Bruce H. Jardine

The last chapter of Bruce H. Jardine closed on September 6, 2024 at age 94. Bruce was born November 9, 1929 to Wendell and Anna (Jorgenson) in Dillon, Montana. He attended Jackson School and Beaverhead County High School. Bruce joined his father raising Hereford cattle in the Big Hole Valley.

He married Nancyann Petersen on November 16, 1952. They made their home on the Jardine ranch where they raised their two daughters Linda and Connie. Bruce spent countless hours helping his daughters with 4-H calves and horse activities. Bruce was a member of the volunteer Jackson Fire Department and served as a Beaverhead County deputy sheriff for the Big Hole Valley. He was a longtime member of the Dillon Elks Club hosting many Big Hole dinners with his fellow ranchers. He was a member of the Big Hole Valley bowling team with a weekly trip to Ned-Eva Lanes in Dillon. Inclement weather was not a deterrent but merely an inconvenience. A winter must was playing pinochle in the Wisdom area. The journey to Wisdom over the nearly impassable dirt road just meant it took longer. During the winter months he could be found flying across the fields in his snowplane and ice fishing.

Bruce dabbled in raising mink in the early 1960's. His love of fishing lead him to Ilwaco, Washington in the late 60's running charter boats for salmon fishing. The Jardine ranch was sold in 1973. Bruce and Nancyann made the move to Ilwaco, Washington in 1973 to run their Beacon Charters and RV park.

They returned to Dillon in 1988 to semi-retire. They reunited with old friends and made many new friends. Bruce worked as the water commissioner for the canal for several years and became the household chef. Bruce fished frequently at Clark Canyon reservoir and turned his catch into smoked fish that was renowned in Montana and California. He enjoyed traveling south in the winter, competitive trapshooting and golfing. He never met a stranger and made new friends wherever he went.

He lost the love of his life, Nancyann in 2002. Thanks to the support of his many friends old and new he continued to enjoy his hobbies. Bruce moved to Billings St. John's United WyndStone retirement community in 2023 to be closer to family.

Bruce is survived by his two daughters Linda (Gary) Crowder, (Billings) and Connie Jardine (Burlingame, CA.), his grandsons James Willie Corr and Kale (Lindsey) Crowder and his great grandsons, Maxwell and Coulson Crowder.

Bruce's wish was to have no services. We invite you to celebrate his life privately with a round of golf, catch the big one that got away at your favorite fishing hole or take a trip to the Big Hole Valley that he so loved.

We would like to thank his many Dillon/Big Hole friends that made the last years of his life so wonderful. There are too many to name.

A thank-you to St. John's Hospice and "his girls" at Jenson Cottage for his wonderful care.

**Statement from Barrett Hospital & HealthCare
on Recent Political Campaign Newspaper Ad**

Recently, a political campaign advertisement ran in our community that has raised concerns about closure of hospitals in Montana's rural communities. These ads were not coordinated, approved or endorsed by Barrett Hospital & HealthCare, nor any other hospital named in the ad.

It is important that residents understand that Barrett Hospital & HealthCare remains open and ready to provide vital healthcare services to our community. Our hospital is not facing immediate threat of closure.

We recognize that community members may be concerned by the statements made in these ads. Elected leaders can and will make decisions that affect our ability to continue and improve access to healthcare in all the communities served by rural hospitals across the state. We invite you to learn more about where candidates stand on the healthcare policies that can affect you and your families. Like other Montana hospitals, Barrett Hospital & HealthCare faces many challenges, and we urge community members to continue to engage with us, ask questions and understand the challenges we face.

We are committed to ensuring our community has accurate information about its local hospital. Nearly all the hospitals named in this political campaign ad are designated as 501(c)(3) nonprofit organizations. Under the Internal Revenue Code, all section 501(c)(3) organizations are absolutely prohibited from directly or indirectly participating in, or intervening in, any political campaign on behalf of (or in opposition to) any candidate for elective public office. The tax-exempt status of our hospital is critical to delivering healthcare services in the rural communities we serve. Nonprofit hospitals cannot and will not engage in any activity that would jeopardize this important benefit for our communities.

Engine 18 Gives Back To Student Athletes With Ground Beef Handout

Jeremy Crawford, Southwestern Montana News

Earlier last week Engine 18 received a large shipment of ground beef that was processed by producer partnership and generously donated by rancher Scott Anderson.

On Monday night Engine 18 was able to help local UMW athletes by having a ground beef handout. Students gathered at the new Engine 18 building and were able to get a bag full of ground beef to help them make ends meet.

A little about Engine 18 and the Producers Partnership.

Producer Partnership:

"The Producer Partnership was founded in 2020 because of neighbors looking to help each other during Covid. The simple idea of donating local protein, has resulted in the first USDA federally inspected, nonprofit owned and operated processing facility in the United States.

"We are honored to be able to work with Engine 18 to process local beef donated by area ranchers in Beaverhead County for the Beef Handout Program. We are excited about this very generous donation from Scott Anderson, not only for this donation, but for future donations as well to provide access to beef for student athletes attending the University of Montana Western that are not living on campus" Matt Pierson, Founder and President

Engine 18:

Engine 18 is a tailgating fire engine built in 2017 by a group of University of Montana Western alumni and sports fans in Dillon, MT. Engine 18 was originally built to provide an ultimate tailgating experience, but quickly became a vehicle used for raising money for athletic scholarships at UMW. It was named Engine 18 in honor of UMW football player M.J. Simkins, whose life was tragically cut short. What started as an idea to build a tailgating vehicle to celebrate Bulldog athletics quickly became a means to raise funds for athletic

scholarships and honor not only MJ's life, but the lives of other Bulldog players and coaches past way too soon. Soon after, a beef handout program was started by the organization. Local ranchers who might have a cull cow or bull began donating the animal to Engine 18. In return the organization would pay to have the beef processed into hamburger and handed out to student athletes. Beef handouts typically take place once a month or if the need arises, arrangements can be made for other handout times.

Mark Simkins, a member of the Engine 18 Board, says, "This relationship with Producer Partnership, who picks up the animals, processes them and delivers the hamburger back to us, creates a win-win for Engine 18 and the student athletes at UM Western! We should be able to reduce our operating costs, which will free up more funds for scholarships."

LIMA YARD OF THE MONTH

Do you have a nice yard, do you decorate in Lima for the holidays? Yards can be nominated by anyone, and then the nominees are voted on. The winner gets recognition and a 1 month credit to their water bill. There is one award available each month from May to September, then a winner for October and December (holiday décor).

Congratulations to Kevin and Kathy Stosich for winning the Town of Lima Yard-of-the-Month for August!

Pheasant Release Info

The Beaverhead Chapter of Pheasants Forever #0862 in collaboration with Montana Fish, Wildlife and Parks recently released several dozen pheasants on state lands directly West of mile marker 61 E on 1-15 between exits 62 and 59.

This area can be accessed by trails from either Poindexter parking lot as it's designated as a walk in hunting area.

This release should greatly improve the chances for our local youth to bag a pheasant during the early youth hunt on September 21 and 22.

For more information on the youth early pheasant hunt contact the Montana Fish, Wildlife and Parks website

**National Suicide Prevention Month:
A Call to Compassion and Action**

As we observe National Suicide Prevention Month this September, Barrett Hospital & HealthCare reaffirms our commitment to raising awareness and encouraging open dialogue about mental health. This month serves as a vital reminder of the importance of compassion, understanding, and action in addressing the pervasive issue of suicide in our community.

Suicide is a public health crisis that affects individuals of all ages, socioeconomic backgrounds, and cultures. According to the Centers for Disease Control and Prevention (CDC), suicide claimed more than 49,000 lives in 2022. This statistic translates to a heartbreaking reality: Each loss ripples through families, friends, and entire communities, leaving lasting impacts.

At Barrett Hospital & HealthCare, we believe that the first step in preventing suicide is reducing the stigma associated with mental health issues. Stigma creates barriers, preventing people from seeking help or voicing their struggles. It is imperative that we foster environments—both personal and collective—where individuals feel safe and supported in expressing their vulnerabilities.

According to Amy Wellborn, LCSW, "Often people feel alone in their struggle with depression or anxiety; but the truth is that about one in five US adults live with a mental illness. If it's not ourselves, it is our friends, family, co-workers or others in our lives." Compassionate conversations can dismantle stereotypes, encourage understanding, and inspire those who are suffering to seek help.

Education and access to resources are crucial components in suicide prevention. Morgan Bialas, LMFT explains, "Recognizing the warning signs of someone in distress can be the first step in saving a life. By asking directly if they are experiencing suicidal thoughts, we offer them the chance to share their pain and remind them that they are not alone. Sometimes, a simple question can be the bridge to hope and healing." Barrett Hospital & HealthCare offers a range of mental health services, including counseling and support groups, to our community members. We also engage in outreach programs that offer educational seminars and

workshops, designed to equip people with the tools necessary to recognize signs of distress in themselves and others. By educating ourselves about mental health, we can become proactive in offering support and intervention.

Another cornerstone of suicide prevention is reinforcing the message that seeking help is a sign of strength, not weakness. We must shift public perception and encourage individuals to prioritize their mental health just as they would their physical health. "This is why Barrett clinic providers screen for depression at most visits. It's a good initial gauge for mental health, and begins the conversation, just as checking temperature and blood pressure do for physical health," says Amy Wellborn, LCSW. This month, we urge everyone to take the opportunity to reach out to loved ones, not just to ask how they're doing, but to genuinely listen and support them without judgment.

In conclusion, National Suicide Prevention Month reminds us of the power of empathy, education, and community engagement in battling the silent epidemic of suicide.

If you or someone you know is in crisis, please call or text 988. There is hope. 988LifeLine.org

WORKWEAR

Take Hemp to Work

There's a reason why industrial hemp is the original work canvas. As a crop, it grows quickly with little to no irrigation, and can restore nutrients to topsoil. As a textile, it's durable, breathable and comfortable right off the shelf.
