Patricia Brown Darling

Patricia Brown Darling, 88,
died peacefully Monday, May
13, 2024, at Rochester East
Health Care, under the care of
Mayo Hospice, with family and
friends by her side after being
anointed by a priest.

Pat was born and raised in
Chicago by Robert Cooper
Brown and Anita (von Buelow)
Brown. She went to Nurse's
Training at Saint Marys Hospital
in Rochester where she met her
future husband, Don Darling,
of Winona. They were united

in marriage July 26, 1958, in Chicago, and were married 64
years. They raised four children, moving around Minnesota,
Iowa, North Dakota, Montana, Idaho, and Alaska, and finally

time of their married life. She was an RN and worked at many
nursing homes while Don pursued educational and career
opportunities.

Pat had many hobbies, including sewing, knitting, and
crocheting, and made many baby hats for newborns. She was

family histories. She founded The Darling Association of
America, and worked in local genealogy societies including
the Beaver Head Hunters Genealogical Society in Montana.
She loved to write and was an excellent correspondent. She
wrote many stories about herself, her family, and her ancestors.

Pat is survived by her children, Ginny Darling of Rochester,
Cindy Bauer of Moscow, Idaho, and Ben Darling of Missoula,
Montana; daughter-in-law Eileen Darling, Nicollet, Minnesota;
grandchildren Don Darling (Amanda), Brad Darling (Nicki),
Jemima Bauer, Kezia Hartman (Oliver),

Docs And Dogs Barrett Hospital Celebrates Hospital Week With A Four-Legged Surprise Visit

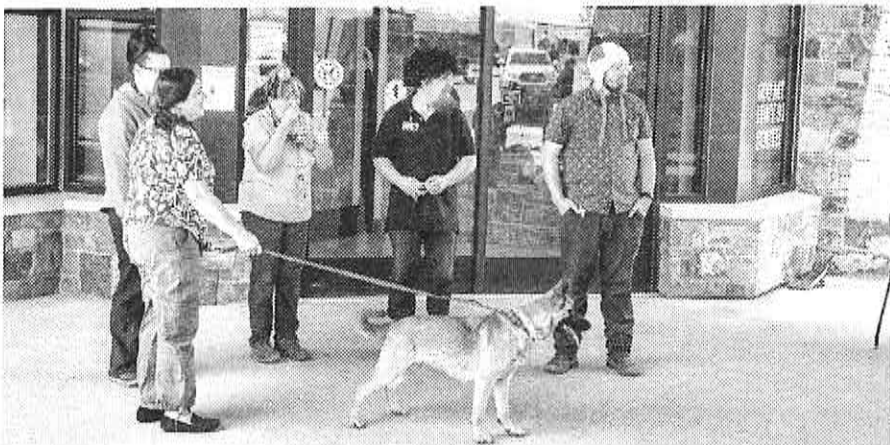

Jeremy Crawford, Southwestern Montana News

Barrett Hospital and Health Care has been celebrating Hospital Week all week long. The Hospital has had different activities planned throughout the week, for the staff, as a way to show how much they appreciated them and a heartfelt thank you.

On Wednesday May 15th the staff got a special visit. A few lucky dogs from the Beaverhead County Animal Shelter came to help them unwind. The rambunctious four legged friends eagerly awaited staff members to come out, play with them and to take them on a walk.

According to Christie Trapp "This unique initiative is not just about bringing joy to our hospital staff; it also highlights the therapeutic benefits of animal interactions. Research shows that spending time with animals can help reduce stress, improve mood, and promote overall well-being."

All those who participated fell in love with their furry friends. A few snapped a couple pictures to send home to a spouse to show them what might come home with them. But best of all the health care workers took a few minutes out of their day to unwind and spend some time with the shelter animals.

Attorney General Knudsen announces 2024 Law Enforcement Appreciation Poster Contest winner

Montana Attorney General Austin Knudsen announced Jeremiah Sifuentez, of Busby, as the winner of the third annual Law Enforcement Appreciation Poster Contest, during National Police Week. Jeremiah is a fifth-grade student at Spring Creek School in Decker.

In his artist statement Jeremiah said he made the poster because, "I know without law enforcement this place wouldn't be a safe place. But all thanks to law enforcement we have a safe, clean environment."

"It's important that we instill an appreciation for law enforcement officers in Montana children at a young age so they can carry on our state's 'Back the Blue' mentality," Attorney General Knudsen said. "Thank you to everyone who participated, and I look forward to celebrating with Jeremiah. I know Montana's law enforcement officers appreciate the support of students across the state as they go to work everyday to keep our communities safe."

Attorney General Knudsen and Montana Highway Patrol Colonel Kurt Sager will celebrate with Jeremiah and his class later this month. The winning poster will be displayed in Montana Department of Justice offices across the state and made available to law enforcement offices statewide.

Attorney General Knudsen announced the poster contest in March, encouraging elementary school students to show their appreciation for Montana's law enforcement officers who risk their lives every day to keep communities safe.

UMW Student Gracie Stanton Honored as Newman Civic Fellow

Campus Compact, a national coalition of colleges and universities working to advance the public purposes of higher education, has named the student civic leaders from 38 states, Washington, D.C., and Mexico who will make up the 2024-2025 cohort of Newman Civic Fellows. Gracie Stanton, a student at the University of Montana Western, was named as a member of the cohort.

The Newman Civic Fellowship is a yearlong program that recognizes students who stand out for their leadership potential and commitment to creating positive change in communities. The fellowship is named for the late Frank Newman, one of Campus Compact's founders, who was a tireless advocate for civic engagement in higher education. In the spirit of Dr. Newman's leadership, each fellow is nominated by their campus president or chancellor, who is invited to select one exemplary community-committed student from their campus each year.

UMW cohort Gracie Stanton is a third-year student and active campus and community leader. She is a peer-to-peer mentor in our TRIO Student Support Services program, where she plans engagement events for first-year students and serves as a first point of contact for student issues. She is also a member of the Student Leadership Academy on campus. This group focuses on developing a community of campus leaders and promoting professional development across campus. She is also committed to youth health and wellness in the broader community. She currently teaches for the Dillon Martial Arts studio, teaching young people about the importance of discipline, health, and confidence.

"We are incredibly proud of Gracie for being selected as a Campus Compact Newman Civic Fellow. This prestigious recognition highlights her exceptional commitment to community service and civic engagement. Gracie embodies the values of leadership, compassion, and dedication that we strive to instill in all our students at the University of Montana Western. Her efforts are a testament to the positive impact that one individual can have on their community, and we are excited to see how she will continue to drive meaningful change both locally and beyond," said Montana Western Chancellor, Michael Reid.

Through the fellowship, Campus Compact provides these students with learning and networking opportunities that help to nurture their development as civic leaders. Programming emphasizes personal, professional, and civic growth that can empower them to collaborate effectively across disciplines and create large-scale positive change.

The cornerstone of the fellowship is the Annual Convening of

Newman Civic Fellows, which offers intensive in-person skill-building and networking over three days. The fellowship also provides fellows with pathways to apply for exclusive opportunities, including mini-grants to help fund community projects, scholarships, and post-graduate opportunities.

"We are honored to recognize such an outstanding group of community-committed students," said Campus Compact President Bobbie Laur. "One of the best parts of the Newman Civic Fellowships is the richness of students' perspectives, experiences, and backgrounds—and how these varied stories all led to their passionate engagement with the social, political, and environmental issues impacting our world. These students will be the catalysts for change on many levels, and we are privileged to help empower them to create that change."

Morality in America

(Pastor Ken Gilchrist, Big Sky Missionary Baptist Church)

As Americans have moved away from belief in God & the Bible, there has been a drastic change in morality. Jeff Hilles (Biblical Christian Worldview) refers to the following survey by George Barna and the Arizona Christian Cultural Research Center in a survey of morality in the United States.

71% "contend that human beings rather than God should be the judge of right and wrong."

42% believe "what you feel in your heart" is the best determiner of morality.

29% believe morality should be determined by "majority rule".

29% of Americans believed that the Bible should be mankind's guide for our morality.

66% of Americans who claim to have a Biblical worldview stated that the Bible should be the main source of determining right from wrong.

"What speaks loudest in America today is that over 70% desire to set their own standards by rejecting those offered by the Creator of the universe." (Jeff Hilles)

It is sad that mankind has so terribly perverted what God created & designed to be something special between a man and a woman within the bonds of marriage. An act that was designed to share a special, genuine love in producing a loving family unit under God's guidance. Marriage honored by God as here stated is the union between a natural born man and a natural born woman, Genesis 2:24. God's commendation of marriage and His condemnation of adultery are recorded in the book of Hebrews 13:4. The possible condemnation God speaks of in this reference is seen in statistics that are known to be consequences of immorality: chronic anxiety, depression, various physical diseases, family break up, single parent families, mistrust, and worst of all, abortion.

True Biblical Christianity requires standing firmly against the immorality that has become so prevalent in our society. Christians are not required to agree with, condone, accept or adapt to the sexual 'preferences' of those who have perverted relationships that God forbids and condemns.

We must understand that, though God hates the sin of adultery, He still loves the individual. He provided the way of salvation & forgiveness for all sin through Jesus Christ, as stated in John 3:16-18, Romans 10:9-10 and many other scriptures.

Christians must show godly love to those committing immoral acts, present the gospel of salvation to them, and encourage them to cease from immorality, just as Jesus did the adulterous woman in John 8:11.
