Katrina & Derek Lewis

Building

Check out Derek's current open-concept office where he's been busy talking with the architect and civil engineer about bringing the floors down to street grade. The conversation is going well, but no official progress to report yet.

We do have patio plans though! We have to refinish some new-to-us picnic tables, then we'll put them on the loading dock on the Town Pump side of the building. We're going to purchase some gardening grow bags, fill them with dirt and hops rhizomes, and train the hops up twine and t-posts then across to eyebolts we'll attach to the building. Hopefully, this creates a living wall and ceiling of vibrant green hops plants, providing both shade and a striking visual feature for our outdoor space (plus, who knows what fun we might have with hops in cocktails?).

POP-UP CLINIC

Barrett Hospital and Health Care, in coordination with The Pink Tent of Bozeman, will be hosting a pop-up clinic in the Foundation Building on Thursday, April 11, 2024, from 9:00 to 11:00 and 12:00 to 5:00, for those patients wishing for a mastectomy bra and / or breast prosthetic fitting.

Beth Blythe, owner of the durable medical facility, The Pink Tent, will be visiting Barrett's to provide custom fittings, mastectomy bras, breast prosthetics, and compression garments. There will be a break in fittings so she may attend the 11:00 cancer support group meeting.

Please call Amy Wellborn at 406-683-3094, or Lesli Cottom at 406-683-3232 with questions, or to schedule.

TIB-FIB

By "Swede" Troedsson

In January, 1974, I was working as a volunteer ski patrolman on the Maverick Mountain Ski Area. The ski area is located about 34 miles due northwest of Dillon, Montana.

About mid-afternoon, I received a report of an injured skier on the Ridge Run ski trail. Arriving at the accident scene, I discovered that a skier had injured his right leg when he landed hard after launching himself off a temporary ski jump. His symptoms indicated he had badly fractured his right leg.

After carefully splinting the skier's leg, I loaded him onto a sled, and transported him to the bottom of the ski hill. Several ski patrolmen helped me load the skier into someone's private vehicle. Friends then transported the injured skier to the hospital in Dillon.

Following behind them in my own vehicle, I visited the injured skier at the hospital in Dillon. An x-ray revealed the skier had fractured his tibia (the large shin bone) and his fibula (the smaller adjacent leg bone). The attending physician referred the skier to Dr. Ron Losee, an orthopedic surgeon in Ennis, MT.

Then by ambulance, I transported the injured skier, and his x-ray to the Ennis Hospital. After viewing the x-ray, Dr. Losee complemented me on the care I had given the skier. He stated that, because the splint was so well applied, it had stabilized the fracture, and there would be no need for surgery.

Dr. Losee asked me to stay and help him to prepare the skier's leg for placing his leg in traction. Using a hand crank drill, Dr. Losee drilled a hole through the calcaneus (heel bone) so he could run a stiff wire through it to provide a point of attachment for the traction device.

The skier was laid up in traction up for many weeks to allow the bones to completely heal. But, thankfully, he never required surgery because of the properly applied splint!

Letter to the Editor

Dear Friends,

Lest we forget... The POW/MIA flag and the Missing Man Table of Honor are military traditions rooted in the days of the Vietnam War. These symbols recognize our military service members who were subjected to brutal and inhuman treatment by their enemy captors in violation of international codes and customs for the treatment of prisoners of war. Many prisoners of war died from such treatment. Many Americans are still missing and unaccounted for. They and their families deserve national recognition and support for continued priority effort to determine the fate of those missing Americans.

At the close of the Vietnam War in 1975, more than 2,500 American service members were Prisoners of War or Missing in Action in Southeast Asia. As of December 12, 2023, there remain 16 Montana military service members from the Vietnam War who are unaccounted for. Nationally, 1,244 are still unaccounted for from the Vietnam War, with 470 of those believed to be non-recoverable. From WWII on, the Department of Defense lists 81,600 American service members missing in action, with 75% of those missing in the Indo-Pacific Region, and 50% presumed lost at sea.

The POW/MIA flag was adopted by The National League of Families of American Prisoners and Missing in SE Asia in 1972. It was officially recognized by The U.S. Congress in 1990 in Public Law 101-355, and subsequently authorized in 2019 for display at Federal facilities on all days on which the U.S. Flag is displayed. The State of Montana Code 1-1-541 expanded the

symbolism of the POW/MIA flag in 2015. By Montana law, it must be displayed at the state capitol, state district courts, city or town halls, and county administrative buildings, to "symbolize Montana's concern and commitment to achieving the fullest possible accounting of United States military personnel who, having been prisoners of war or missing in action, still remain unaccounted for or who in the future may become prisoners of war, missing in action, or otherwise unaccounted for as a result of hostile action."

The Veterans of Foreign Wars and American Legion stand in solidarity with The National League of Families of American Prisoners and Missing in SE Asia, with a shared mission to obtain release of all prisoners of war, the fullest possible accounting for the missing, and repatriation of all recoverable remains of those who died serving our nation during the Vietnam War, and all armed conflicts. We are service organizations, dedicated to our military veterans and not political organizations.

These symbols and traditions should not be co-opted for political agendas. To do so is a great disservice to our real missing and imprisoned military service members and their families. To attempt to draw a parallel between POW and MIA military service members and those convicted of acts seeking to overthrow our government is ignorant, insensitive, insulting, disrespectful, and divisive. Let us never diminish the meaning of these national symbols by misusing them for political purposes.

Sincerely,

Lois Volkening

Jennie Kamps update/Thank you!

Happy Spring Dillon Friends and Family!

Mom And Allen asked me to write something to update everyone that's been following along with moms journey with the aneurysm treatment.

And to thank everyone for their generous donations.

She wants a great big heartfelt thank you to go out to each and everyone of you. Mom (Jennie) went to Spokane for her diagnostic procedure on 3/11. She was released that same day and came home the next. March 25, we had the virtual appointment to discuss findings and treatment. An appointment was scheduled for May 1st to go back in again through the femoral artery in her leg to place a coil and stint to prevent rupture of the aneurysm. She will spend the night and if no complications will come home the next day.

Mom and Allen wanted me to let you know your prayers and donations have helped tremendously with the travel and unforeseen expenses. Soon after returning home mom was hospitalized for 5 days with pneumonia and Allen's truck broke down. Great timing I know!

As of today, all is well with both moms health and Allen's Truck, thanks to all of you!

Mom says she will be writing her own thank you after the May 1st appointment. Again, Thank you all for everything!

Carleen Hughes!
