He served in the US navy then married his high school sweetheart, Wanda Pilgrim in Sept. 1957.

He worked for and attended machinist school for 7 years at Standard oil of Cal. in Richmond, CA.

Returning in 1964 to Montana, in Missoula, Working for Hoerner Waldorf (Smurfit Stone) as a machinist and later a supervisor, he retired in 1997.

Anthony ("Tony") Larsen

Anthony was born on April 29th, 1936 and passed away on July 1st, 2023 at the age of 87.

Anthony ("Tony") Larsen was the sixth of seven children growing up on a small family farm in Nebraska. Like his brothers before him, at 18 he left the farm to serve in the military, where he learned surveyor skills in the effort to rebuild Germany. It was here, a stone's throw from the Iron curtain, that he met his life partner, Martha.

Following his service, in 1963 he returned to the states and his parent's new home in Dillon. After a short stint at the Dilmart grocery, he joined the Bureau of Reclamation, surveying what would become Clark Canyon Dam. His job with the Bureau took him and his family to a variety of places in the West, but he wanted to work with his hands – he apprenticed as a diesel mechanic (and ultimately became a master). He plied his trade on the construction of the Alaskan pipeline and a variety of other major projects.

After all the adventure, he and Martha returned to the one

Outdoor Pickleball Courts Take A Big Step Toward Completion

Pickleball is pleased to announce the pouring of the cement slab for the pickleball courts that are under construction at the Bike Walk Southwest Montana Bike Park located at 1575 Overland Road near Dillon. The completion of this phase of the project was made possible because of donations by Phillips Concrete and L.S. Ready Mix. Phillips Concrete donated the forming, concrete pouring, and finish work; while L.S. Ready Mix provided the pumper truck at no charge and the cement at cost.

Funds raised for this phase of the project came from the generous donations of many individuals, organizations, and businesses from throughout Beaverhead County. BSWMT-Pickleball Committee would like to thank all those who have provided the donations to fund this project to date. There still is a need for donations to complete these free to use public courts. Donations can be mailed to PO Box 683, Dillon, MT 59725 or donations can be made through their website www.pickleballbcmontana.com. Should you have a group that would be interested in hearing a short program on pickleball and/or demonstrate support for the efforts to build the courts, you can contact BSWMT-Pickleball through the website above.

Electric fence workshop scheduled in Red Lodge August 19

Free workshop will educate public on effective bear deterrent

Montana Fish, Wildlife & Parks, in partnership with the U.S. Fish & Wildlife Service (USFWS) and the U.S. Department of Agriculture, is hosting an electric fence workshop in Red Lodge on Aug. 19. The workshop will be held at the Roosevelt Center, located at 519 S. Broadway Ave., from 9 a.m. to 12 p.m. and is free to attend.

Properly designed electric fences are effective at protecting various attractants from bears of both species. Vulnerable livestock (chicken, goats and sheep), beehives, gardens, fruit trees and barbeque grills are among the many common attractants that can be secured with electric fencing.

Participants in this workshop will learn how to build effective electric fences and how these can be used on their own properties. Livestock electric fences are typically different designs than bear-deterrent electric fences. Area livestock owners, landowners, ranchers and farmers are encouraged to attend, especially those that have observed bears on their properties. Those attending the workshop will have the opportunity to win a set of fence-building equipment.

Grizzly bears in all lower 48 states are federally protected under the Endangered Species Act. Though the USFWS has ultimate authority on the management of grizzly bears, multiple agencies, including FWP, work collaboratively to manage the species.

For those not able to attend the workshop but are interested in electric fencing as bear deterrents, contact Daniel McHugh at 406-850-1131 or visit: fwp.mt.gov/binaries/content/assets/fwp/conservation/wildlife-reports/bears/mfwp_electric-fencing-guide_v4.0.pdf.

For more information on living with bears, visit: fwp.mt.gov/conservation/wildlife-management/bear/be-bear-aware/living-bear-country.
