Veteran's Corner Update # 258

By Mike Lawson

Veteran News Updates:

• The Montana State DAV Convention took place in Butte this past week. Training for the DAV Drivers and Coordinators took place on Thursday. It was very informative and the stress of safely driving our Veterans to their medical appointments was an important aspect of this training. This is especially important because across Montana in 2023, our DAV Drivers transported 5,278 veterans, volunteered 15,466 hours, and drove 243,849 miles. Our DAV Vans have been taken out of service at about 200,000 miles, but we are now doing that at about 100,000 miles. The reason for this is to get more money for them at that lower mileage and being well maintained. The money is then used toward buying new DAV Vans.

• We had a presentation from Michael Taapken, who is the coordinator for the Vietnam "The Wall That Heals". Being a Vietnam Combat Vet and having lost more brothers than I like to think about, this is a very special event and will be very heartfelt when it is here. It'll arrive here on August 27th and depart on September 1st of this year. It's anticipated that many out of town and out of states will visit this event. It is the only place in the Western US where it will be at this year. There's a press Conference at the Depot in Butte on Thursday, June 6th. with a request for as many Veterans as possible to show up from SW MT. There will be a Color Guard with a full flag line. This National Vietnam Veterans Foundation sanctioned event will be video-taped and will be used to advertise "The Wall That Heals", both in state and across the Western US. For more information you can call Michael Taapken at 406-431-3506 or visit www.thewallthatheals.org. We're calling out to all veterans to please consider attending with any veteran identification you are comfortable wearing.

• Many times our country has been called to arms and our men and women have answered that call by enlisting in our Armed Services. Sadly some paid the ultimate sacrifice of giving their lives. Others of us have been scarred mentally in doing and seeing things that seared our minds. People at home would never understand. How can any war be understood with the carnage, God forbid, that is part of every war there has ever been. The innocent are always part of the victims. Looking back to one of these wars and the history of that time, we travel back to the Spanish American War. Southwest Montana in the late 1890s and the early years up to 1910, was booming because the big city of Butte was driven by it's thriving copper mines which supplied copper to the world. The trickle down effect was that it's 100,000 population needed to be supplied with food. This equated to the Southwest Montana farms and ranches being an important source for this. When the Spanish American War erupted, one of the first military units created was CO. G 1st Montana Infantry, whose members were mainly from Butte, Anaconda and across Southwest Montana. I'll say more about this in next week's column as it is neat history.

**COMMISSIONER OF SECURITIES AND
 INSURANCE (CSI) SEEKING TO HELP VBIT
 CRYPTO-MINING SCAM VICTIMS**

Montanans who invested in VBit Technologies, Advanced Mining, VBit Mining, and VBit DC Corp (collectively referred to as VBit) cryptocurrency-mining machines are asked to contact the Montana Commissioner of Securities and Insurance (CSI) by July 8, 2024.

As early as 2021, VBit began marketing to and contracting with Montanans for the sale or lease of individualized cryptocurrency-mining machines with the promise of earning significant returns on their investment through crypto-mining. In 2021, VBit also announced it was expanding mining data center operations to Columbia Falls.

In June 2022, VBit announced it could no longer service the United States market as its products had been deemed by the U.S. Securities and Exchange Commission as unregistered securities. Investors were unable to gain full access to or perform transactions from their "virtual wallets" and VBit failed to process investor withdrawal requests.

In September 2023, the CSI ordered VBit to cease offering or selling unregistered securities in the state and to pay a \$180,000 fine and restitution to three known Montana victims. The CSI is attempting to find if there were additional Montana victims. Any potential claims not submitted to the CSI by July 8, 2024, will be deemed to have been waived and will not be considered as a basis for any future enforcement actions against VBit by the CSI.

Montanans who invested in VBit mining machines are encouraged to contact Pat.Murphy@mt.gov or by calling 406-444-3848. Potential victims may also visit csimt.gov/file-a-complaint-2 to file a securities complaint.
