Rose Darlene Peterson

April 15, 1937 — July 12, 2024

Rose Darlene Peterson was born on April 15, 1937, to Peter Daniel "Bus" Peterson and Tina Belle Downing. She spent 80 of her 87 years in Lima and passed away peacefully on July 12, 2024.

Darlene attended Lima public schools through the 8th grade and was a lifelong member of Lima Community Church. She always cherished the dream of becoming a wife and mother. On March 8, 1953, she married Charles E. Brown at the Knox Ranch, east of Dell. Their firstborn, Thomas William Brown, was born on July 20 but tragically lived only a few hours. The family grew to include three daughters, Glynis Lee, Tina Arlene, and Robin Kim, and a son, Daniel Charles.

Charles and Darlene enjoyed 35 years of marriage before Charles passed away on January 2, 1988. In 1989, Darlene proudly earned her GED. She discovered a passion for writing poetry and also loved quilting.

Darlene shared nearly 30 years with her longtime friend and companion, Gene Hildreth, until his passing in 2017.

She was preceded in death by her parents, Bus and Tina Peterson; her husband, Charles; her infant son, Thomas; her granddaughter, Tawnya Lynn; her sisters, Mable Belle Allen, Tina "Genrose" Jolley, Lavera Grace, McKenzie Kalsher; and her sons-in-laws, Jack Bell and Bucky Johnson.

Darlene is survived by her children: Glynis Bell, Tina (David) Iverson, Robin Johnson, and Daniel (Debbie) Brown; eleven grandchildren; twenty-two great-grandchildren; and two great-great-grandchildren.

Darlene's legacy of love, for God, poetry, and quilts will be cherished by all who knew her.

New Project for Outfitters and Guides Announced by the Beaverhead-Deerlodge National Forest

The Forest is seeking input on the Forest-wide Outfitting and Guiding Permit Issuance CE.

The Beaverhead-Deerlodge National Forest is beginning a Forest-wide Outfitting and Guiding Permit Issuance Categorical Exclusion (CE) Project.

In June, the Forest cancelled the Outfitter and Guide Environmental Assessment (EA) based on suggestions and concerns from the public. This new project is intended to address feedback received during the previous project.

"My staff and I heard clearly from a wide variety of commenters that there is a need to take a hard look at our existing special use authorizations and remedy inconsistencies in our administration of the outfitting and guiding program," said Carol Hatfield, Acting Forest Supervisor.

The new project will focus solely on existing outfitters and guides operating within the Beaverhead-Deerlodge National Forest. It is intended to improve the administration and oversight of the outfitting and guiding program. The project will utilize the correct special use permit instruments, incorporate clearer descriptions of authorized activities and locations, update environmental analyses, update Section 7 consultation with the U.S. Fish and Wildlife Service, and include extensive design features to ensure potential resource concerns are thoroughly addressed.

The Beaverhead-Deerlodge National Forest encourages the public to provide feedback on the Forest-wide Outfitting and Guiding Permit Issuance Categorical Exclusion (CE) Project by August 9, 2024. Public input is an integral part of the process and helps the Forest Service understand the concerns and desires of those who utilize National Forest System lands.

To learn about the project and provide feedback, please visit https://www.fs.usda.gov/project/bdnf/?project=66448.

Hazmat Training Exercise

The University of Montana Western will host the National Guard's 83rd Civil Support Team for a Hazmat Training Exercise on Wednesday, July 17, and Thursday, July 18, 2024. This training event will take place on a designated section of the campus between the Bulldog Athletic and Recreation Center (BARC) and the new stadium. The campus Heating Plant will also be utilized during this exercise.

Details of the Exercise:

- Dates: Setup on Wednesday, July 17, with the exercise occurring on Thursday, July 18, 2024.
- Location: The area between the Bulldog Athletic and Recreation Center (BARC) and the new stadium. The campus Heating Plant will also be utilized during this exercise. Foot traffic is to be expected by military personnel between the Heating Plant and the BARC area throughout the exercise.

- No hazardous materials or chemicals will be used or discharged for this training event.
- All military role-players will be clearly identifiable and/or in full hazmat gear (personal protective equipment) throughout the duration of the exercise.

No changes to regular business operations or campus traffic will occur, but please be aware of the increased activity in these designated training areas on campus. We appreciate the understanding of the campus and Dillon community and thank them for their continued support of our local first responders and military personnel.
