Kindergarten Early Registration & Screening And Early Childhood Screening

When: Wednesday-May 29th & Thursday-May 30th
Time: 8:30 am – 3:20 pm daily

Children 0 to 5 years old at Parkview Elementary School

We will be completing Kindergarten registration at this time for students who will be five years old on or before September 10th, 2024. If you plan to register your child for Kindergarten, please bring a state issued birth certificate and a current immunization record.

Programs: **Preschool** – Our preschool is available for students ages 3-5 with a developmental delay of one year in at least one developmental area, as per state mandate.

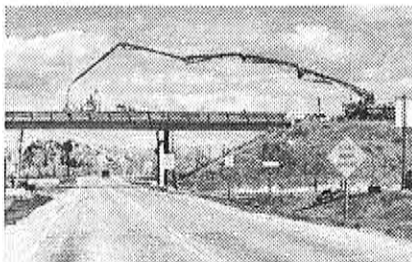

Kindergarten for Success - Parkview Elementary offers a Transitional Kindergarten program where the students will stay in Kindergarten for two consecutive years, working on Kindergarten curriculum. It is available only for students who will be 5 on or before September 10, 2024. Eligibility is based on a point system. Students receive the most points for spring/summer birthdates. This program is not intended for students with developmental delays, but is geared towards giving our younger students additional time for social, emotional, and academic growth.

Traditional Kindergarten - We also offer a traditional one-year Kindergarten program.

Construction Look Ahead:

In Dillon on Interchange Road, the Montana Department of Transportation (MDT) and L & J Construction Group LLC will pour the concrete barrier rail on the south lane of the bridge the week of May 6, weather permitting. Drivers can expect temporary traffic lights and one-way traffic with minor delays. A 14-ft width restriction remains in place.

Members completed a walk through of the UMW campus. We are gearing up for the upcoming wildland fire season.

Sandhill crane, swan application deadline

Applications are due June 1 for Montana licenses to hunt sandhill cranes and swans this coming fall.

Special sandhill crane hunting districts that require applications for licenses are mostly in the Pacific Flyway of western Montana. Swan hunters may apply for either the Pacific Flyway or Central Flyway, but not both. Hunters may online at ols.fwp.mt.gov or over the counter at any FWP regional or area office no later than June 1. Regulations for all waterfowl and webless migratory bird hunting seasons are available on the FWP website.

Beaverhead Search and Rescue News

Submitted by: Mel Rice, Public Relations Officer

The Beaverhead Search and Rescue held its May meeting Wednesday night the 1st. The meeting was called to order at 7:05 PM by commander, Kolby Malesich. There were a total of 20 members in attendance. Trent Cottom updated the unit on its membership status. There are a total of 56 active members at present. He also informed us that we have three individuals that have received probationary membership status. These individuals are David Broadhead, John Grant, and John Bazemore. When you see these gentlemen thank them for their service and dedication.

The unit is losing a very good member in Dan Cahill. Dan came to the unit a few years ago from California where he was in law enforcement. He has been very active with the group and will be missed. We wish him the best of luck with his new endeavors in Bozeman.

Several members of the BVHD SAR cooked dinner for the Night at the Elks (stag night) on the 17th of April. A steak dinner with all the trimmings was served to about 20 individuals. Members participating in the event were: Mel Rice, Tara Remely, Jaime Trivette, Adam Norlander, and Steve Mock. It proved to be a wonderful evening out.

The last order of business was the critique of the unit's last call out. On April 22, the Sheriff's office received a 911 call about a lost individual in the Dice Creek area west of Dillon. A small group had gone out to look for shed horns. The group was supposed to meet at a certain location at a specific time. When everyone was to meet up, a 71 year old lady member of the party was nowhere to be found.

It was stated she had a bad knee so the rest of the party became rightfully concerned. A member of the party requested assistance in locating the missing lady. Beaverhead S&R was paged at 3:00 PM. Hasty teams were organized with necessary equipment and were ready for deployment. At 3:45 PM a call came in that the missing lady had been located and was in good health. Apparently there was miss communication with all members of the party. Instead of going to the rendezvous area she walked back to the vehicles where they had started. S and R members put away the equipment and enjoyed their evening.

Members of your Beaverhead Search and Rescue that showed up for the call were: Brad Wagner, Brian Vinson, Cody Schnee, Dan Cahill, Jason Ericksen, Lance Hopman, Mark Smith, Parke Scott, Shane Puyear, Tara Remely, Trevor Hyland, and acting as IC was Kolby Malesich. Thanks guys and gals for your dedication.

Lady Beavers Beat The Yellowjackets

Jeremy Crawford, Southwestern Montana News

The Lady Beavers softball team took to the road to go against the Lady Yellowjackets defeating them 14 to 2 and claiming another victory.

Adyson Creighton continued to dominate on the mound, striking out twelve batters as the starting pitcher for the Beavers. Adyson gave up two hits and two runs over five innings while walking none. Emily Brevig collected three hits in four at bats, Emily hit a home run to center field in the seventh inning, singled in the third, and singled in the fifth inning. The Beavers would get on the scoreboard in the top of the first inning after Emily Brevig drew a walk, scoring one run, and a passed ball would score another run.

Top of the second Adyson Creighton would hit a solo home run into right field. The third inning would see another run scored from Emily Brevig stealing home plate.

The Lady Beavers would score five runs on five hits in the fifth inning. Kayey Vezina doubled, scoring two runs, Tyler Gibson singled, scoring two runs, and Adyson Creighton singled, scoring one run. In the seventh inning four more beavers would cross the plate winning the game 14 to 2.

You can catch both the Lady Beavers as well as the men this Saturday at Ray Lynch Park.

Montana Western Addresses FAFSA Processing Challenges
 The University of Montana Western is actively addressing challenges in FAFSA processing to ensure students receive timely financial aid support. Recent updates from the UMW Financial Aid Office and the Department of Education (ED) shed light on ongoing improvements and proactive measures being taken.

Department of Education (ED) Updates:
 Upon initiating FAFSA processing around March 15, the ED identified processing calculation errors affecting millions of students nationwide. Montana Western, in line with ED guidelines, has temporarily held back processing these files, awaiting anticipated corrections starting May 1. Various issues, including software delays, have been encountered, impacting FAFSA processing timelines.

Montana Western Financial Aid (FA) Office Updates:
 Despite challenges, Montana Western has managed to import some FAFSA results and resolve software issues up to April 30, 2024. However, meticulous review and verification of FAFSA results are ongoing, prioritizing students enrolled in summer courses, students who requested summer work study, and those with clear FAFSA records on file.

Payment Delays and Mitigation Efforts:
 Due to these processing complexities, disbursement of funds is expected after May 16. This delay also affects federal financial aid origination and refund issuance. Montana Western's Business Services Office is actively supporting students in navigating these challenges and recommends proactive engagement to prevent payment issues.

FAFSA Tips for Students and Parents:
 Students and parents are advised to file their FAFSA promptly for the 2024-2025 academic year. Reviewing FAFSA results for completeness and submitting necessary corrections to ED is crucial for timely processing. If your FAFSA shows as "completed" please do not call the FA Office as it delays processing of files. FA is working through the files as quickly as possible and will notify students once completed via your UMW email address. Business Services is prepared to collaborate with students on managing financial concerns arising from these delays.

For further information or assistance, reach out to the Montana Western Financial Aid Office and Business Services Office.

To the Citizens of Montana House District 70

If I have the honor to serve my constituents in Helena as your Representative, there are a few things I'd like you to know about me.

I am inspired by Montana and my neighbors. I graduated from Beaverhead County High School and the University of Montana School of Law, practiced in Helena and Dillon and have worked in business including banking, lending and real estate. I know our District and community and will advocate for the people that live here. I have lived here all my life and have first hand knowledge of our local history, where we are now and where we are going. We may have different points of view, but we can discuss ideas and arrive at solutions.

Montana has a varied history of industry- mining, agriculture, timber and small business. Agriculture is the driver in our economy and I treasure my family's background in ranching. I have had the privilege to work with outstanding people over the years and know my community. We have a tradition of fine educators and health care professionals. We have a legacy of law enforcement and first responders that serve our community with dedication. We have business owners that show up every day, provide jobs and make our part of Montana why we want to stay here.

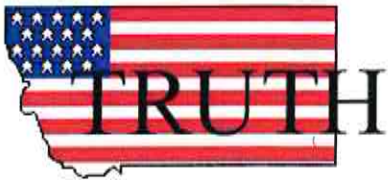

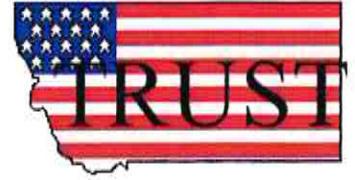

Some of the issues that we are facing include a looming teacher shortage and affordable housing. The lack of mental health resources are impacting our community and the professionals that deal with the lack of resources. Impossibly high property taxes make it challenging to own a home. We need to look to the future to protect our resources, including the people that live and work here.

People are moving to Montana because it is an extraordinary place. For generations, we Montanans and our families have molded our state by a common sense, conservative approach and our Republican ideals. I'd like to take down the volume and work toward solutions for Montana. I am a proud lifelong Republican and will serve as a common sense conservative to represent my home district. To be effective your representative needs to be willing to work on policy, listen and be committed to fighting for effective solutions.

I hope to follow in the footsteps of Tom Welch, who was successful for the people of HD 70 because he was a communicator and facilitator. I will be the legislator that works for reason, communication and solutions.

**Mary Ann Nicholas
Republican Candidate for HD 70**

**Paid for by Mary Ann Nicholas for HD 70-R/ PO Box 349, Dillon, MT 59725, Susan McRae,
Treasurer**

DO YOU KNOW THAT THERE ARE THREE CANDIDATES FOR STATE HOUSE DISTRICT #70?

I am ONE of them and I have the experience, training, education,
and time to work with you, the electors, to get things done.

MIKE KLAKKEN

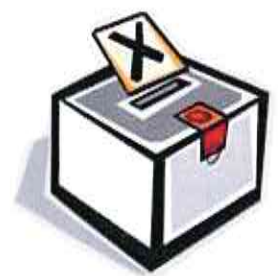

- ☒ **Governmental**
 - City Council: 4 years. Hands on experience working in the legislative branch.
 - Mayor: 8 years. Executive branch must work with the Council and the public to identify problems and possible solutions.
 - For the system to work you must learn to work together. I will reach out to the public, the governor, the senate and other house members to identify and find solutions to problems.
- ☒ **Work Experience**
 - Own and operate a small computer repair business in Dillon for over 20 years.
 - Alliant Techsystems: Worked in Safety and R&D at a solid rocket booster and missile production plant interfacing with several government agencies and private contractors.
 - Washington State University: Research and Teaching Assistant along with a grant from NASA to fully pay for my Education.
 - Montana State University: Research Assistant on energy generation and tutoring to help pay for my Education.
 - Pfizer (Barrett Minerals): Front-end loader operator and loading talc bags to earn money for college.
 - My various jobs have given me the ability to better understand other points of view and communicate with the public and other members of government.
- ☒ **Education**
 - Graduated from BCHS
 - Bachelor of Science from Montana State University, Bozeman, MT
 - Masters and PhD in Physics from Washington State University, Pullman, WA
 - My education has shown me how to look at problems from all angles. The best solutions are found when you are willing to listen to ideas from constituents and other members.
- ☒ **Taxes**
 - I strongly believe Government is not an endless purse and will work hard to keep the total amount of taxes the same or less. I agree with my constituents that property taxes are too high. There are no easy fixes but I am willing to explore all available options working with the other house members and senators to get taxes lowered.

Remember to Vote MIKE KLAKKEN on June 4th, 2024 for the Republican Primary!!!
