Wayne Smetanka

On June 21, 2023, Wayne Smetanka entered into that undiscovered country from whose born no traveler returns. He was born January 26, 1936 in Sugar Creek Township, Venango County, Pennsylvania, often called Rocky Grove. His parents, Andrew and Eleanor, lived there until 1939 when the

family moved to Warren, PA.

He was raised a Pennsylvania deer hunter and graduated from Warren High School in 1954. He served in the Army from 1954 until his honorable discharge in 1956. He cut timber and worked for Sylvania Electric for a year before enrolling in a two year forestry program

925-2172
Dillon, MT Since 1991

Paul Smiths College in northern New York State. He earned a Forestry BS degree, a Master of Forestry degree, and met his future wife at the New York State University College of Forestry at Syracuse. He and Patricia Lassen were married in 1963.

His Forest Service career spanned five states. He was a forester in Pennsylvania, Virginia, and Vermont. He was a district ranger in Eveleth and Tofte of the Superior National Forest in Minnesota. In 1979, he joined the Custer National Forest in Billings, MT as the fire and timber staff officer. He was very active in wildfire management and served as a plans chief on a Region Type I fire team. He retired from the Forest Service in 1991 and continued forestry consulting work for ranchers, tribes, federal agencies, and continued to go on fires as a plans chief.

In 1999, he and Pat returned to Minnesota and built a lake home near Park Rapids where they enjoyed many years together. In 2019, he moved to Dillon, MT to be nearer to his children. He was an avid outdoorsman and hunter, especially for upland birds, and a skilled handloader and caster. He was an accomplished vintner, brewer, and distiller which he enthusiastically shared with others.

He was a Master Mason having served the Craft for over fifty years, was Master of the Park Rapids MN Shell Lodge 2007-2009, and received the Hiram Award in 2006.

He was preceded in death by his wife in 2009, his brother Paul, and his sister-in-law Gertrude.

He is survived by daughters Mary (Mark) D'Aversa and Rachel Smetanka, son Andrew (JoAnna) Smetanka, and three grandchildren Asa, Axel, and Iia. He donated his remains to the WWAMI Medical Education Program. A celebration of life and the spreading of his ashes will be scheduled at a future date.

The family requests that in lieu flowers, donations may be made to your local Humane Society or Animal Shelter in Wayne's name.

No fireworks on FWP property including fishing access sites

Visiting a Montana fishing access site on July 4th is a great idea – just leave the fireworks at home.

Montana has enjoyed a fairly wet spring and early summer, but fire season in Montana is just around the corner. This means it's everyone's responsibility to be careful with fire and any potential sources of ignition. It's been a long-standing policy with Montana Fish, Wildlife & Parks to keep fireworks off our sites to ensure the safety of our public and to protect our recreation and habitat resources.

Conservation license required to access most state lands

Working with the 68th Legislature, Montana Fish, Wildlife and Parks (FWP) and the Montana Department of Natural Resources and Conservation (DNRC) simplified licensing requirements on state lands as part of Governor Gianforte's Red Tape Relief Task Force.

The two agencies consolidated the conservation license and state lands recreational use license into one annual conservation license, supporting the maintenance of places like fishing access sites (FAS), wildlife management areas (WMA). On Montana school trust lands, conservation license sales will help fund Montana schools and other state institutions.

Effective July 1, Montanans who access state lands will be required to have a conservation license. Hunters, trappers, and anglers in Montana who have purchased licenses and tags this year already possess this license.

"Fishing access sites and wildlife management areas represent some of the most amazing outdoor recreation opportunities we have in Montana. Access to all these sites for a small annual fee is a tremendous bargain," said Montana Fish, Wildlife & Parks Director Dustin Temple.

Increased use on FAS and WMA sites has led to increased maintenance costs. Much of the increased use is from people who come to these sites to enjoy outdoor recreation, not necessarily to hunt, fish, or trap. With the requirement of a conservation license for everyone, that cost of maintenance is shared by all users.

On Montana state trust lands, the conservation license replaces the required State Lands Recreational Use License for general recreation on legally accessible state trust lands that are not otherwise closed or restricted.

Hunters, anglers, and trappers are already required to purchase a conservation license along with their hunting and fishing licenses from FWP. However, for those people who enjoy recreation on any of Montana's more than 330 FAS and 77 WMA sites, wildlife habitat protection areas, or legally accessible state trust lands, and don't already buy a hunting or fishing license, they will need to have a conservation license to access those lands. These licenses, which cost \$8 for residents, \$4 for resident youth ages 12 to 17 and seniors 62 and older, and \$10 for nonresidents can be purchased at any FWP office or online at ols.fwp.mt.gov/.

A Special Recreation Use License is still required for trapping, commercial or concentrated recreation, outfitting, or special events on state trust land. Information on access and licensing for special recreation on state trust land is available at dnrc.mt.gov/recreation.

Montana State Parks do not require a conservation license.
