## Michael Hyrum Hall Sr

Michael Hyrum Hall, 80, of Lima, Montana, passed away Tuesday, October 11th, 2022. Michael was born January 7th, 1942, to parents Jack and Dott (Thompson) Hall. He was raised in the Salt Lake City area until his later years where he resided in the Montana Mountainside.

In his early years he was brought up riding horses, hunting, and snowmobiling. Michael graduated in 1960, from Jordan High School, Sandy, Utah. He enjoyed racing cars on Old Bingham Highway and going to Bonneville Raceway. He had a ball with his friends and was very social.

Both he and his father worked for the Kennecott Copper Mine. Mike operated the heavy equipment graders that are used to create the flat, smooth surfaces of the open pit mine. In his late teens/early twenties he sustained debilitating injuries, but he never let that stop him from going and doing. He relearned to walk, eat, read, and write all over again and once he regained his strength he never once looked back. His tenacity was inspirational to all that knew him.

He loved to tinker with cars and antiques. His dogs meant the world to him, and he took them everywhere. He would meet friends for coffee and would chat with anyone, anytime. Mike was a jokester and didn't mind using them repeatedly if he had an active listener. He loved humoring you and would always try and get you to laugh or crack a smile.

Michael is preceded in death by his parents; Brothers: Todd and Jeff Hall.

He is survived by siblings Ronald Hall (brother), Jackie Hooper and Jeanie (Reid) Peterson (sisters). Two daughters Tawna Ivey, Terri Hall and son Michael J Hall. Five grandchildren, Broderick, Presley, Lancee, Xander, and Nova.

Our family would like to express our gratitude to Pioneer Rehabilitation and Care Center nursing staff, Dr. Rasch, and all the care technicians. The community of Lima who embraced my father in their community and made it home for him.

In lieu of flowers, the family requests that you visit the mountains, breathe in the fresh air, make someone smile and lend a hand.

## Nov. 19 trapper education field day set for Bozeman area

Montana Fish, Wildlife & Parks will host a trapper education field day in Bozeman on Saturday, Nov. 19.

The field day will begin at 8 a.m. and conclude at 5:30 p.m. at FWP's Bozeman office, 1400 S. 19th Ave. Students must register for the field day in advance by visiting [register-ed.com/events/view/187564](http://register-ed.com/events/view/187564). Students must also complete the free online education course prior to the field day by visiting [fwp.mt.gov/hunt/education/trapping](http://fwp.mt.gov/hunt/education/trapping).

The 2021 Montana Legislature passed Senate Bill 60, which requires trappers to pass the education course if they have not purchased a trapping license for at least three previous seasons.

Trappers who have purchased a trapping license for three previous seasons will be asked to list that experience when purchasing a license. All other trappers age 12 and older will need to take the trapper education course before purchasing a license.

Wolf trappers who have taken a wolf trapper education course but haven't been a licensed trapper for three years will need to complete the full trapper education course to be able to trap wolves in 2022 and beyond.

Montana's Trapper Education program includes online coursework and a mandatory field day, where students can learn from experienced trappers about trapping ethics, avoidance of non-target species, fur management and safety. This course also includes the mandatory wolf trapper certification for anyone looking to also trap wolves.

For more information, visit [fwp.mt.gov/hunt/education/trapping](http://fwp.mt.gov/hunt/education/trapping).

**LOUIE SOMDAY**

By "Swede" Troedsson

In 1961-1963 I was stationed on the Curlew Ranger District on the Colville National Forest, WA. Curlew is located about 25 miles north of the Colville Indian Reservation.

The Colville Indians, like most Indians, love their horses. Near Curlew was an elderly Colville Indian, Louie Somday, who owned a small ranch. Louie had numerous horses. He would often walk out into his horse pasture and stand among his horses just to admire them.

One day a rancher, who was Louie's neighbor, came into the ranger station to complain that Louie's horses were trespassing onto his ranch. The Ranger informed the rancher that we could not do anything about Louie's horses unless they were on the National Forest.

As the rancher was leaving our office, he was heard muttering "I think the horses are headed that way".

A week later the rancher returned to our ranger station and informed us that Louie's horses were now on the National Forest. After confirming the location of Louie's horses, he was ordered to remove his horses from the National Forest. He made no effort to remove his horses, so eventually we rounded up and impounded his horses.

After reimbursing the government for the roundup and impoundment costs, Louie's horses were returned to him.

**Melrose School Holiday Bazaar**

## Barrett Hospital & HealthCare Receives Honors in Stroke and Cardiac Recognition

Barrett Hospital & HealthCare was recognized with two honors the Stroke Recognition Award and the Cardiac Recognition Award by the Montana Cardiovascular Health Program within the state health department. These awards single out Critical Access Hospitals (CAH) that demonstrate they have the infrastructure and commitment to provide high-quality care for patients with acute stroke and acute coronary syndrome, which includes heart attack. Requirements for the two recognitions include tracking and reporting key stroke and cardiac outcomes, using outcomes data to initiate quality improvement activities, and coordinating regular healthcare provider trainings.

"I am proud to be a part of a healthcare system worthy of these two awards", said Dr. Greg Moore M.D., Chief Medical Officer at Barrett Hospital & HealthCare. "These designations indicate our Emergency Department's ability to care for stroke and heart cases, and we are glad to have made an impact on helping to improve the health outcomes of these patients".

Stroke is the leading cause of adult disability and is a leading cause of death in the Montana. Last year, over 2,000 Montana families were directly impacted by the devastating effects of stroke. Heart disease is a leading cause of death in both Montana and the United States. Last year, over 3,000 Montanans died from the impact of heart disease. Symptom recognition and timely, high-quality treatment are important factors in reducing death from heart attack, and disability and death from stroke.
