Overtured Excavator Closes Blacktail Road

Jeremy Crawford, Southwestern Montana News

Tuesday September 3, an overtured excavator closed a portion of the Blacktail road. The Driver of the truck hauling the excavator made the final turn on the black tail road heading towards Hwy 91 S. It appears the force of the turn may have caused the trailer and excavator to roll. The excavator came loose from the trailer and ended up in the ditch beside the road. The trailer rolled over and blocked part of the road. Crews are on site working to get the road open and the equipment moved. Traffic is being diverted at the head of the Blacktail Road.

Know Before You Go: A Guide to Bulldog Stadium

Montana Western Athletics is excited to announce the opening of the brand-new Bulldog Stadium. There will be new and exciting features and an opportunity to watch Montana Western Bulldog Football. Please review the updated gameday information below. (gameday information will continue tomorrow as well)

Accessing Your Seat

This year, we are introducing reserved seating in sections A, B, C, and D, with seats numbered accordingly. The far left and right bleacher sections will remain general admission (GA) and will not have assigned seating. Unlike at Vigilante Stadium, seating in the reserved sections is not first come, first served—fans must have a ticket for the specific seat they are occupying. Ushers will be available to assist fans in finding their seats.

Please make sure to have your tickets available when locating your seat.

Entry Gates

Gates and ticket booths will open at 11:30 a.m.

BARC Parking Lot Closure

The BARC parking lot will be closed for general parking on game days. Please plan accordingly and consider alternative parking options.

Game Day Parking (Non-Tailgate*)

Parking will be \$5 per car at the stadium. Cash only. *Tailgating is only allowed in the designated tailgate location. Fans purchasing game day parking will enter at the second entrance into Bulldog Stadium.

Firefighters Quick Response Stops Lightning Caused Fire From Spreading Near Lima

Monday afternoon a thunderstorm brought high winds, a little moisture and a lot of lightning to Beaverhead County. Along with the lightning and high winds come fires and Monday was no exception. Most of the fires were contained and the acreage burned was kept to a minimum thanks to the quick response of our local fire agencies.

The fires are listed below:

COYOTE ~ Newly reported, the Coyote Fire was an unattended campfire along Delmoe Lake Road southeast of Butte. It was contained at less than one acre in size.

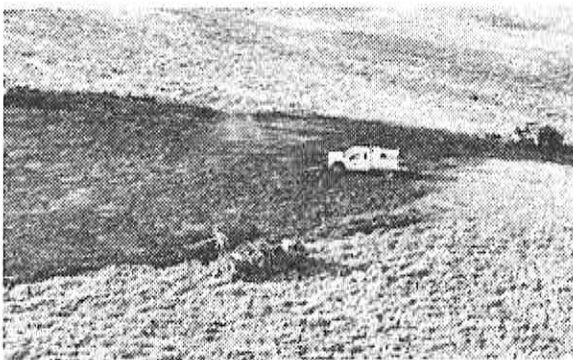

TEX ~ Newly reported, the Tex Fire is located northwest of Coyote Lake in the Big Sheep Creek area west of Lima. Estimated at 3 acres in grass, responding resources knocked down the flames and will mop-up areas of heat this evening.

MCDERMOTT ~ Located northwest of Philipsburg in the Upper Willow Creek area between McDermott Gulch and Corduroy Creek, the fire increased in activity in heavy timber. The fire is estimated at 20 acres.

RATIO MOUNTAIN ~ Fire behavior was active, with short crown runs, group torching, and isolated torching. The fire pushed westerly on the southwest corner, progressing beyond the unnamed drainage where it was previously hung up. Crews will address this area of heat if it advances further and backs down toward Little Whitetail Creek. A helicopter assisted the ground firefighters with water bucket drops. The fire is estimated at 1,158 acres.

GROUSE ~ Fire behavior was active, with the majority of movement north up the Reservoir Creek drainage and west towards the Cow Creek drainage. Firefighters worked to hold the fire along Pettengill Road and keep it north of Pettengill Creek. Two helicopters

dropped water to cool areas of heat in the Grouse Lakes area to keep the fire south of Stine Mountain.
