Robert H Anderson, 89

August 2, 1933 – February 9, 2023

Robert "Bob" Anderson, 89, of Dillon, died peacefully in Austin, Texas on February 9, 2023. Bob was diagnosed with Alzheimer's Disease several years ago and he and his wife moved to Austin to be near their children and grandchildren.

Bob was born in Grand Rapids, Michigan on August 2, 1933 to Robert Anderson & Catherine Horne Anderson. He was the oldest of 8 children and the family owned many horses used for trail riding. Bob

became an avid horseman and animal lover. He graduated from Comstock Park High School in 1951.

He enlisted in the US Army in 1954 and served in the Korean War as a member of the veterinary corps stationed in France. His unit served the essential element of maintaining the health and well being of both animals and soldiers.

In 1959, he met Elaine Wagner and they married on June 25, 1960 in Iowa.

Bob graduated from Michigan State University in 1962 and later earned a Master's Degree in Animal Science from Montana State University in 1973. They moved to Dillon in 1974 where Bob worked on a ranch, at a feed store in Sheridan and finally as the State Agriculture inspector for Montana until he retired.

In retirement, Bob continued to stay active at home and in the community. He owned and maintained a trailer court with retired tenants. He was a member of the Elks organization for over 50 years and served as the Secretary for many years. He loved carpentry and woodworking. His projects included building a full length porch on their home, a garage, a wooden canoe and many wooden toys for children. He also enjoyed riding his bike and continued to do so until a few months ago.

Bob and Elaine enjoyed traveling and camping with friends and family. Some of their favorite places visited included Canada, Europe, locations along the west coast, and southwestern US. However, Yellowstone National Park was their favorite place and they frequented many times a year and created countless memories with their children and grandchildren.

Robert was preceded in death by his parents and 3 siblings.

He is survived by his wife of 62 years, Elaine Anderson, 3 children, 9 grandchildren and 2 great-grandchildren.

At his request, no service will be held. In lieu of flowers, memorials may be made to the Elks organization.

Senator Welborn's Weekly Report

HELENA:

This coming week we will start voting on the preliminary budgets in our combined House/ Senate Sub Committees, prior to budget moving through the appropriations process. I serve as one of two Senate Republicans that set the budget for all agencies that have to do with natural resources, fish, wildlife, agriculture, environment, livestock, wild land fire fighting, State Parks and transportation.

I will be offering some changes to The Governors budget in regards to funding for local conservation districts, I will be asking for an economic study on cold and warm water fisheries Statewide, and will be looking to divert some money for weed control to County weed districts and/ or conservation districts, depending on local preferences with cooperating agencies. I will also be offering amendments to Dept of Transportation Budget for traffic safety and wildlife crossings.

I will also be working to fund engineering and re-construction for the Willow Creek Reservoir in Madison County, which serves farmers and outdoor recreation economies in the Eastern flank of my Senate District.

I will keep updates coming as we continue to work on these budgets. I will give a wrap up in next weeks column on the entire section of the budget that I over see, and what notable changes we made to the governor's proposed budget as it moves back to the House side for approval.

Shifting gears, I'd like to mention something being proposed to address human trafficking, a horrible epidemic that's been affecting our state in recent years. Senate Bill 265, which will drastically increase the fines on criminals convicted of human trafficking, will have its first hearing in the Senate Judiciary Committee tomorrow morning.

The bill, sponsored by Sen. Mark Noland, R-Bigfork, would fine convicted human traffickers \$400,000 for their crimes. Currently, fines for human traffickers range from \$50,000 to \$100,000.

I feel that Criminals involved in the heinous crime of human trafficking do it for the money. We have strong jail time already

on the books for these crimes, but this bill will make it clear that human trafficking doesn't pay in Montana. With SB 265, we're showing that we have zero tolerance for criminals who ruin innocent people's lives by trafficking them for profit. If you're caught trafficking human beings in Montana, you will pay for it.

Moving to other issues on the minds of most Montanans, let's look at what we are doing to address our housing crisis in Montana. The Senate Local Government will hear a pro-housing bill sponsored by Sen. Daniel Zolnikov, R-Billings, tomorrow afternoon.

Senate Bill 245 would reform Montana's zoning laws to encourage multifamily housing and mixed-use developments in urban areas with existing water and sewer systems.

Too often, zoning requirements make it unaffordable or impossible to build affordable housing. This bill is intended to help fix that by creating a regulatory environment that's more friendly to affordable housing.

SB 245 focuses on streamlining regulations on multifamily housing and developments that include both commercial and residential uses by opening up commercially-zoned areas to housing development.

In addition to opening commercial areas to housing, SB 245 contains provisions to guard against more creative ways of stifling housing in those zones. The bill clarifies that a city can't make more stringent hurdles for housing in commercial zones than the city requires in other city zoning jurisdictions. These provisions are poison pill prevention standards meant to make the reforms contained in SB 245 truly have an impact in Montana communities with a need for housing.

This past week I had several folks from SW Montana get in touch with me while they were in Helena visiting the legislative process. It's always nice to visit with folks from home, while they are in town.

I had a chance to hear from the Beaverhead Weed District while they were in town for meetings, and also the Education Department at UM- Western. I'd like to give a shout out to both organizations for making Montana a better place.

Vikki Howard and Kathy Schipman along with several students, shared with me what the UM Western Education Dept is doing with partnerships with Montana Tech's Butte Campus and both Little Big Horn, and Blackfeet Community Colleges, with an outside the box approach to training teachers for the future. My hats off to UM- Western for your thoughtful leadership in higher ed in Montana.

I had the honor of hosting two high school seniors in our Senate Page Program this past week. I want to thank Josie Blazer from Ennis, and Gavin Garrison from BCHS, your service to the Montana Senate is appreciated. I wish you both, all the best in your future endeavors, and want you to have smooth sailing as you both wrap up your high school careers.

Thanks to local media outlets for keeping you informed, have a great week.

LEGISLATIVE UPDATE

By Representative Tom Welch For February 12, 2023

The pace at the 68th Montana Legislature has quickened this past week. Over 760 Bills have now been introduced with another 1300 Bills ready for introduction. Committee hearings have been lengthy at times as not only are more Bills hitting the Committees but many of these are of the more complicated and controversial variety.

Bills on the House floor this past week dealt with topics such as HB 13 State Employee Pay Plan by J. Fitzpatrick, HB 55 Establishing a Tax on Electric Vehicles by Loge, HB 234 Revise Dissemination of Obscene Material to Minor Laws by Phalen, and HB 91 Eliminate Jail Penalties for Littering by Emrich.

Among the Bills heard the past week in the House Tax Committee on which I serve as Majority Vice Chair, was HB 345 entitled Exclusion from Federal Taxable Income for Medical Savings Accounts by Hamilton. This Bill, if passed, would give Montanans another method to assist in combating the high medical costs that many face. Among the 10 or more Bills being heard in Tax Committee this upcoming week is HB 420 by Hopkins entitled Generally Revise Marijuana Laws.

With respect to my other Committee, that being Human Services, one of the more interesting Bills heard last week was HB 392 Generally Revise Midwifery Laws by Etchart. This Bill drew a number of supporters from throughout Montana with few opponents. Scheduled for this week, HB 411 Revise Laws Relating to Dentistry by Gillette has drawn much attention and interest. This Bill, if passed, would allow Dental Assistants to perform limited services such as dental cleanings for children 12 and under. The Dental Hygienists appear to be strongly opposing the Bill. I have received over 250 emails plus a few phone calls from throughout Montana on this Bill already. My take today on the issue is as follows: Rural areas and lower income Montanans often times have difficulties getting routine dental services on a timely and regular basis. Dental Assistants believe they should be allowed to help fill this gap. Dental Hygienists, who have more schooling and formal training than do Assistants, do not feel that is a risk that Montanans should take. The Hearing for HB 411 will be on Monday, February 13th.

Three of my ten Bills are headed to the Governor for his review and signature. These three Bills are HB 24 Revise Tax Credit Review Schedule, HB 138 Revise Montana Bank Act, and HB 139 Generally Revise Laws Related to Mutual Savings and Loan Associations. The other 7 Bills remain alive and are moving timely thru the process!

At the bequest of one of the readers of these Legislative Updates, I have been asked if I can provide some information and insight related to the sources for our budget surplus. I will gladly do so in next week's update!

Have a great week and be safe! Thanks for allowing me to continue to serve you in the Montana Legislature.
