INES LOUISE WHEEKLY

Ines Wheekly, beloved wife, mother and avid conversationist, passed away peacefully at the age of 90 on February 22nd, 2024.

Born in Corsica South Dakota, Ines brought warmth and joy to everyone she met. With an infectious love for chatting on the phone, she connected deeply with friends and family near and far.

Ines leaves behind a legacy of love and laughter, cherished by her four children, Floyd (Missy, Travis, Teryn & Jessica) Eldon (Gayle), Janice (Jim, Matt, Elizabeth, Jason & Chrissy) and her youngest son Ivan. She was a devoted partner to her husband Joe Wheekly, with who she shared countless memories, until his passing in 2014.

Ines will be remembered for her kind heart, unwavering positivity, and the countless lives she touched through her genuine connection. She will be deeply missed by all who had the privilege of knowing her.

A celebration of life for Ines will be held in the Spring. In lieu of flowers, the family requests donations be made to The Beaverhead Animal Shelter in her memory. May her spirit live on in the hearts of those who loved her.

2024 Migratory Bird Stamp unveiled in ceremony at Capitol

Stamp to help raise awareness for wetlands conservation

Gov. Greg Gianforte unveiled the winner of the 2024 Migratory Bird Stamp art contest at the Capitol Rotunda in a small ceremony Monday. The winning work will be on display for a week at the Capitol and then at Montana Fish, Wildlife & Parks' headquarters in Helena.

The winning artwork is by Florida artist John Nelson Harris. His painting of a northern pintail duck was selected from among more than 70 submissions from artists around the United States. Harris is the designer of more than a dozen conservation prints and stamps, including duck stamps for California, Oklahoma and Washington.

FWP launched the art contest this year to help raise additional awareness and appreciation for wetlands conservation and the benefits of intact wetlands to people and wildlife. Artists were invited to submit their work from Nov. 1 through Dec. 31. The Wetlands Protection Advisory Council selected the winner in January.

"Wetland restoration and conservation is a key part of the work we do at FWP," said FWP Director Dustin Temple. "Intact wetlands benefit fish and wildlife, as well as landowners and communities."

Wetlands are critical for many wildlife and aquatic species, as well providing critical ecosystem functions like flood control, groundwater recharge and water purification. FWP's Migratory Bird Wetland Program helps landowners and other conservation partners develop and fund projects that protect, conserve, enhance or create high-quality wetland habitat.

The 2024 Migratory Bird Stamp will not be required to hunt migratory birds in Montana. But those who purchase a migratory bird license will receive a free collectable sticker showing the winning artwork, information about the Migratory Bird Wetland Program and information about how to make additional contributions.

For winning the 2024 Migratory Bird Stamp contest, Nelson receives a $2,000 prize paid for by contributions from the Montana Outdoor Legacy Foundation, Montana Backcountry Hunters and Anglers, and Montana Audubon.

"We're grateful for partners like these who step forward in support of conservation," Temple said.

Attorney General Knudsen demands answers from Google regarding woke AI system

Montana Attorney General Austin Knudsen is demanding answers from Google executives regarding the company's artificial intelligence (AI) system "Gemini" as the system may violate Montana law by providing inaccurate information to users to fall in line with the tech giant's political preferences without disclosing that fact to consumers.

In a letter sent Wednesday to Google's chief executive officer and chief legal officer, Attorney General Knudsen outlines his concerns with Gemini's design and goals which appear to deliberately provide inaccurate information that furthers Google's political agenda, while presenting that the goal of the system is to provide "high-quality and accurate" information to users.

As it appears to provide inaccurate information in order to align with the company's political bias and may discriminate based on race or other protected characteristics, the AI system may violate the Montana Unfair Trade Practices and Consumer Protection Act (UTPCPA) and the Montana Human Rights Act (MHRA) which the attorney general is responsible for enforcing. Attorney General Knudsen asks Google to respond to his 15 questions regarding the program's alleged biases by March 29.

"Google has offered Gemini to consumers in Montana and has represented that its goal is to create an AI system that provides 'high-quality and accurate' information. But behind the scenes, Google appears to have deliberately intended to provide inaccurate information, when those inaccuracies fit with Google's political preferences. This fact was not disclosed to consumers," Attorney General

Knudsen wrote. "These representations and omissions may implicate the UTPCPA. Furthermore, if Google directed employees to build an AI system that discriminates based on race or other protected characteristics, that could implicate civil rights laws, including constituting a hostile work environment."

According to news reports, Gemini has created inaccurate responses depicting the Founding Fathers, U.S. Senators in the 1800s, and famous physicists from the 1600s as other races and genders than they were. The system has also refused to create pictures of white families but created pictures of families of any other race; refused to answer whether Hamas was a terrorist organization but provided unambiguous answers about Israeli violence against Palestinians; and refused to provide information about the Tiananmen Square Massacre.

Given the reports, Google's statement that its goal is to provide "high-quality and accurate information" could constitute a deceptive statement under Montana's UTPCPA.

It also appears that Google has incorporated the Biden administration's efforts to politicize AI governance into the Gemini system. The White House's "Blueprint for an AI Bill of Rights" stated that developers should "conduct proactive equity assessments" for specific groups including "Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; women, girls, and non-binary people; lesbian, gay, bisexual, transgender, queer, and intersex (LGBTQI+) persons; older adults; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality," omitting groups such as Jews, Whites, men, boys, and heterosexuals. Outputs by the program are also consistent with pressure from the Chinese government or its affiliates.

Veteran's Corner

Update #244

By Mike Lawson

Greeting to those of you who read my SW MT Veteran update articles. Our mild weather has been enjoyed by most of us and has enabled outside construction projects to get ahead of schedule in many locations. The Wednesday that this weekly comes out, the prediction is for snow which we're in dire need of. Butte has been the location of a couple of Basketball Tournaments this month and what a boost for the economy. I think it was a great experience for these high school kids, coachs, and families. I'm always proud to steer folks to some of our great eating establishments. Throughout the year some exciting and interesting events take place that bring many visitors to our historic city. Our uptown with many of the buildings, having been built in the late 1800s and early 1900s, are on the National Historic Register. Many out-of-state visitors as well as out-of -town Montana visitors love going to the uptown events and seeing these historic buildings. The next big event will be St Patrick's Day on March 17th with a parade, restaurants serving corn beef & cabbage, barney stones, green beer, Bag Pipers and the list goes on. It's such a big and famous event that folks from all over the country (especially those having Irish blood), make it a special pilgrimage to experience this special day in Butte, Mt.. The population at least doubles and these visitors spend a lot of money enjoying themselves. Our merchants gain a significant amount of their yearly income on this day and also the Folk Festival, which is in July of every year. I'll report on the Folk Festival in a future column, as it's another great and exciting Butte summer event.

Veteran News Updates:

Our Toys For Tots Butte Campaign continues to be a success. We are now helping "Foster Kids" throughout the year. Many of these kids leave their home environments with little more than the clothes on their backs. Our Campaign has networked with Family Services and Action Ink who handle these kids. TFT's recently provided duffle bags/blankets/ and a gift for 37 of these kids. It always is a privilege to help those in need. Our Butte TFT Campaign covers Butte/Dillon/ Ruby Valley/ Whitehall/Cardwell/Harrison/Pony. Being the Coordinator and on behalf on all the volunteers who make this program such a success, I can't express thanks enough to all of

you who've donated toys and money to make this program such a success. It's all about helping the kids who were and are in need.

A number of veterans, independent of any veteran organizations they may have been members of, met with the two candidates running for Western Montana's Congressional House seat. We met with Ryan Zinke and Monica Tranel on separate occasions and it was limited to Veteran's issues and concerns. Both candidates were respectful and answered questions as well as asked questions of us. I think we appreciated each of them and it was nice to not see any negative comments from any of the veterans there and to see the respect we had for each other and for both candidates.

The USS Montana Submarine crew will be in Butte on March 13, with a meet and greet session at the American Legion Hall, in Butte, from 5:30 pm to 7:30 pm. The address is 3201 Wynne Ave.. This should be exciting as they'll answer questions on what the latest news is, concerning them. If you have questions please call Roger at 406-491-6563.

A bit of a human interest story; Our Detachment #724, SW MT Marine Corp League was established in 1990 by WWII Marine Veteran Bob Brooks, who was on Iwo Jima along with my Dad. He has passed on but our Detachment is still in place with now owning our own building. A few years ago someone in Great Falls found an old Charter in a pawn shop for a Butte Marine Corps League that was formed after WWII. We don't know when that MCL was dissolved. We now have this Charter in our Museum case. Last week I was given a MCL Garrison Cover in a cloth bag from that original Detachment. It was donated by the daughter of WWII Marine Tom Brophy. If has a different style than what we have now. The Eagle Globe and Anchor emblem is smaller with less detail than ours of today.. Hopefully I can talk with the daughter and find out more.

I'll bring this to a close and wish you all a great week. Until next time, take care.
