From the Grand Ole Opry to Carnegie Hall: UMW Student Brigid Reedy Shares her Talents Across the Country

Brigid Reedy, a Montana Western student and talented singer, songwriter, and artist who has toured the country performing on some of the nation's biggest stages will now add to her impressive resume as she prepares to perform at Carnegie Hall in New York City on Friday, March 22, 2024 as part of the "Roll On, Cowboys with Andy Hedges & Friends" show presented by the National Ranching Heritage Center.

Reedy is a current fourth-year student at the University of Montana Western who is pursuing a BS in Natural Horsemanship (NH) and BA in English. Reedy grew up in the small ranching community of Waterloo, Montana (near Whitehall)

where her upbringing was rich in art, poetry, and equestrianism. Since a young age, she has had a passion for performing and has developed into one of the most renowned young voices in Western Americana music and poetry.

Some of her accolades include a profile in Western Horseman and a story in Alta Magazine. She has been featured on Andy Hedges the "Cowboy Crossroads" podcast and appears on Hedge's 2023 album "Roll on, Cowboys". This album has led to Reedy performing around the country on some of the biggest stages, including the iconic Grand Ole Opry in Nashville, Tennessee. Often referred to as the "most famous stage in country music," the Grand Ole Opry has hosted some of the genre's biggest stars including Patsy Cline, Hank Williams, Dolly Parton, Johnny Cash, Loretta Lynn, Willy Nelson, and Elvis Presley.

Now Reedy will have another opportunity to perform at one of America's most historic music venues, Carnegie Hall. Since it opened in 1891, Carnegie Hall has set the international standard for musical excellence as the aspirational destination for the world's finest artists. From Tchaikovsky, Dvořák, Mahler, and Bartók to George Gershwin, Billie Holiday, Benny Goodman, Judy Garland, and The Beatles, an honor roll of music-making artists representing the finest of every genre has filled Carnegie Hall throughout the years.

When asked if she was looking forward to her upcoming Carnegie Hall performance, Brigid humbly said, "I've been performing since I was two years old, and I've always treated every stage with the same amount of respect, excitement, and preparation whether I'm going to perform for four people or four thousand. I'm going to give them my best show and the best quality and I'm going to be constantly pushing myself to improve."

Beyond being a talented artist, Reedy excels as a student at Montana Western and is committed to her academics despite her busy schedule as a musician. As a double major, she has taken on heavy course loads including a semester where she was enrolled in 24 credit hours.

Reedy was approached by Iola "Olie" Else, Instructor of Equine Studies, who encouraged her to consider pursuing a degree in Natural Horsemanship in addition to an English major due to her background in agriculture and experience working with horses. Olie recognized the cultural significance of Reedy's career, affectionately referring to her two degrees combined as her "cowboy poetry degree."

As part of Reedy's NH degree, she had the opportunity to participate in a unique capstone course as a guest instructor at The Thacher School, a private co-educational boarding school in Ojai, California. Here, she honed her teaching skills under the guidance of The Thacher School teacher and Horse Department Director, Trinity Seely. She also gained valuable experience as a clinic assistant with Tammy Pate at Great Sand Dunes National Park, focusing on rider awareness and horsemanship training.

In Dillon, Reedy apprentices with local master saddle-maker, George Holt, where she spends time soaking up traditional leather-working skills and Holt's experiences of a life in the saddle. An extensive exhibit of her leatherwork was recently curated and on display at Montana Western's Fine Arts Gallery.

Reedy expresses gratitude for the many opportunities UMW has provided her. She emphasizes the unparalleled support and communication from professors that enable her to pursue an ambitious academic journey. Montana Western's unique block scheduling system allows Reedy to focus on one subject at a time, work ahead, and benefit from one-on-one time with professors because of the low student to faculty ratio. The flexibility of the block system has enabled her to balance her college life, family commitments, and professional career seamlessly.

"The type of experience Western has afforded me is unlike anything I could've imagined getting at any other university," said Reedy.

**PRESCRIBED BURN**

Beaverhead County is planning a prescribed burn of the wood debris pile located within the Beaverhead County Landfill. Beaverhead County has obtained a Landfill burn permit, #LF-306 from the Montana Department of Environmental Quality in order to conduct this burn.

One of the conditions of the permit is to notify all adjacent landowners. Another condition is to have adequate fire resources on the scene during the burn. The Beaverhead County Fire District #2 will provide the fire resources.

The burn is planned for some time during April 4th to April 11, 2024, weather permitting. If for some reason the burn cannot take place during this time, it will take place as soon as possible after that date.

If you have any questions or concerns, please call the number above or Nick Hoem at 406-925-1047.

Thank you!

Dillon BLM seeks public input

As the Bureau of Land Management's Dillon Field Office prepares to undertake an assessment of vegetation management on BLM-administered land, it's asking for the public's input on what to focus on.

The Programmatic Vegetation Management Environmental Assessment will address the health, function, and species composition of vegetation within the entire Dillon Field Office and primarily focus on restoration activities to promote healthy rangelands and riparian vegetation. It will also include activities to improve the health and resilience of aspen and curl-leaf mountain mahogany communities. Managing vegetation available to wildfire where fire may present a threat to human health, safety, and private property is another priority.

An interdisciplinary team of Dillon Field Office resource management specialists has been assigned to draft management alternatives to meet the purpose and need for action, which will then be analyzed in the environmental assessment.

The Dillon Field Office is providing a 30-day scoping period seeking input from the public to help formulate alternatives and define issues for the assessment. Comments should be submitted to the Dillon Field Office by April 22.

The environmental assessment is available online at ePlanning: <https://eplanning.blm.gov/eplanning-ui/project/2031752/510>.

To request a paper copy, write to 1005 Selway Drive, Dillon, MT, 59725, call the field office at (406) 683-8000, or email MT_Dillon_FO@blm.gov. Written comments or input should be sent to BLM's mailing address above or submitted electronically to MT_Dillon_FO@blm.gov.

BEWARE - BEWARE

By: MJ

Door-to-Door salesperson: A male person is going around Dillon offering to do repairs you may need done on your property. Police Chief Alvarez reported that a salesperson had knocked on his door offering repair services to the property. Chief Alvarez reported this occurrence at the council meeting March 20, 2024. Mary Jo O'Rourke reported the man had knocked on her door and she described him to be aggressive.

Problem: City of Dill requires a license for any door-to-door salesperson. The man did not have that license. When a license is obtained it allows the police to investigate as to the legitimacy of the company and salespersons.

A Reminder of the Past - by Bette Hull

A & W was founded by Melvin Swindell in 1958. It was sold to Max Nield in 1963. Max sold out to Marvin Miller in 1967

A car hop would come out to your car and take your order, then she would bring it out to your car. A & W had really good hamburgers and French fries, also fried chicken, along with their root beer, root beer floats and ice cream cones. They also sold their root beer by the gallon jug.

Picture taken by Bette Maine Hull after Big Sky Cinema was completed on October 7, 1973. Marvin Miller remodeled and added on to the building in the 1960's. We called our order in on an intercom, and the car hop brought it out. Marvin also added a dine in room, there was a juke box at each table.

Beaverhead Pickleball Association Court Progress

With the warmer weather upon us, work has resumed on the free, public pickleball courts being constructed by the Beaverhead Pickleball Association at the Chris Kraft Beaverhead County Park. Pictured below is a RE Miller and Sons truck bringing in gravel for the courts that are tucked in behind the bike camp. In all, RE Miller and Sons donated 105 yards of manufactured fines material that will not only be used around the courts, but to improve the United Way sponsored walking path from the parking lot to the courts. United Way funding also has helped with numerous other court features.

The Beaverhead Pickleball Association plans on having the courts ready for play by summer. The opening date is dependent on community funding support. If you would like to help finish this community project, donations can be made to Beaverhead Pickleball Association, PO Box 683, Dillon, MT 59725. The Association is a 501(c)3 organization and all donations are deductible under IRS rules.

FWP seeks public comment on EAs

Montana Fish, Wildlife & Parks is seeking public
comment on several draft environmental assessments (EA).
For more information, including how to submit comments,
click on the links provided or visit fwp.mt.gov/public-notice.

In our area:

Thunder River Ranch LLC Pond

This pond was an existing pond that did not initially
meet the State's requirements for issuing a private pond
license. However, work was completed to the pond in 2023
to resolve problems by installing a screened agri-drain outlet
and removing a 50-foot recirculating stream at the inlet. The
pond now meets all the criteria that is needed to become a
licensed private fish pond. The pond is in the Big Sheep Creek
drainage and located on the Thunder River Ranch 13 miles
west of Dell. The pond will create suitable wetland habitat for
waterfowl, fish, and the animals that prey on them.

Comments due March 22.
