Katherine Jean (Nelson) Johnson

Katherine Jean (Nelson)

Johnson was born June 21, 1947, in Dillon, MT to Jay F. and Jean (Renz) Nelson. She departed this life in the comfort of her home on August 4, 2023, after a lengthy medical battle.

She was the 4th of 6 children (Jenny, Ruthie, Sherry, Mary, and Robert) and grew up in Jackson, MT where she spent her days helping on her grandparents' ranch, playing

with kittens, camping and horseback riding, in the beautiful surrounding mountains of the Big Hole Valley.

She joined the United States Marine Corps shortly after graduating from Beaverhead County High School, where she attended Basic Training in Parris Island, South Carolina then was stationed at Camp Pendleton in Oceanside, CA. There she met another Marine, John D. Johnson (J.D.), who she married after his return from his 3rd deployment during the Vietnam War. They wed in California on September 26, 1969 and returned briefly to Montana before making their final home in Pineville, MO.

During their 53 years of marriage, J.D. and Kathy raised 3 children on their farm outside of Pineville: daughter Connie Roark (husband Jody) of Neosho, MO; son Steven Johnson (wife Anner) of Pineville, MO; and daughter Stacy Parks (husband David) of Stella, MO. They were additionally blessed with 8 grandchildren: Jocelyn Roark, Mary Kate Roark, Conner Roark, Amanda Johnson, John Johnson, Bryan Parks, Brandon Parks, Brett Parks and one great granddaughter: Kaitlynn Johnson.

Kathy's greatest joy came from spending time with all of her family. She also enjoyed crocheting, quilting, reading, woodworking and traveling.

After the birth of her children, Kathy attended Crowder College and MSSU receiving a bachelor's degree in Elementary Education. While teaching for the McDonald County School District, she went on to earn her master's degree and Reading Specialist. She spent the majority of her 24 years of teaching working with elementary students with disabilities.

In the midst of her teaching career, Kathy experienced a serious illness resulting in the need for a liver transplant. She and her family were blessed to receive this donation in August 1997 allowing her to return to her loving family and the job she found so rewarding. She continued to teach an additional 10 years before further health concerns resulted in her choosing to retire in 2007. Side effects from her liver transplant resulted in additional serious medical complications which led to a kidney transplant in 2014.

Kathy's family wants to thank the amazing team of doctors, nurses, and therapists who were so instrumental in her care

Due to the overwhelming blessings the family has already received, they ask not for donations of flowers or gifts, but instead ask that you look into your hearts and become an organ donor or donate to organizations that work to assist those who may also find themselves in similar situations.

Please join Kathy's family at New Life Fellowship Church (427 New Life Lane) in Anderson, MO on Saturday, August 12 from 3:00-5:00 P.M. as they celebrate and remember the life of their loved one. Arrangements are under the direction of Ozark Memorial Park Crematory of Joplin, MO.

Montana Western Rodeo Welcomes 2023-24 Recruiting Class

Montana Western Head Rodeo Coach JT Robbins has announced the signing of 19 student-athletes for the 2023-2024 men's and women's rodeo season. (we will post as room allows)

"We are excited for this year. We have a great group returning and this class will add a lot of depth to the talent pool; it should be a fun year." Head Coach JT Robbins said.

Racin Allen | Team Roping, Tie Down Roping | Richfield, Idaho / Richard McKenna Mountain Home High School

Allen is a team and tie down roper who joins the Bulldogs this fall from Richfield, Idaho. Allen was the district All-Around Cowboy last year while placing first in cutting, reining cow horse, and second place in tie down and team roping. In 2022, Allen placed fifth at the Idaho High School Rodeo Association (IHSRA) state rodeo in tie down roping. In 2019, Allen was the Silver State International Rodeo breakaway champion. Outside of rodeo, Allen competed in basketball while in high school, making it to state in 2021. He is the son of John Allen and Romy Allen and plans to pursue a degree in business while at Montana Western.

University of Montana Western Groundbreaking

Jeremy Crawford, Southwestern Montana News

The University of Montana Western held their groundbreaking ceremony for the new Sports and Activities Complex. In front of a large crowd of citizens, students, donors, and political leaders Roxanne Engellant kicked off the event. She thanked the people who made it possible, most importantly John and Phyllis Erb, their gift of land made the dream possible for this facility. She stated that the work on the project is not done, and they have made a goal to raise one million dollars in additional fund-raising support to make sure the grand opening is at its completion when they finish in fall of 2024.

The Director of athletics Michael Feuling thanked the donors and supporters of the project. He stressed how this project will be a game changer for the students. This will provide a service where our players will not have to dodge gopher holes, dog poop and other hazards that may injure them.

Chancellor Michael Reid gave a speech thanking the donors who donated over \$100,000 to the project. He touched briefly on the history of UMW when Poindexter and Ore donated the ground that Montana Western is seated on today. In the year 2024 it will be the 100-year anniversary that UMW has had football on their sports roster. The team started playing at the fairgrounds and they will be playing in the new facility in the fall of 2024 100 years later.

He stressed how they would like to see the new facility become a cornerstone of our community hosting more than just college football but high school events as well as events put on by the Jaycees. Chancellor Reid concluded his speech by inviting those to come forward who were chosen to help with the groundbreaking ceremony. All dug in their shovel and gave a toss of dirt to a cheering crowd. Afterwards those attending cooled off with ice cold water and a few snacks. You can watch the whole ceremony on our YouTube channel SWMT News.

Attorney General Knudsen Opposes EPA's Proposed New Anti-Power Plant Rule in Comment Letter

Montana Attorney General Austin Knudsen joined a coalition of 21 attorneys general in filing formal comments in opposition to the U.S. Environmental Protection Agency's (EPA) proposed new rule on existing coal-, natural gas- and oil-fired power plants. The EPA's proposal attempts to regulate the plants under the Clean Air Act by imposing more stringent emissions standards and ignores last year's rebuke from the U.S. Supreme Court in West Virginia, et al. v. Environmental Protection Agency, et al.

As the letter states, the Section 111 rule change violates the Supreme Court's decision on West Virginia v. EPA because Congress still hasn't given EPA clear statutory authorization to remake the electricity grids. The letter also highlights how the environmental policies the EPA is proposing under this rule are inefficient, expensive, and unrealistic. If enacted, this rule also threatens the long-term stability and reliability of the country's electrical grid.

According to the U.S. Energy Information Administration, coal-fired power plants provided the largest share of Montana's electricity generation in 2022, accounting for 42 percent of in-state generation. This EPA-proposed new rule will force those plants to close. Additionally, if the rule is enacted, thousands of Montanans will lose their jobs.

Veteran's Corner Update #16
By Mike Lawson

Greetings this is Saturday, August 12, and three of us Marines started driving to the 100 Anniversary of the Marine Corps League National Convention, being held in Oklahoma City, Oklahoma.

If you remember it was here in 1995 that Timothy McVeigh, the American domestic terrorist who perpetrated the bombing of the Alfred P Murrah Federal Building, which killed 168 people. He was later executed. We walked through the Memorial Park Site that commemorates this tragic event. The grounds are beautiful and very hallowed in their memory.

Veteran news:

- The inside, unfinished north end of the Butte VA CBOC is ready for wall framing. I did a walk-through and the finished floor of the cement pour looks great.
- The Covered Walkway between Cottages #4 & #5 are looking good. The trim is about complete as well as the electrical wiring. The suspended ceiling was being installed on Thursday when I visited the site. Once that's completed the flooring can then be installed. There is a fence that needs to be installed for the residents to be able to go outside but not wander away from this area. These are memory impaired residents who will be in Cottage #5 and some in Cottage #4 that could wander off and get hurt or lost.
- An interesting story of a WWII veteran whose bomber was shot down over Romania. 1st Lt. Alfred Pezzella of Newton, Massachusetts, 27, remains could not be identified and were buried in the Hero section of the Civilian and Military C cemetery of Bolovian, Ploiesti, Prahova, Romania. After the war, his remains were one of 80 that were unable to be identified and were sent to the Ardennes American Cemetery in Belgium. In 2017 the remains of those who were shot down in this bombing mission were sent for additional examination and identification. The Defense POW/MIA Accounting Agency used anthropological analysis as well as the Armed Forces Medical Examiner System using mitochondrial DNA analysis. Pezzella was identified and will be buried in Bourne, Massachusetts. Hand salute to those who solved this long sought question by his family and their descendants.
- The Va has partnered with Mediflix, which has a big selection of education content and technology to improve health care for Veterans. Through this partnership, any Veteran can get access to Mediflix's digital platform and video channels. Their educational information on health conditions come from very reputable sources such as the Cleveland Clinic, Yale Medicine and the American Heart Association. It's well worth checking out at the National Center For Healthcare and Partnerships.

High water temps prompt daily fishing restriction for lower Madison River

A daily fishing restriction will be in effect for the lower Madison River starting today, Aug. 16.

A hoot-owl restriction, which prohibits fishing between 2 p.m. and midnight, will be in place from the river's confluence with the Jefferson River up to the Warm Springs Day Use Area. Water temperatures in this reach have exceeded 73 degrees for several consecutive days, meeting criteria for the fishing restriction.

For the latest waterbody restrictions and closures, visit fwp.mt.gov/news/current-closures-restrictions/waterbody-closures.
