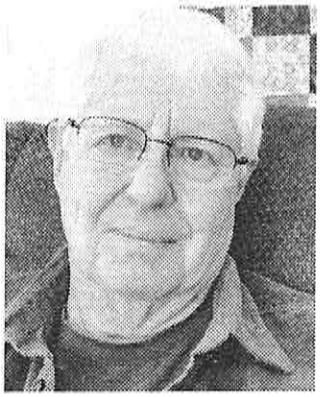
Robert "Bob" Walter

May 1, 1949 - February 4, 2024

With profound sadness, we announce the passing of Robert "Bob" Walter, a cherished husband, father, grandfather, great-grandfather, brother, and friend. He passed away peacefully on February 4, 2024, surrounded by family at the Ruby Valley Hospital in Sheridan.



Bob was born to William and Irene Starysky Walter in Sheridan, Montana, where he later became a community pillar through his service and dedication to the family business. Bob's grandparents Charles and Eleanor LeGris Walter, and then parents owned and operated the family store, Charles Walter Incorporated, currently named Walter's Family Foods and Ace Hardware, a family legacy since 1889. Bob learned the family business, working as a "box boy," butcher, bookkeeper, and co-owner of the family business.

Bob's life was one of service, adventure, and love. After graduating from Sheridan High School in 1967, he joined the Navy the following year. He served his country as a sonar technician during the Vietnam War on a wooden hull minesweeper in the rivers of Vietnam, assisting the South Vietnamese Navy.

Bob's heart found its match twice; first with Kathy Schwinck, with whom he welcomed his son Trevor, and later with Linda Pearson, alongside whom he embraced her children, Angie and Dale, as his own.

Bob's zest for life was evident in the breadth of his hobbies. It mirrored the diversity of his vibrant personality. He was an intrepid geocacher, an avid collector of sand and rocks, and a skillful fly fisherman. He enjoyed birding, metal detecting, and panning for gold in the hills and valleys from Arizona to California and Montana to Alaska. He also spent many hours tinkering with his son Dale on the old store truck, a 1949 Ford named "Old Yeller."

The skies were a second home to Bob as he piloted his Cessna 172 and later a Cessna 210, traversing the heavens with the same enthusiasm he brought to all his pursuits.

His adventurous spirit was not just confined to the air; it led him on many travels that included navigating the challenging Alaska Highway and immersing himself in the rich culture of Hong Kong while visiting his daughter Angie, tour guide extraordinaire.

Bob's quest for adventure was unquenchable, touching everyone he knew. Whether exploring the ocean's depths through scuba diving, carving through the snow on skis, venturing into the unknown in spelunking expeditions, or gazing up at the stars, he was always looking for his next

escapade. His life served as a testament to the joys of exploration and discovery—both the physical and intellectual realms. Though Bob will be deeply missed, the legacy of his adventurous spirit will continue to inspire and influence all who had the pleasure of knowing him.

A man of many talents, Bob's craftsmanship shone brightly as he built a home on Mill Creek, turning it into a sanctuary for himself and his beloved Linda. He was a man who loved learning and was always on the cusp of technology, eagerly sharing his knowledge with family and friends.

Bob's culinary adventures, particularly his love for vanilla ice cream, became a sweet nightly ritual shared with Linda. But his kids didn't get off so easily; they endured such experiments as peanut butter soup and vegan molasses balls.

Bob leaves a legacy of humor, intellect, generosity, and kindness. He will be lovingly remembered by his wife Linda; his brothers Tom Walter (Marilyn) and Ed Walter; his children Angie Hatfield (Mark), Dale Pearson, and Trevor Walter (Kerry); and his grandchildren Ashley (Brad), Garrett, Robert, Sam (Danielle), Ceranda; and his great-grandchildren McKenzie and Ruby, with one more on the way.

A service to honor Bob's life will be held at the Sheridan Funeral Home on Thursday February 15th at 1:00 PM, followed by graveside services with military honors at the Sheridan Cemetery. A luncheon will be provided at the Sheridan Senior Center after the graveside service.

In lieu of flowers, donations should be made in Bob's memory to the Sheridan Food Bank, Sheridan Senior Center, or the Sheridan American Legion Anderson Simpson Post 89.

Letter to the Editor
Healthy Skepticism

As a fourth generation rancher, I am against the proposed US Fish and Wildlife Services Missouri Headwaters Conservation Area. The plan includes enrolling 2,050,420 acres of private land and 3,742,220 acres of government controlled land, but affects every citizen. The FWS states that money from the Federal Land and Water Conservation Fund, from federal offshore oil and gas leases, would be used to purchase easements from private property owners and not Tax Payer's dollars. My rose colored glasses fog up on that one every time I go to the gas pump or pay the utility bill!

This should not pit one rancher against another. We should all have the same goal. Thrive on our ranches doing what we love and CONSERVE our way of life for generations to come. I'm not against Conservation Easements. I am opposed to the Federal FWS encompassing a huge area in their proposal without transparency of some underlying factors. Every property owner can choose whether they want to place land into a conservation easement and there is no denying the upfront financial benefits to a struggling ranch and the desire to keep property in the family. However, I urge anyone considering it to enter with caution because of the very real possibility of a transfer/takeover by an NAC or similar entity in the future. Research "assignability clauses" to protect what might happen in the future. Educate yourself on the 30X30 Initiative, Natural Asset Companies, Carbon Sequestration.

It should also alarm every BLM lease holder that our current administration is succeeding in the process of implementing a new Public Lands Rule effecting 245 million acres. It's a radical departure from the Multiple Use Mandate that congress outlined for the BLM in the Federal Land Policy and Management Act of 1976 (FLPMA). These rules covertly can greatly reduce mining, logging and maybe eventually grazing without any oversight, action or approval from congress to protect the citizen's rights on the land that we all "own" as the public. If these lands are swept into conservation areas they are susceptible to takeover and management by third party NGO's , Natural Asset Companies or similar entities that profit off of the natural assets. It's a grand scheme to benefit a chosen few and the global plan to capture private property rights from Americans is far from over.

Secretary Christi Jacobsen: 'More than 5,200 new business registrations in January 2024'

Montana Secretary of State Christi Jacobsen says more than 5,200 new business registrations were filed with the Secretary of State's Office in January 2024, according to the Montana Business Economic Report.

For comparison, roughly 5,100 new business registrations were filed in January last year.

"We were proud to announce Montana had another record year of new business registration in 2023," Secretary Jacobsen said, "and we're beginning 2024 with more Montanans creating their businesses. Our office is honored to serve them as they begin their journey."

Last month, Secretary Jacobsen joined Governor Greg Gianforte in announcing Montana's record new business growth – more than 59,000 businesses were registered in Montana in 2023, surpassing the previous record by nearly 6,000 businesses.

Montana has had record new business registration each year since Secretary Jacobsen took office. In 2021, roughly 50,000 new businesses registered, while more than 53,000 registered with the Secretary of State's Office in 2022.

Under the leadership of Secretary Jacobsen, the Secretary of State's Office has increased efficiencies, including through the online business filing system, which reduces review and processing time by the SOS staff. Businesses now enjoy 24/7 access to their registrations, filings, and documents.

As a result, Secretary Jacobsen cut registration fees in half for new Montana businesses, eliminated several other fees, and waived the 2024 Annual Report filing fee for all businesses that file by the April 15th deadline.

"We're proud to partner with Montana's business community to make their jobs easier," said Secretary Jacobsen. "Thank you for doing business in Montana."

Last year, Secretary Jacobsen was honored by the Mountain States Policy Center (MSPC) for making it easier to do business in Montana. Secretary Jacobsen received the organization's "Elevation Award" which is the highest honor of the MSPC.

Two Bulldogs Earn USTFCCCA All-Academic Honors

The Men's and Women's Scholar Athlete of the Year and All-Academic Athletes for the 2023 NAIA Cross Country season were announced on Thursday by the U.S. Track & Field and Cross Country Coaches Association (USTFCCCA). In order to qualify for All-Academic distinction, student athletes must have a cumulative GPA of at least 3.25 on a 4.0 scale and qualify for the national championship meet.

Both Olivia Heiner and Brant Heiner were named to the NAIA list. This is their first selection to the USTFCCCA All-Academic teams.

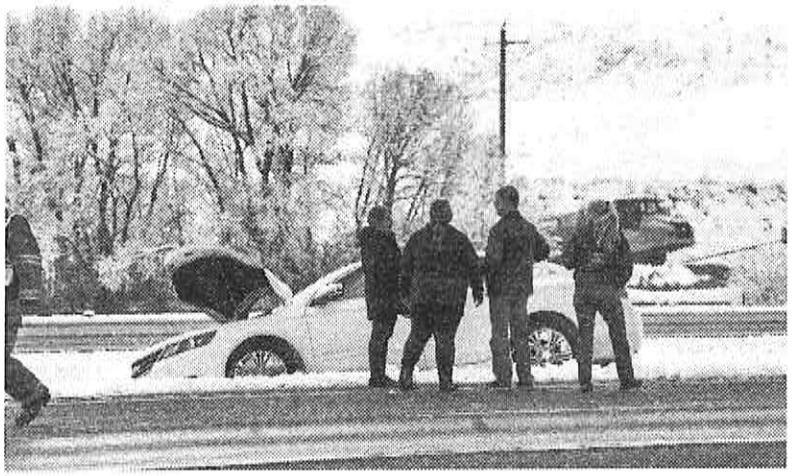
Snowy Conditions Keep First Responders Busy Wednesday Morning

Jeremy Crawford, Southwestern Montana News

Winter has finally arrived and with it so have the complications of snowy roads. Wednesday morning Southwestern Montana woke to 6 inches of snow on top of a frozen layer of ice from the melting snow the day before.

I-15 south of Dillon saw a few slide offs in the morning. The first reported slide off was near Clark Canyon Dam on I-15 North mile marker 40. This was around 9:30 in the morning.

Around 10:30 A.M. another slide off was reported on I-15 mile marker 57 in the southbound lane. A white Chevy Impala lost control and ended up in the median with the airbags deployed. The passenger and driver of the vehicle were out on scene talking with first responders.



Free Play Date in The Village Playspace!

The Early Childhood Coalition is celebrating Valentine's day in the Village Playspace! We will be making valentines for loved ones and seniors. All supplies will be provided and each child will leave with a Valentine for them from the Early Childhood Coalition.
