Montana Western Appoints Tia Brown as Vice Chancellor for Administration and Finance

The University of Montana Western is pleased to announce the hiring of Tia Brown as Vice Chancellor for Administration and Finance.

"We are excited to welcome Tia to the University of Montana Western as she begins her new role," said UMW Chancellor Michael Reid. "Due to her extensive experience in higher education and accreditation and having served as both a faculty member and as a budget and operations manager, her knowledge and experience will be a great asset for Montana Western."

Originally from Shawnee, Kansas, Brown earned a B.S. in Psychology with a minor in business in 1992 from Northwest Missouri State University and a Master of Business Administration degree from Southeastern Oklahoma State University in 2000.

Brown is currently serving at Montana State University as Assistant Dean of Academic Affairs and Assurance of Learning in the Jake Jabs College of Business and Entrepreneurship, a role she has held since 2019. She is also currently serving as Director of the Community Banking Program and was the College's Director of Operations from 2015-19. Prior to her work at MSU, Brown served in several roles at Helena College from 2012-15 including Instructor of Accounting and Business, Dual Credit Coordinator, and Division Chair of General Education and Transfer. From 2010-11 at Eastern Oklahoma State College, she served as Chair of the Division of Business.

"I am equally honored and thrilled to be joining Montana Western as the new Vice Chancellor for Administration and Finance. Dillon has long been one of the most visited and enjoyed locations in Montana for my husband and me. The opportunity to be a part of the leadership team guiding Montana Western into the future is truly a dream come true. I'm going to give everything I've got in helping the university continue to be a wonderful place for our students and community," said Brown. "When I'm not working, you may see me trail running with my yellow lab, Ocho, or guiding my kayak or paddleboard around the reservoir."

Brown will begin her new position at the University of Montana Western on February 5, 2024.

Public to Comment on Recreation Fees

The Bureau of Land Management Dillon Field Office is proposing to increase and begin collection of fees at BLM recreation sites along the Madison River.

Costs for general maintenance and daily operations of these sites is increasing annually. In addition, there has been a sharp increase in recreation use of these sites over the past five years. Revisions to fees will allow the BLM to plan for adequate staffing, adding flexibility for resource management and enhanced land-use planning activities.

The full business plan with these fee proposals can be found at <https://eplanning.blm.gov/eplanning-ui/project/2030198/510>.

Public comments on the fee proposals may be mailed to:

Attention: Madison River Recreation Fee Program
Dillon Field Office, 1005 Selway Drive, Dillon, MT 50725

Or, emailed to (with a subject line of "Madison River Recreation Fee Program"): BLM_MT_Dillon_FO@blm.gov. Comments are due by January 5, 2024. This fee proposal will be considered by the Western Montana Resource Advisory Council at their January 11, 2024, meeting in Missoula. The Madison River proposal is the second of three fee proposals that the Western Montana District of the BLM plans to bring to the Resource Advisory Council. The other two are increases for the Butte Field Office, and fee increases for Garnet Ghost Town.

Attorney General Knudsen files lawsuit

Montana Attorney General Austin Knudsen announced the State is suing Meta, the parent company of Facebook and Instagram, in federal court alleging that the company's misrepresentations of content available on Instagram violate Montana's consumer protection laws and that its data collection practices violate the federal law. The lawsuit also alleges that Instagram was intentionally designed to be addictive, particularly to minors, and that this addiction harms Montana minors by substantially affecting their mental health.

The lawsuit, filed in the U.S. District Court for the District of Montana, seeks a preliminary and a permanent injunction to compel Instagram to cease its deceptive and unfair statements about the frequency and severity of drug and alcohol content, sexual content, nudity, mature/suggestive themes, and profanity on the Instagram platform; its inaccurate age-ratings in the App Store and other online marketplaces, and its deceptive public assurances in the Instagram Community Guidelines and elsewhere.

Muzzleloader Heritage Season opens Saturday

Muzzleloader heritage season opens on Saturday, Dec. 9, and runs through Dec. 17. This season is for heritage muzzleloaders only; no other means of taking game, such as archery, is allowed. Note that some areas have elk shoulder seasons through Feb. 15, where firearms and archery equipment may be allowed.

Hunters should also note that many of Montana's Block Management Areas (BMAs), even though they are open for upland bird or waterfowl through Jan. 1, are not allowing the harvest of deer or elk during the muzzleloader heritage season. Make sure to check BMA rules before you hunt.

The nine-day season muzzleloader heritage hunting season was established when House Bill 242 was signed into law by Gov. Greg Gianforte in 2021.

Keep vigilant with grizzly bear awareness

Bears are still active in certain areas. All bears are potentially dangerous. Hunters should be prepared to encounter a bear.

For more information on hunting in Montana, visit fwp.mt.gov/hunt.

Hunting for male mountain lions to close in Lion Management Unit 130

North Wildcat Coulee approved by the Montana Land Board

The Montana Land Board approved the purchase of 328 acres along the Lower Yellowstone River on Monday. The decision boosts public access and protects important riparian habitat.

The North Wildcat Coulee project was brought to the Land Board by Montana Fish, Wildlife & Parks and was a high priority for the citizen led Lower Yellowstone River Corridor Advisory Committee (LYRC).

The project is located east of Forsyth and will create the North Wildcat Coulee Wildlife Management Area. The land is home to deer, turkey, waterfowl, and upland birds. The site is primitive in nature and will continue to be managed for walk-in and floating access.

The purchase is expected to close before the end of the year and FWP staff will work to develop public access to the land to be ready later in the spring of 2024.

"The Lower Yellowstone is a treasure for Montanans everywhere," said FWP Director Dustin Temple. "North Wildcat Coulee is a critical piece of wildlife habitat and will provide amazing access to this area for generations to come."

Terminus Distilling Company Updates

Katrina & Derek Lewis

Building ~ Our architect, David Gray, is carefully designing our manufacturing space. He has taken the cut sheets (the technical specifications) for our equipment and modeled them to scale on our floorplan. Having the correct dimensions helps us consider different arrangements for workflow. David will come down for a site visit - we'll have updates in our newsletter.

Business ~ We've been working through options for our point-of-sale system. We'll want to sell our spirits and merchandise both in-person and through our website. To effectively synchronize sales and inventory, we need a simple platform that is easy for customers and for us. We're thankful for the help of Jenny and Brett at Beaverhead Brewing for their advice on the system they use.
