Ray Riley Baker

Ray Riley Baker was born in Miles City, Montana, on February 24, 1929, to Riley Irwin Baker and Ann Bamford. He passed on April 24, 2024, at the age of 95.

Ray's father, Riley Baker, served on the Miles City police force. Ray grew up in Miles City and graduated from Custer County High School in 1948. He served in two branches of the US military (Army and Navy) in Germany and Hawaii.

Ray married Joyce Margaret Weiss in Sturgis,

SD in 1954. He attended the University of Montana and graduated with a Bachelor of Arts in Anthropology in 1958. Joyce and Ray had four children.

After Ray graduated from the University of Montana, he took teaching jobs in Colstrip, MT and then Ingomar, MT. He coached basketball at the high school level in both Colstrip and Ingomar. In 1968, the family moved to Dillon, MT where Ray taught fifth grade. Ray opened a rock and hobby store in Dillon after leaving the teaching profession. Joyce and Ray divorced in 1975. Ray moved back to his childhood home in Miles City, MT. He worked for the Bureau of Land Management prior to retiring.

Ray was well known in both Dillon and Miles City as a rockhound. He hunted, cut, polished and crafted the stones and mountings in which he displayed his precious finds. His skills and reputation grew as he perfected his craft. He sold his jewelry at the Miles City Farmers Market until his death. He loved visiting with his customers, and many of them came back each summer from all parts of the United States to buy jewelry and visit with him.

Ray was preceded in death by his son Kim Baker, his mother and father, all six of his siblings, many of their spouses, and numerous nieces and nephews. He is survived by daughters Stacia Baker (Michelle) (Dillon, MT), Daneen Weaver (Casper, WY), Dawn Jensen (Caldwell, ID), daughter-in-law Tammy Baker (Dillon, MT), twelve grandchildren and twelve great grandchildren.

Friends and family are invited to graveside services at the Eastern Montana State Veterans Cemetery in Miles City, MT on July 11 at 2:00 PM. A celebration of his life will be held at the Riverside Park Lion's shelter in Miles City, MT at 3:30 PM on July 11, 2024.

Despite Injuries Cubs Win One Thursday Afternoon

Jeremy Crawford, Southwestern Montana News

Thursday, June 13 the Dillon Cubs played a double header at Ray Lynch Park taking on the Bitterroot Red Sox's. The Cubs have faced some setbacks lately with a few injuries on their roster. But that didn't stop the Cubs from picking up a 9 to 8 win in game one. But the Cubs would fall 15 to 25 in game two. Full recap below.

Game 1

The Red Socks would open the scoring in the first after an error scored one run.

The Red Sock's would continue to add to their lead in the second inning after Jackson Lubke singled, Boedy Tadvick singled, Atticus Southwell singled, Hunter Harness singled, and Toby DeMoss walked, each scoring one run.

The Cubs would come back in the bottom of the fourth and flip the game on its head. The Cubs would score five runs on one hit to take an 8 to 7 lead. The biggest blow in the inning was a walk by Kanin Englehardt that drove in one.

Marcus Lagunas drove the middle of the lineup, leading the Cubs with two runs batted in. The infielder went 1 for 2 on the day. Kale Konen set the tone at the top of the lineup, leading the Cubs with two hits in two at bats. The Cubs had a strong line at the plate, accumulating 11 walks for the game. Marcus Lagunas and Kale Konen led the team with two free passes each.

Game 2

The Cubs would drop game two with a 25 to 15 loss to the Bitterroot Red Socks despite out hitting them in the game 17 to 16. Andrew Bartlome, Cohen Hartman, and Garrett Tackett each collected three hits for the Cubs.

The Red Socks would get on the board and into the lead in the first inning after Reese Earp singled, scoring two runs, Hunter Harness drew a walk, scoring one run, Charlie Chavez hit a sacrifice fly, scoring one run, Toby DeMoss grounded out, scoring one run, Owen Marston singled, scoring one run, Boedy Tadvick drew a walk, scoring one run, and Reese Earp was struck by a pitch, driving in a run.

The Cubs would come back in the bottom of the fourth inning making the score 10 to 15. Thanks to a homer to left field by Cohen Hartman

Search and Rescue News

Submitted by Mel Rice-Public Relations

The June meeting of your Beaverhead Search and Rescue was called to order on June 5, at 7:15 PM. Commander Kolby Malesich presided over the meeting with 28 members in attendance. The meeting opened with the introduction of guests, then roll call, and treasurer's report.

Training officer, Adam Norlander, stated that because of lack of response to the annual campout training, there would not be one in June as previously scheduled. Instead there will be a one day training September 14th for anyone who can attend. It will be a mock search/rescue. There will also be a search manager training in the near future as a refresher into the mapping program, call out proto-calls and search proto-calls. There were no searches or rescues that the unit participated in.

It was reported that Russ Sigman and Kolby Malesich delivered the "Hug a Tree" program to Parkview 5th graders on the 24th of May. As usual the program was very well received. This program is something every young person should complete. It covers exactly what a person should do in the event they become lost. It is an outstanding program.

Tara Remely, fish derby chairperson, reported she is in the process of applying for our January 2025 ice fishing derby. The application has to be in to the FWP by July 1st. This is the unit's largest fund raiser.

Good of the Order: Commander Malesich said that we would cancel the July meeting since it was over the extended 4th of July holiday but would have a manager training the following week. The Unit has received Duckworth hooded sun shirts and anyone who has participated in a unit event, training, or search/rescue this calendar year is welcome to pick one up. Kudos were extended to several members for doing things above and beyond: Brad Wagner for communications work, Brian Vinson for command post work and treasurer work, Adam Norlander for getting training organized, Tara Remely for all her work on the fish derby, and Mel Rice for grounds work and PR work. Many others are doing an outstanding job for the unit as well.

The meeting adjourned at 7:48 PM. Immediately following the meeting, member Jaime Trivette, presented a forty minute training on bear awareness and things to do while out in bear country. She also provided info on the best things to do during various types of

bear encounters. She stated that bear spray is one of the best defenses if running into an aggressive bear. Jaime said when it comes to bear spray, make sure you wear it on your body in the same position so your find time is minimal. You want to have an automatic response when it's time to use it. PRACTICE getting it out and pulling the trigger safety off. Bears are out and are numerous!!

Jaime had another great recommendation on bear spray storage. You should leave bear spray in your vehicle where the spray can reach extremely high temperatures or very cold temperatures. It has been documented that bear spray canisters have exploded under these extreme conditions. It has enough power to blow windows out and total your vehicle. Take care out there, "In the Business of Saving Lives", your Beaverhead Search and Rescue.

To help baby animals survive, leave them alone

They look so cute and helpless. But your efforts to help could end up harming the animal and reducing its chances to survive.

It's important to understand that wildlife care for their young much differently than humans. One strategy that some species, particularly those species typically preyed upon by other animals (deer, rabbits, birds), use is to distance themselves from their young for many hours at a time. This helps to keep predators away from their young. For example, fawns are born without a scent, and it is safer for them if their mother, who has a scent, is not nearby. This also can potentially distract a predator into focusing on the doe rather than its offspring.

Wild animals thrive better where they have plenty of natural habitat (food, water, shelter, space). The potential to spread wildlife disease is also a good reason to leave young wildlife alone. Baby ground squirrels, raccoons and rabbits can carry zoonotic diseases, which means diseases that are infectious for humans. Examples include plague, hemorrhagic diseases and tularemia.

If you see a baby animal, whether a goose or a grizzly, keep your distance and leave it alone. Handling baby animals can be dangerous, and usually once young animals are picked up by people they can't be rehabilitated.

FWP does not accept, hold or rehabilitate moose, deer, elk and most other animals, including waterfowl. If you bring a deer or elk to FWP, you'll be asked to take the animal back to the site where it was found. If the animal can't be returned, it may need to be humanely euthanized.
