Annaliese Michelle Christina

Annaliese Michelle Christina, 17, of Missoula, passed away suddenly on Tuesday, October 24, 2023.

Annaliese was born July 7, 2006 in Missoula, Montana to Chandra Dawson and Michael Christina. Growing up in the beautiful Missoula area, she had the opportunity to create unforgettable, everlasting friendships. While reserved at first, Annaliese effortlessly sparked genuine connections with anybody. She loved and cared sincerely about everyone in her circle - even showing natural caretaking abilities. While in school around different parts of Missoula County she forged bonds with others through track, volleyball, and basketball.

While Annaliese's time with us was cut far too short, her powerful impact on others is timeless. Anyone that was lucky enough to know her knows the strength she carried in her little frame. Fierce when she needed to be and incredibly loyal, she stuck up for people and did anything possible to give them the love and support they needed.

Annaliese enjoyed shopping, spending quality time with her friends, hiking, and trips to the lake, river, beach, or anything with water. She had an eye for beauty, and enjoyed creative writing and drawing. She loved doing anything with her boyfriend, Tony Martinez. She loved him deeply and had made many plans for their future, including saving for their first apartment. She was excited about starting college and experiencing the adventures of adult life. Undoubtedly, with her passion and love she would've excelled on any path she chose.

Survivors include: her mother, Chandra (Ray) Dawson, Missoula; father Michael (Andrea) Christina, CA; brothers Dusty and Brock Dawson; sisters Isabelle Christina, Naomi Christina and Olivia Christina; grandparents Joe and Becki Casey of Dillon; Henry and Lana Bisson of KY; Wally and Cindy Christina of Lebanon OR; Bob Longacre of ID; Peggy Longacre of OR; great grandmother Bonnie Smith of Ronan; numerous great aunts and uncles, aunts and uncles and cousins. Also, her "other" mom Kristina McDonald (Josh) and "other" sister and brother Aaliyah and Torin, Lolo. She is preceded in death by her great grandfather Harold Smith of Ronan.

Services and reception to follow were held Thursday, November 2, 2023 at 1 p.m. at Garden City Funeral Home in Missoula, Montana.

Montana's Motor Vehicle Division unveils new driver services system and online services

The Montana Motor Vehicle Division (MVD) is preparing to launch a new driver services system on Monday, November 13. The new system will increase the number of services that can be completed online, decrease overall appointment times, and improve the wait times for appointments, getting drivers back on the road quicker. In addition to the upcoming Veterans Day holiday and to aid in the transition, all MVD exam stations will be closed Thursday, November 9 and remote stations will be closed Monday, November 13 through Friday, November 17 (find a full list below).

The new Credentialing and Registration System (CARS) is part of a multi-phase, multi-year effort to improve customer service and efficiency for Montanans at MVD exam stations across the state. The system will cut the average transaction time from 27 minutes to just ten, more than doubling the number of customers offices can serve each day. As a result, within two months of the launch date, MVD anticipates the time customers must wait for an appointment to decrease from nearly three months to two weeks or less.

"The launch of CARS is a significant milestone in our ongoing efforts to enhance efficiency and improve services for Montanans. This innovative system represents a leap forward in customer service, streamlining transactions and reducing wait times, ultimately getting drivers back on the road quicker," MVD Administrator Laurie Bakri said. "With CARS, we are not just upgrading technology; we are revolutionizing the way Montana Motor Vehicle Division does business as we make Montanans' experience with MVD more convenient and user-friendly than ever before."

The new system will make it easy for Montanans to complete a wide array of tasks without leaving the comfort of their home. Whether it's checking the status of a driving record, renewing a driver license, or uploading documents for a commercial driver license, the new system will guide customers through the process step-by-step. Most of the processes that will still require an in-person appointment can be started at home – saving residents time spent at the MVD.

MVD locations around the state will also look different. Each workstation will be equipped with everything necessary to complete customer transactions from beginning to end – no more going from post-to-post to for pictures and vision testing. Paper forms will be replaced by Clover point-of-sale devices that can gather voter

information, organ donation status, and other information. Customers will be able to sign their documents and pay for their transaction on the same device.

To make way for CARS, the following remote MVD exam stations will be closed Monday, November 13 through Friday, November 17: Baker, Big Timber, Broadus, Chester, Choteau, Circle, Colstrip, Columbus, Conrad, Deer Lodge, Dillon, Forsyth, Fort Benton, Hardin, Harlowton, Lewistown, Livingston, Malta, Philipsburg, Plentywood, Red Lodge, Roundup, Scobey, Shelby, Superior, Thompson Falls, Townsend, Virginia City, and White Sulphur Springs. Customers may experience limited availability of walk-in appointments the week prior to and the week following the technology roll-out.

For up-to-date information on office hours and appointment availability, customers can go to the online appointment scheduler at <https://cars.dojmt.gov/app>.

The CARS platform is a software solution created in partnership with Fast Enterprises, which has successfully implemented motor vehicle licensing and registrations in 18 other states, following a competitive bid process that MVD began in 2021. Work on CARS officially began in July 2022.

Phase one of the project, online appointment scheduling, was implemented in October 2022. This portion of the project included appointment scheduling to fit each customer's need, automated appointment reminders, and online check-in. More than 4,000 appointments were scheduled within the first week of launching the new system. MVD customer service reported a 30 percent reduction in calls, and the average no-show rate went from 30 percent to less than 10 percent, creating more appointment availability for Montanans.

The third phase of CARS, which launches in March 2025, will overhaul the title and registration process, improving functionality for law enforcement, car dealerships, insurance companies, and simplifying county operations.

Sweeney Ties Career High in 102-66 Beat Down of Blue Hawks

The RV Bulldog women's basketball team downed the Dickinson State Blue Hawks (0-2) this evening by a score of 102-66. The Bulldogs now advance to 3-0 on the season.

Jordan Sweeney tied her career high of 31 points after she racked up a whopping 20 points in the first half alone.

"We had a great turnaround game after last night's shooting performance. Shot a lot better and we played some good team ball," Head Coach Britt Cooper said.

How It Happened: Montana Western came out firing on all cylinders, racking up a quick 26-11 lead in the first quarter after Sweeney totaled an impressive 14 points. Payton Hagy capped the quarter with a three from deep behind the arc, marking the final tally for the quarter at 29-12.

Shainy Mack and Joelnell Momberg combined for a pair of threes in the Bulldogs race to 41-14 in the second frame.

UMW would go on to shoot 14 of 20 in the quarter for a team percentage of 70 percent and season high 34 points in the quarter.

Dickinson State outscored UMW in the third quarter 18-15, their lone quarter scoring advantage of the night.

The Bulldogs broke the 100-point threshold following a free throw from Keke Davis with 1:55 left in the game. Davis would add another two points to the board before the Bulldogs finished the game out 102-66.

Notables

- Montana Western surpassed the 100-point margin in a game for the first time since the 2019-20 season when the Bulldogs downed Yellowstone Christian College 117-35.
- Sweeney tied her career high of 31 points after she racked up a whopping 20 points in the first half alone. She also added seven assists, five steals, and four rebounds.
- Mack was two points shy from hitting her career-high mark. She put up 21 points while adding three assists and three steals.
- Maddy Moy brought in seven rebounds and put up 14 points.
- Davis added 12 points and four rebounds.

Up Next: The Bulldogs will take a week off from action and will get back in motion next Friday Nov. 10 against the No. 11 ranked Lewis-Clark State Warriors. Tip-off is set for 6:30 pm.

Tired of Planning Your Life Around Your Period?

Gain Control of Your Life with New Treatment Option at Barrett Hospital & HealthCare

Unfortunately, 1 in 5 women suffer from heavy periods, including excessive blood loss and severe cramping, which can mean missing social activities, work, exercise, and more.

Regain control of your life and achieve pain relief with Cerene® cooling technology (cryotherapy). With Cerene® cryotherapy, the lining of the uterus (the endometrium) is removed, alleviating discomfort and minimizing bleeding.

Cryotherapy provides natural, pain-relieving effects during treatment, so no general anesthesia is required. This simple procedure can be performed in the comfort of our clinic setting.

Cryotherapy is designed for premenopausal women finished with childbearing and experiencing heavy menstrual bleeding (due to benign causes).

WITH CERENE® CRYOTHERAPY:

- Achieve period pain relief and reduced bleeding. 90% of women had normal, light, or non-existent periods afterward.
- Receive the treatment in our convenient clinic setting.
- Get back to your life! 9 out of 10 women return to daily activities within 24 hours.

Dr. Lifson attended medical school and completed his residency in OB/GYN at the University of Maryland in Baltimore. Prior to coming to Dillon, Dr. Lifson was in private practice in Baltimore and trained John Hopkins residents. He has been board-certified for 30 years and has been with Barrett Hospital & HealthCare since 2007.
