Barrett Hospital & HealthCare Forms Partnership with Senior Life Solutions, Aims to Assist Older Adults with Age-Related Depression and Anxiety

Barrett Hospital & HealthCare announces it has formed a partnership with Senior Life Solutions. Senior Life Solutions is an intensive outpatient program designed to meet the unique needs of older adults experiencing depression, anxiety, or other mental challenges often associated with aging.

Individuals may benefit from the Barrett Hospital & HealthCare's Senior Life Solutions program if they are experiencing any of the following common indicators or triggers of depression and anxiety.

- Anxiety • Changes in appetite • Depression • Difficulty sleeping • Feelings of sadness or grief lasting more than two weeks • Feelings of worthlessness or hopelessness • Lost a spouse or close family member • Loss of energy • Loss of interest in previously enjoyed activities • Recently experienced a traumatic event

Barrett Hospital & HealthCare will soon be offering the Senior Life Solutions program to Southwest Montana residents. The professional staff includes a board-certified psychiatrist, a licensed therapist, a registered nurse, and other healthcare professionals.

"In our most recent Community Health Needs Assessment (CHNA) report, mental health is one of the main concerns of our rural community," shared Taylor Rose, Chief Executive Officer of Barrett Hospital & HealthCare. "We are continuing to prioritize mental health support, by increasing available mental health resources dedicated to the emotional well-being of the older adults in the community who are struggling with depression and anxiety."

"The Senior Life Solutions program will help improve the lives of older adults in the community who may be struggling with their mental health. Our team's knowledge of mental health and older adults will help Barrett Hospital & HealthCare serve a population that is often overlooked by providing a service specific to them," says Julia Sugg, MSN, RN, Program Director.

After being assessed, older adults can meet up to three times per week for a group therapy session. Individual sessions are also available, as well as teletherapy services offered by phone or computer.

Anyone can make a referral to the Senior Life Solutions program, this includes self, family members, physicians, or other healthcare professionals. Appointments can be scheduled by calling 406-683-3145.

Staff will begin seeing patients on October 23rd, and the Senior Life Solutions program is located at 90 MT Hwy 91 S., Dillon, Montana 59725.

AG Knudsen joins coalition to protect children from exploitation on online pornography platform

Montana Attorney General Austin Knudsen and 25 other state attorneys general are calling on Ayo – the parent company of the website Pornhub – to follow child protection laws and explain what the company is doing following a recent report that exposes a potential “loophole” that can be exploited by rapists and human traffickers to share content of their victims.

According to recent reports, Pornhub requires content creators and performers to produce a photo ID to open an account to upload content but are not required to show their faces in the uploaded content. As a result, there is no way to confirm that the content features the person who uploaded it, a company employee said. The employee also said “of course” rapists and human traffickers could take advantage of it to upload content of and exploit their victims and even monetize the video to profit from their crimes.

“As state Attorneys General—and parents—we are deeply concerned by recent reports of this possible workaround that could permit countless children to be victimized,” the attorneys general wrote in a letter sent today to company executives. “Please provide us with an explanation of this ‘loophole;’ whether Ayo and its subsidiaries do, in fact, permit content creators and performers to obscure their faces in uploaded content; and, if so, whether Ayo is taking measures to change this policy to ensure that no children or other victims are being abused for profit on any of its platforms.”

This isn’t the company’s first controversy. Last month, Pornhub’s parent company MindGeek was acquired by Ethical Capital Partners and the name was changed to Ayo to rebrand after the company was repeatedly sued for allegations of profiting from child pornography and non-consensual sex videos. Additionally, last year, two major credit card companies cut off the company’s advertising department that sells ads on Pornhub from payment processing amid accusations that the company distributed child pornography. In 2020, the website deleted millions of videos following allegations it was hosting child sexual abuse and non-consensual sex content.

“The signatories to this letter are dedicated to protecting children. We expect you and your companies to follow laws that protect children as well,” the attorneys general wrote. “Children’s lives and livelihoods are at stake.”

PUBLIC ACCESS
 By "Swede" Troedsson

In the early 1990s I was invited to give a presentation on map and compass to the annual Region 3 Montana Game Wardens summer meeting at the Wall Creek Wildlife Management Area. Chad Murphy was one of the attendees at the meeting, Chad was a Montana Fish, Wildlife and Parks Investigator stationed at Whitehall, Montana.

That Fall I received a request from Chad to assist him in determining land ownership in the Boulder Valley where he had been confronted by a local rancher who had accused him of trespassing. The rancher apparently had a strong prejudice against anyone who worked for a public agency, including game wardens and Forest Service employees. Chad, who was new to the area, told the rancher he was checking on bow hunters on what he thought was state land. The rancher told Chad "You don't really know where you are, do you son?" Chad said he wasn't sure but he would find out!

I agreed to meet Chad at the Whitehall truck stop the next day. After meeting Chad at the truck stop we proceeded to the local Forest Service office where I obtained a USGS topographic map that covered Chad's area of concern. We drove to the area where Chad had been accosted. The tops of the fence posts on either side of the gate which provided entry into the area were painted orange, which is how a private land owner in Montana can signal a "No Trespassing" warning. This is regarded to be a private land owner's legal way to show that the area behind the orange fence posts is private land and closed to public entry.

We drove into the area and stopped where Chad had been challenged. Using the coordinates from my GPS receiver, I plotted our location on the topographic map, and I informed Chad that the point where we were standing was one hundred yards inside of the state lands boundary line.

Chad later informed me that the rancher did indeed have a permit to graze on that portion of state land. However, the rancher did not have the authority to mark that area as if it was his own private land, nor was he allowed to mark the area in a manner that would falsely prohibit public entry through that gate. The state fined the rancher \$100 for violating the terms of his grazing permit and put him on probation. He was also ordered to remove or paint over the orange paint on the gate posts.

Dillon Middle School News October 16-20

The lunch menu for the week is as follows: today, Monday, we will enjoy Swedish meatballs served with rice and a dinner roll. On Tuesday, breakfast for lunch will be served with scrambled eggs, hash browns and fruit. On Wednesday, we will have local beef hamburgers served with trimmings.

This week, we have parent teacher conferences. They are Monday and Tuesday from 4-7 PM. Parents, please take this opportunity to meet with each of your child's teachers. You do not need to make an appointment with your child's teacher. Please just show up. There are chairs outside each teacher's door in case there is a line.

Monday and Tuesday, we will be following our Friday schedule. This means that school is finished for the day at 2:40 PM. Buses will leave by 2:45. Parents, please plan accordingly. Also, there will be no school on Thursday and Friday, October 19 and 20. School will resume on Monday, October 23rd.

On the week of October 23-27, we will participate in Red Ribbon week. This is a week where our students commit to remain free from drugs, alcohol, tobacco, vaping and bullying. Student council has a lot of fun dress up days planned as well as some great competitions. This year's theme is "Be Kind to Your Mind." We will spend the week reinforcing ways we can make positive choices and "Be Kind to Our Minds" for a day, a week, a month, a year, and a lifetime.

Last week, volleyball and football finished up. We have a few results from the final week. In volleyball, the teams played Anaconda at home. Football traveled to Anaconda where the 7th grade played Butte Central and the 8th grade played Anaconda. Neither team could pull off a win, but 8th grade went into overtime. All the players are improving.

In Volleyball, all teams pulled off a win against Anaconda. Players played hard and had a lot of fun. We will report next week on the last games for football and volleyball. Boys' basketball will be starting soon. Players make sure all your paperwork is in the office.

Finishing of the season with a tough course in Boulder, MT, the cross country team placed third overall. Individual results are as follows: For 7th grade girls...Estraya Eddie, third; Emma Filer, eighth; Kestrel Aiken, tenth. For 8th grade: Juliet Baker finished third for girls, and Rogan Madison finished sixth followed by Eli Freeman in tenth. Great job, cross country runners on a great season.
