**Connie Null**

7/18/1949 ~ 7/23/2024

Connie Jane (Confer) Null passed away at Barrett Hospital & Healthcare on July 23, 2024. She was born in Colorado Springs, Colorado to Russell William Confer and Thelma (Sieler) Confer on July 18, 1949. She was the eldest of three siblings.

When Connie was two her dad was transferred to Gypsum, Colorado where she attended grade school. Her dad was transferred once again, this time

to Grand Junction, Colorado where she went to Junior high and graduated from Central High School.

In high school she met the love of her life Joe Carl Null, but it wasn't until he returned from Vietnam that they started dating. She wrote him letters while he was there, and he says that was the only reason that he made it through that time. They married on November 18, 1972.

In 1975, Connie started work at King Soopers in Golden, Colorado. She worked there until she retired in 1988 and became a stay-at-home wife. She enjoyed playing games on her phone and computer until her sight would no longer permit it. She suffered from Macular degeneration and Epilepsy that kept her from doing a lot of things.

In 2018, Joe moved to Dillon to help care for his sister after retiring from 35 years at the Coors Company in Golden. Connie joined him in 2020.

She is survived by her husband Joe and a brother. She is preceded in death by both of her parents and a brother. There will be no service; an Internment will take place at a later date when her husband Joe transfers her ashes to Grand Junction, Colorado to her final resting place at Memorial Gardens Cemetery.

in Dillon.

Mom didn't always have it easy, but she always managed and enjoyed the little things in life that made her happy. Mom enjoyed getting to go out to dinner and loved a good chicken fried steak. She always looked forward to Bannack Days, the Demolition Derby and the Labor Day Fair and Rodeo. She especially loved her summer trips to Idaho to spend time with her cherished big sis. She was so happy to

be a red hat lady and always looked forward to her lunches and card playing at the Senior center. Mom was a night owl and enjoyed staying up late and watching old movies and TV shows and napping during the day. She loved making popcorn balls with her grandkids and cream puffs for Easter and treasured all Holidays she could spend with her family.

Darlene was blessed with 6 children, 16 grand kids and 23 great grand kids. She is survived by daughter Cheryl (Chuck) McCloskey, Son Scott Rose, daughter Connie (Chris) Martinez, son Mark (Patty) Rose, daughter Colleen (Neal) Davis, brother Earl (Jean) Conklin, Aunt Louise Shafer, and numerous other family members and friends.

She is proceeded in death by her father Earl Conklin, dear mother and stepfather Alvaretta and Lee James, Son Steve Rose, Sister Barbara Smith, infant great granddaughter Elena Lizette Millan and many other family members and friends to greet her home.

In lieu of services, ashes will be spread with family at a later date. If you wish to give a memorial in her name, please do so to Beaverhead Senior Citizens Association.

## License required to train bird dogs on wild game birds, training season dates coming up

Do you plan to train your dog on wild game birds this season? If so, a bird dog training license is required, and you must abide by season dates when training on public land.

This is the second year that this license has been required, after it was created during the last Montana legislative session. In addition, a slight change was made to the nonresident season dates (from a start date of Aug. 15 to a later start date of Sept. 1).

Below are a few reminders:

### Who needs this license:

Anyone training bird dogs on wild game birds needs to hold a bird dog training license, whether they are training on private or public land (note training season dates below for public land).

How to obtain this license:

- Licenses can be purchased online, at an FWP office, or at any license provider.

o Licenses are:

\$5 for any Montana resident over age 18

\$10 for any nonresident over age 18

- Note: A special recreational use license (SRUL) from the Montana Department of Natural Resources and Conservation (DNRC) may be needed to train on state school trust lands.

Public land bird dog training dates:

- Resident training dates are Aug. 1-March 31.
- Nonresident training dates are Sept. 1-March 31.

## Secretary of State's Office launches new poll worker recruitment tools for counties

Montana Secretary of State Christi Jacobsen and the Montana Elections Team continue to prepare for November's 2024 General Election. This week, state and local election officials joined colleagues nationwide in recognizing National Poll Worker Recruitment Day. On Friday, Secretary Jacobsen launched a new poll worker recruitment tool for Montana counties.

"We've heard from county election offices across the state about their need for additional poll workers and election judges. These friends, neighbors, and family members play a crucial role in our Montana elections," said Secretary Jacobsen. "The Montana Elections Team, consisting of our state and local election officials, is looking for dedicated Montanans interested in serving your community during the upcoming election."

"Those interested in becoming poll workers can visit our voter resources website, [VoteMT.gov](http://VoteMT.gov), and select the 'Election Judges/ Poll Workers' link under the 'resources' tab," continued Secretary Jacobsen. "They can also access our poll worker recruitment tool online (<https://votemt.gov/poll-worker-application/>), fill out the required information, and it will be sent directly to your county election office."

Earlier this week, Secretary Jacobsen unveiled the latest video in the Montana Election Education Video Series, highlighting the roles and responsibilities of poll workers and election judges and the steps to apply.

"It's exciting to work on the front lines during an election, supporting our fellow Montana voters as they shape the future of our state and nation," said Secretary Jacobsen. "We're grateful for the thousands of Montanans who step up to serve their communities."

**Some sections of Big Hole River reopen to fishing**  
 Fishing restrictions and closures have been updated for sections of the Big Hole River on Tuesday.  
 The following restrictions are now in effect for the Big Hole River:

- A new full fishing closure from Saginaw Bridge on Skinner Meadows Road to the confluence with the North Fork of the Big Hole River.
- Hoot-owl restrictions from the river's confluence with the North Fork to Tony Schoonen Fishing Access Site, commonly known as Notch Bottom. Portions of this stretch of the river had previously been closed to fishing.
- An existing full fishing closure will remain in effect from Tony Schoonen Fishing Access Site to the confluence with the Jefferson River

All fishing is prohibited during full fishing closures. Hoot-owl restrictions prohibit fishing from 2 p.m. to midnight daily. These closures and restrictions come in response to low river flows in accordance with the Big Hole River's drought management plan and will remain in effect until conditions improve.

Fishing restrictions and closures like these are designed to protect fish that become more susceptible to disease and mortality when low flows and high water temperatures combine with other stressors, including catch-and-release fishing.

Anglers can reduce stress on fish at all times of the year by getting fish to the net or in hand quickly, keeping them in the water, and reviving them prior to releasing them back into the river.

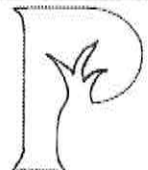

Along with monitoring stream temperatures, Montana Fish, Wildlife & Parks also monitors stream flows, and in some streams, holds instream flow water rights. FWP's water program can issue a call on junior water users, when appropriate, to contribute to stream flows through the late summer and early fall.

## With Big Trees Comes Big Problems

*Jeremy Crawford, Southwestern Montana News*

The Old tall trees around Beaverhead County Highschool are just getting too big. With big trees come big problems and they must go. The pine trees are so big in fact they are starting to pose safety hazards for the school and the roots have begun to mess with the foundation. Leaving the school no other choice but to take down the trees.
