out and go to work?

HISTORY OF WOMEN'S ATHLETICS AT UMW

Montana Western continues to honor the 50th Anniversary year of the passing of Title IX by sharing the stories and history of women's athletics at UMW. Today's story is from former All-American volleyball player and Hall of Fame volleyball coach Jenny Peterson. During her time as a player at Western, Jenny earned All-Conference, All District, and NAIA All-America Honorable Mention honors. She was also the Frontier conference MVP her senior year. In Basketball, she was named an All-Conference player. In the classroom, she was named Academic All-Conference, NAIA All-American, and selected to Who's Who Among Students in American College and Universities. She is married to former two-time College National Champion Steer Wrestler and former Western Rodeo coach Jesse Peterson.

Jenny Peterson - HOF Coach and Volleyball/Basketball Player (Player- '87-'91, Coach- '93-'05)

"I am Jenny Peterson (formerly Jenny Reynolds) and I went to school here, graduated from here, played volleyball and basketball here. I went away for two years to the real world upon graduation and then came back when I got the volleyball coaching job. I was also named as the new wellness coordinator at the same time.

While playing here, it was an awesome experience. Our coach was our basketball coach and volleyball coach, so there was several of us who played both. The girls were starting to play basketball already as well and by the time we got done with our season and went into basketball, we were revved up for the next season T

President Nixon signed Title IX when I was almost four. I wouldn't know life without sports. When I came back and was coaching, we were downstairs practicing cause that's where we played. It was a huge leap for us.

My work-study job while at Western was cleaning the racquetball courts, which are not there anymore. My best friend had to clean bathrooms in one of the dorms. I thought I had the best job ever in comparison to hers, but all of us had work study jobs and whatever you do, you do your best.

Prior to returning to Western, I taught in the elementary school in Darby because that was what my degree was in. I coached volleyball and I was an assistant basketball coach during my time at Darby Elementary. The job opened up at WMC and I just thought 'no I can't be a college coach'. I applied and I got the job. I graduated in 1991 and came back in 1993. I was the head coach until 2005.

I had the honor of coaching so many wonderful ladies and there's some tough things out there too. You know all my athletes get to come back to the hall of fame and get inducted and they have those stories about how tough practices were. I always say no one has success saying we didn't have to work very hard.

I gave that advice to my athletes and I gave it to my son who plays football at Montana Tech. When he did decide that it was construction that he loved, he said 'Mom, all I have is Western stuff up in my closet'. My advice is to go at things and give it your all whatever you do, even if it meant him going to Montana Tech.

Now, I am in the best job ever. My youngest son is a special needs child who has severe seizure disorder. I have a part time job and it's called the Well-Baby Coordinator. I get to work for the Montana University System Benefits and it's all by email or phone. I can work from home or the office. So, if my son is having bad days, I can work from home. I am still a part of the volleyball program here at Western. I keep the book for the games.

My first time coming back, it was different as it was my former player that took over after me. I was taking the book and after the game I think they had lost, I couldn't sleep. My hands were sweating and I was just in my head going 'ok what kind of drills do we need to put in at practice'. Then all of the sudden, I had to tell myself stop, you don't have to do this anymore.

When I was still coaching volleyball, I would go to the state tournament and eight of my former players are coaches. It was just so cool to see that and so I really relate to the coaching and teaching world and so many people from Western are out there and it's really cool to see. It is that unique opportunity that I had only been able to experience through the athletics that changed my life."

Rumors on Street

By: MJ

Transparency: Laws, rules and regulations are made for people to be informed of how the elected officials are managing the government. The elected officials that your hard-earned tax dollars pay wages and 90% of their health insurance cost. Question: Would you like someone to pay all your health insurance except 10%? Let's review the State of Montana Constitution Article II Section 8:

Article II Section 8 of constitution says: "The public has the right to expect government agencies to afford such reasonable opportunity for citizens participation in the operation of the agencies prior to the final decision as may be provided by law".

NOTE: At the August 23, 2022 Special Council Meeting the public was not given a right to speak before any votes were taken by the council. The vote was on CO5-1 and CO5-2. These Change Orders were for the council to okay the bids for water line at the fairgrounds. The council and mayor ignored the fact they did not follow law and swept the little matter under the rug.

It is a sad day when officials have no respect for the constitution, laws, rules, and regulations. They are put in place to be followed, making it possible for everyone to be treated equal. Laws are there for our leaders to work with to help the whole.

Question: If the city municipality is going to discontinue zooming the meetings would this not allow the public, not attending the meetings, access to their right to participate with comments, suggestions, or questions. Humans are notorious for wanting to control and do things their own way. Not following the laws is a gateway for elected official getting to a position where they quit completely doing their job up and above board.

Veteran's Corner Update #170

By Mike Lawson

The Butte Detachment #724 played host to our Department of Montana Marine Corps League's Fall quarterly meeting. We had it at "The Hooch" and had marines from Hamilton, Helena, Great Falls, Bozeman, Billings and Butte attend. We served McKenzie River Pizzas, many thanks to the owner Colin.

Two of us from our Butte Detachment, joined the Deer Lodge Funeral Honor Guard to present the colors to the family of a lady Marine who had recently passed away.

The SW MT Veteran's Home has a number of activities scheduled and going on presently. Our Vet Home is planning "Drive-Through Trick or Treat" for our resident veterans for Halloween. The SW MT Vet Home Foundation is going to purchase some items for some additional activities. Some of these items are pool tables in three cottages, scuffle boards in two cottages, two touch screen universal games, BBQ Grills and Halloween candy.

Markovich Construction continues to work on the walkway between Cottages #4 & #5. A big cooler is being installed, the process of getting an on-site laundry facility for linens has begun, the entire Staff have gone through Dementia Care training, Cottage #4 is being used for the memory care resident veterans, Eduro is CMS certified for Cottages #4 & #5 but not VA Certified as of yet. Cottage #5 has been turned over to the state and now Eduro will be working on setting it up. Eduro is moving away from frozen meals and has fresh food at every meal. There will be a cook in every cottage.

Shannon Ray, a veteran, is our Disabled Veteran's Outreach Coordinator/workforce Consultant for this part of SW MT. Every week he covers different job related topics. This week its "Find Your Fit In The Federal Government". Check out the website; https://www.usajobs.gov/. Give him a call for help in getting you prepared in getting a job. The office number is 406-494-0300.

The National POW/MIA Recognition Day was on September 16th. Many Veterans across our country, gathered to remember their fellow veterans who have not yet returned home. Many of us are committed to locating and returning our missing brothers and sisters and paying tribute to former prisoners of war and make every effort possible in finding those still missing in action.

Montana's big game hunting season is open for bow-hunting and on October 23rd it will open for it's rifle season. For many veterans this is a time they have waited for all year, as it's therapy to the highest degree. Being out in our mountains/valleys/prairies and hopefully filling their hunting tags, is as healing as it gets.

Idaho Elk, Elk Habitat Receive $2.1 Million

Better groceries are on the way for Idaho's elk population. The Rocky Mountain Elk Foundation and its partners allocated $2,103,338 in grant funding to improve wildlife habitat in Idaho.

To highlight one of the 16 projects, crews in southcentral Idaho will plant 60,000 seedlings across 1,000 acres and spray cheatgrass on 1,500 acres in the Sawtooth National Forest, site of the 2020 Badger and 2012 Cave Canyon Wildfires.

Other conservation projects include aspen enhancement, watershed restoration, prescribed burns, invasive weed treatment, removing encroaching conifers and dilapidated fencing, and support for various hunting heritage activities.

RMEF, Partners Allot $1 Million for Elk Habitat

In an ongoing effort to maintain and enhance wildlife habitat, including the restoration of landscapes charred by wildfire, the Rocky Mountain Elk Foundation and its partners allocated $1,064,039 of grant funding across Washington. The grants support a total of 14 habitat enhancement and hunting heritage projects across 13 counties and four statewide projects. They include invasive weed treatment in the Blue Mountains, improving elk habitat in the South Fork Skokomish River watershed, replacing dilapidated fencing with wildlife-friendly fencing on the Gifford Pinchot National Forest and several mentored hunting opportunities.

BEAVERHEAD COUNTY HIGH SCHOOL & JUNIOR HIGH
RODEO TEAM
MONTANA

Planning is well underway for another terrific Beaverhead County HS/JH Rodeo Team annual rodeo this fall.

We are scheduled for September 23rd-25th, 2022 at the Beaverhead County Fairgrounds.

We are targeting to have over 150 junior high and high school youth competing in barrel racing, pole bending, tie-down and team roping, steer wrestling, rough stock events and more.

In addition to the rodeo events, there is a shooting sports competition Friday, September 23rd at 4:00 pm and Saturday, September 24th immediately following our rodeo at the Dillon Trap Club & Rifle Range where junior high and high school students compete in light rifle and trap shooting competitions.

Plus, new this year, we are also hosting a breakaway roping jackpot for our junior high and high school athletes Friday, September 23rd at 7:00 pm at the fairgrounds.

We are so appreciative of the support the community provides to the Beaverhead County HS/JH Rodeo Team and would not be able to host one of the largest attended MHSRA events in the state without it. With over 150 contestants and their families from all over Montana expected to attend, it will be a great opportunity to promote your business and be recognized throughout the weekend and afterwards. We are still looking for some sponsors for this great annual event.

If you are interested in sponsoring or learning more about the weekend, please contact Stacy Setzer by texting or calling at (406) 570-2739.

WANTED - OLD AMERICAN MADE GUITARS 9/26 PD

Wanted- Old American made Guitars Hi, my name is Rich Dixon and I live near Salt Lake City. I'm an older musician in my later 60's (still working) and I am trying to find guitars to play like those I had in my younger years ...I am looking for American made instruments from the 1960's and earlier. The brands I'm most interested in are Gibson, Fender , Martin, Gretsch and some by Guild and Mosrite ...These are the instruments that suit my music and playing the best. I'm interested in both electric and acoustic instruments and also old tube amplifiers from that era as well...I want them to Play (I'm not a collector) so they don't have to be in pristine mint condition; used but not abused is fine. I'm just after instruments that haven't been altered and have their original parts and electronics so that they sound and play like they did back when I used to own them ... If you have something like that that you might consider selling I'd love to hear about it ! If it's something I really want or could use I would pay in cash and drive up there to pick it up ... Please feel free to call or text me at (801-319-1109) and Thanks so much for taking the time to read this!
