Beaverhead County Search and Rescue News

Submitted by: Mel Rice Public Relations Officer

The Beaverhead Search and Rescue was paged out early Monday morning June 12, 2023. An emergency call was received by the Sheriff"s department around 12:25 AM that three 30 year old men had not returned home from a dirt bike trip in the Lacy Creek area off of the Scenic Byway. After several attempts to reach the men by phone with no luck, a deputy was dispatched to their starting point and SAR search managers were paged at 01:16 AM. After evaluating the situation, search managers Lawrence Morrisroe and Shane Puyear, authorized a full membership page at 02:04 AM. The first hasty team was deployed at 03:09 AM toward the Lacy Creek trailhead.

The lost individuals' vehicles were located and the first hasty team, Sam Peterson and Toby Shepherd, was able to follow their tracks up over the ridge into Pattengail Creek. Hasty team #2, Cody Schnee and Cole Cottom, headed up around Bob Cat Lakes to try to intercept the overdue party on trails over the top of the ridge. Hasty Team 3; Nathan Freeman and Steve Mock, and Hasty Team 4; Adam Norlander, Parke Scott, Trevor Hyland and Donald Smith waited at the staging area where the vehicles were located for further instruction and act as communication relay to building command.

Hasty Team 1 determined the individuals headed up the Lost Horse trail out of Pattengail Creek. After riding for some distance the lost individuals tried to proceed along the trail but ran into much downfall and burned trees from the Pattengail fire a few years ago. They became totally exhausted and their dirt bikes had run out of gas. Therefore, they decided to spend the night.

The next morning, around 9:45, the three individuals were located by Hasty Team 1. All of the individuals then proceeded to walk down Reservoir Creek to the Pattengail trail where they could be picked up by vehicle. It was about a 3 to 3½ mile walk out to the Pattengail trail. Member Donald Smith drove his side by side up Pattengail to their location and proceeded to return the overdue men back up Lacy Creek to their vehicles. Hasty Team 2 made it up past Bobcat Lakes, over the ridge past Grassy Lake and Schwinegar Lake then out Lacy Creek to their vehicle.

The incident concluded around 3:00 PM with all parties accounted for and back in town. Other Beaverhead S&R members who worked the search from the building or checked in and gave notice of availability were: Trent Cottom, Chuck Maddox, Clint Rouse, and Mel Rice. "In the Business of Saving Lives", your Beaverhead Search and Rescue.

FWP seeking public comment on two draft environmental assessments

Montana Fish, Wildlife & Parks is seeking public comment on a goldfish removal project and a parking access project. For more information, including how to submit comments, click on the link provided or visit fwp.mt.gov/public-notices.

Goldfish removal near Big Sandy draft environmental assessment: FWP proposes to remove the illegally introduced goldfish population from the affected pond near the town of Big Sandy. FWP would use the piscicide rotenone to eliminate distribution of the invasive goldfish population to downstream locations. The threat of this goldfish population to continue to reproduce and potentially distribute to downstream locations must be addressed to eliminate the risk of competition with native fish and expansion of this nonnative invasive species in the Big Sandy and Milk River watersheds. Comments due July 7.

Bad Rock Canyon Wildlife Management Area access and parking development draft EA: FWP proposes to construct a gravel parking lot along Montana Highway 2 in Columbia Falls to provide parking and pedestrian access to the Bad Rock Canyon WMA. The proposed project would provide a formal public access point to the WMA. FWP proposes to construct a gravel parking area (150' x 50') to accommodate up to 12 vehicles. Pending project approval, construction of the parking area and associated infrastructure would commence in the fall of 2023 with an anticipated completion date of Sept. 30, 2023. Comments due June 27.

A Perfect Evening

Bryce Angell

Last weekend, on a Saturday, I knew that I'd been blessed. I spent a perfect evening of country at its best.

That night in the assembly hall where cowboys would perform, I felt an air of country charm. The welcome there was warm.

With a humble ceremony, our flag was marched up to the stage. We stood and took our hats off; even those of younger age.

We gave respect to our great flag and showed our true alliance, when the audience all joined in with The Pledge of Allegiance.

The program could have ended there. I'd felt my feelings swell. But the entertainers stole the night. They sang and spoke so well.

The room was filled with cowboys wearing boots and chaps alike. We were 'bout to be enlightened. It was time to grab the mike.

Some of the cowboys played guitar and sang a song or two. And some recited poetry of cowboys they'd once knew.

The emcees handed down their jokes and sang a cowboy song. They both knew how to run a show and moved it right along.

The cowboys and the cowgirls all had honed their talents well. Their talents and enthusiasm made an easy sell.

Each one of the performers wore a smile across their face. It wasn't hard to tell that they were in their happy place.

And when the night was over I reflected on the show. The cowboy way is still alive, much more than most would know.

I must confess how proud this cowboy program made me feel. We live here in this country where our freedoms are for real.

We enjoyed a country evening and we showed our flag respect. And no one in the room was there to keep us all in-check.

I'm thankful that I live where I can shake a cowboy's hand. 'Cuz yes, the cowboy still exists, from his indelible brand.

So if the cowboy program ever comes back into town. Let's see if we can fill the seats. Don't let those cowboys down!

Emergency fishing restrictions adopted for Big Hole, Beaverhead and Ruby rivers

Regulations aim to reduce angling impacts on low fish numbers

New emergency fishing regulations are in place for the Big Hole, Beaverhead and Ruby rivers.

The Montana Fish and Wildlife Commission adopted the new regulations during its June 8 meeting. These restrictions limit angling during the brown trout spawning season and harvest in some stretches of the rivers.

Trout abundances in several areas of the three rivers have steadily declined since 2011 and are at or near historical lows. Meanwhile, fishing pressure in these areas has increased. The emergency fishing regulations aim to be responsive to fish populations in accordance with Montana's draft statewide fisheries management plan.

The current fishing regulations for the three rivers are as follows:

Big Hole River

- Entire river
- Catch-and-release for Arctic grayling
- Headwaters to Dickie Bridge
- Combined trout: five daily and in possession
- Dickie Bridge to the mouth
- Open April 1 through Sept. 30
- Catch-and-release only
- Artificial lures and single-pointed hooks only. No treble or double hooks. Anglers may remove treble or double hooks from the lure and replace them with a single hook, or the shanks may be cut off the other hook points to leave a single hook. Lures with multiple hook attachments may still be used but any treble hook must be replaced by a single hook.

Beaverhead River

- Entire river
- Catch-and-release for rainbow trout
- Artificial lures and single-pointed hooks only. No treble or double hooks. Anglers may remove treble or double hooks from the lure and replace them with a single hook, or the shanks may be cut off the other hook points to leave a single hook. Lures with multiple hook attachments may still be used but any treble hook must be replaced by a single hook.
