Lori Kay Waldemar

February 13, 1956 — January 6, 2025

Lori Kay Waldemar, 68, of Dillon, Montana passed away peacefully at home January 6th .

Lori was born in Sheridan, Montana on February 13, 1956. She graduated from Sheridan High School and continued on to receive a Bachelor of Science from Western Montana College.

Lori married Eddie Waldemar on September 30, 1978 in Sheridan. They were married for 41 years before Eddie's passing. Their son Erik was born in July 1979. Eddie and Lori enjoyed following Erik's high school and college basketball career. Lori worked as a teacher in California, Idaho, and Montana, and later became a school bus driver for the Dillon School District, driving for 24 years. She was a softball coach and enjoyed playing softball herself. She belonged to bowling and pool leagues. Lori enjoyed going to craft fairs or crap fairs as she liked to say. It was also important to Lori to support the Dillon giving tree each year. Eddie and Lori spent time together camping, fishing, traveling, and enjoyed finding new places to eat. Eddie was the camp host at Reservoir Lake in retirement and Lori continued to be the host for the campground after his passing.

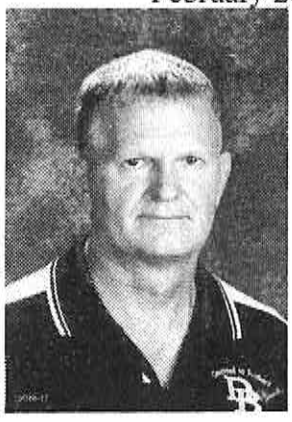

Lori is survived by her son Erik, brother Marc (Gail) Elser, sisters Lissa (Ken) Stewart, Lynn (Reed) Rowberry, sister in laws Brenda (Dave) Borjas and Jerry (Dennis) Rehse, and numerous nieces and nephews.

Lori was preceded in death by her parents and husband.

The Family of Lori Waldemar would like to express great appreciation to Kirk and Jean Bergeson and the Beaverhead ambulance, Jerry Rehse, and Honey Bee Hospice Care.

James Lee Reynolds

February 28, 1965 — January 10, 2025

It is with profound sadness that we share the passing of our beloved father, James Lee Reynolds, who left us on unexpectedly on Friday, January 10th, 2025 at the young age of 59. Surrounded by his loving family in his final moments, he was a man of immense humor and wisdom, cherishing every moment spent with his loved ones.

Montana State Auditor James Brown, Commissioner of Securitiesand Insurance Announces $17 Million Multi-State Enforcement Settlement with Edward Jones

James Brown, Montana State Auditor and Commissioner of Securities & Insurance, a member of the North American Securities Administrators Association (NASAA), announced a $17 million settlement with Edward D. Jones & Co., L.P. (Edward Jones). This settlement is a result of an investigation into the broker-dealer's supervision of customers paying front-load commissions for Class A mutual fund shares in light of later moving brokerage assets into fee-based investment advisory accounts.

"In partnership with NASAA and other state securities regulators, we will continue to protect Main Street investors and ensure that companies operating in Montana follow our securities laws," said Commissioner James Brown, adding, "Our agency appreciates the ongoing cooperation of Edward Jones throughout this investigation and settlement process. Firms that offer brokerage and investment advisory services should be mindful that customers are receiving the services they want at an appropriate price."

The four-year investigation, by a working group of 14 state securities regulators led by Montana and Texas, investigated Edward Jones's supervision of customers moving from brokerage to advisory accounts in light of the 2016 U.S. Department of Labor (DOL) Fiduciary Rule, which would make investment advice to retirement accounts subject to a fiduciary standard of care.

The investigation found that Edward Jones charged front-load commissions for investments in Class A mutual fund shares in situations where the customer sold or moved the mutual fund shares sooner than originally anticipated. The states found gaps in Edward Jones's supervisory procedures in this respect.

As part of the settlement, Edward Jones will pay each of the 50 states, Washington, D.C., the U.S. Virgin Islands, and Puerto Rico an administrative fine of approximately $320,000. Montana was a lead state in this investigation, so it received an additional payment of $15,000 for its administrative and investigatory costs. In evaluating the supervisory failures and determining the appropriate resolution, the states considered certain facts, such as the positive performance of the investment advisory accounts compared to the brokerage accounts.

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a $150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

How much would this cost me?

Tax Increase Estimate	
$8.01 per year	*Estimate for a home with a market value of $100,000*
$24.02 per year	*Estimate for a home with a market value of $300,000*
$48.03 per year	*Estimate for a home with a market value of $600,000*

Please visit the website below for additional tax estimates and information.

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:
Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:
Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

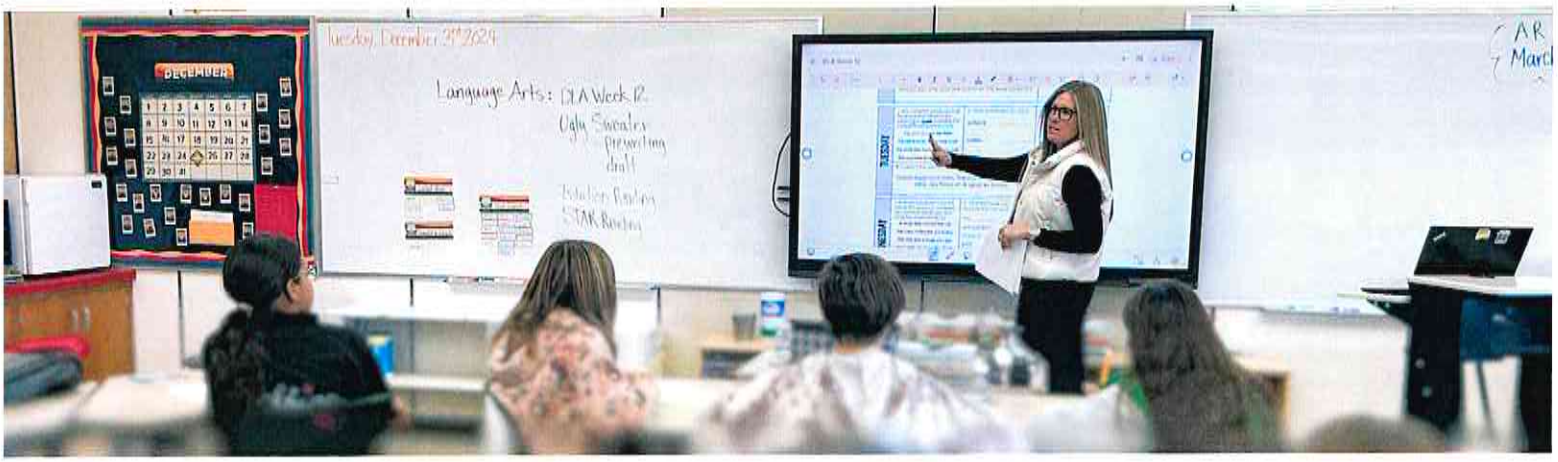

Improving Parent Communication Tools:
Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:
Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

$150,000 Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

10 year term for levy

If approved, the technology levy would remain in place until 2035.

14.7% less per-pupil

Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent $11,388 per pupil, in contrast to Montana's state average of $13,346, as reported in the 2022-2023 school year.

$50,000 - $1 million

Monetary losses to school districts following a cyber incident ranged from $50,000 to $1 million according to the U.S. Government Accountability Office.

23 years

Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a $50,000 annual technology levy.

141%

Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

$275,000 current shortfall

Current technology costs exceed the existing $50,000 technology levy by $275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

Learn more at https://www.dillonschools.org/page/2025-technology-levy or scan the QR Code.
