Word of Passing

Richard "Dick" T Smith has passed away. A full obituary will follow.

Thank You

A huge thank you to Brundage Funeral Home, St. Rose of Lima Church, and all who attended memorial services for James Lee Reynolds on Wednesday, Jan. 15th. The family is extremely grateful for those who showed up and assisted in honoring his life.

Beaverhead Search and Rescue News

Submitted by: Mel Rice, Public Relations

The 39th annual "Stan Shafer Memorial Ice Fishing Derby" was held at Clark Canyon Reservoir Sunday, January 19th. The event, sponsored by the Beaverhead Search and Rescue, started at 7:00 AM and had around 350+ enthusiastic participants who braved the balmy 10 degree weather. The morning was beautiful with no wind. Can't say it stayed that way all day! Even though the weather changed, it didn't dampen the enthusiasm of those trying to bring in the big money fish. It took a little time for the first fish to show up for weighing but after that, things were fairly steady with both ling and trout getting weighed in hopes of getting in one of the four money slots.

Ticket sales this year were up considerably from last year. Everyone purchasing tickets, whether participating on the ice or not, had their ticket stubs in the barrel for the drawing of the 200+ door prizes. There were 4 drawings this year for the 50/50 pots, three winners received \$250.00 and one received \$140.00. The lucky ticket holders were yellow tickets 581307 and 581520, red ticket 329129, and a white ticket 553088.

The winners of this year's trout and ling competitions are:

- ✓ Adult Trout:
 - 1st Place-Steven Heavren, Belgrade, 4 lb. 15.5 oz.-----\$400.00
 - 2nd Place-Eldon Weekly, Dillon, 4 lb. 9 oz.-----\$200.00
 - 3rd Place-Noah Rovente, Lopez Island, Washington, 4 lb. 7.2 oz.-----\$100.00
 - 4th Place-Chrystal White, Glen, 4 lb. 4.4 oz.-----\$50.00
- ✓ Adult Ling:
 - 1st Place-Kenneth Van Vallis, Missoula, 5 lb. 3.2 oz.-----\$400.00
 - 2nd Place-Joseph Lema, Dillon, 4 lb. 13.0 oz.-----\$200.00
 - 3rd Place-Brian Porter, Butte, 4 lb. 2.6 oz.-----\$100.00
 - 4th Place-Samson Marshall, Bozeman, 4 lb. 0.8 oz.-----\$50.00
- Kids Trout:
 - ❖ 1st Place-Kenny Holland, Twin Bridges, MT, 3 lb. 8.9 oz.-----\$75.00
 - ❖ 2nd Place-Jaycee Johnson, Dillon, MT, 3 lb. 6.3 oz.-----\$50.00
 - ❖ 3rd Place (Tie) Baylee White, Glen, MT, and Colter Rabin, Twin Bridges, Mt, 3 lb. 4.3 oz ----- \$12.50 each
- Kids Ling: (only 1 fish turned in)
 - ❖ 1st Place-Avery McCarthy, Dillon, MT, 2 lb. 13.1 oz.-----\$75.00

All in all, the derby was another great success. On behalf of your Beaverhead Search and Rescue, thank you! Tara Remely, the derby chairperson, would like to thank everyone; fisherpersons, ticket buyers, and especially those merchants for their generous donations to our door prize give-aways and helping with ticket sales. Please stop by those merchants who donated and thank them, especially those of you who were fortunate enough to win one of those prizes. If you weren't present or left early and won a door prize, you will be notified of your winning and how to pick it up. Please check out the "Thank You" ad for the merchants' list and merchandise given.

Thanks to the following S&R members for helping set up and working the derby: Tara Remely (derby chairperson), Tommy Goins, Jason Erickson, Mel Rice, Steve Mock, Kolby Malesich, Chuck Maddox, Brad Wagner, Russ Sigman, Alan Holt, Gayle Rawson, Ray Gross, Trent Cottom, Jack

than 10 years of progressively intensive higher education, including years of clinical and surgical training supervised by licensed surgeons. Throughout this process, they gain an average of over 17,000 hours of experience before they are allowed to operate on patients independently.

What makes optometrists different? In short, they do not attend medical school and do not undergo specialized surgical training. Instead, they go to optometry school and are well-qualified to provide basic eye health services, diagnose problems with vision, and give patients lens fittings. Yet, some lawmakers want to let them perform complex surgeries on patients' eyes after completing a mere 32-hour training course.

While advocates for House Bill 218 point to a few other states that have loosened their care standards, they are ignoring the serious concerns coming out of these states, including reports of complications and harmful patient outcomes. With long-established risks of optometrists performing eye surgeries, such stories are sadly becoming more common.

Laws preventing optometrists from performing these surgeries are not outdated; they protect patients from unnecessary risks and complications.

And, while access to quality care is critical for patients in rural communities, it cannot come at the expense of their safety. Rather than lowering care standards, policymakers should focus on strengthening healthcare infrastructure in rural and underserved areas that need more ophthalmologists. Montana's ophthalmologists are already providing comprehensive, quality care to patients across the state; there is no reason to put patients at risk of devastating and sometimes irreversible consequences like blindness.

Again, there is no denying that optometrists play important roles in patients' vision care and eye health; however, they simply do not have the training needed to safely perform scalpel and laser surgeries.

Montana has a history of maintaining high healthcare standards – a standard that our lawmakers should uphold by rejecting House Bill 218. The proposed bill doesn't prioritize patients—it expands optometrists' scope at the expense of patient safety and public health. Montanans, and their eyes, deserve better.

By Gus Stein, M.D. and Kristy Moeller, M.D.

Gus Stein, M.D. is the President of the Montana Academy of Ophthalmology and a practicing eye surgeon in Kalispell. Kristy Moeller, M.D. is the Vice President of the Montana Academy of Ophthalmology and a practicing eye surgeon in Bozeman.

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

 **\$150,000** Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

 **10 year term for levy**
If approved, the technology levy would remain in place until 2035.

 **\$50,000 - \$1 million**
Monetary losses to school districts following a cyber incident ranged from \$50,000 to \$1 million according to the U.S. Government Accountability Office.

 **141%**
Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

 **14.7% less per-pupil**
Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent \$11,388 per pupil, in contrast to Montana's state average of \$13,346, as reported in the 2022-2023 school year.

 **23 years**
Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a \$50,000 annual technology levy.

 **\$275,000 current shortfall**
Current technology costs exceed the existing \$50,000 technology levy by \$275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

Learn more at <https://www.dillonschools.org/page/2025-technology-levy> or scan the QR Code.

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary
School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a \$150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:

Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:

Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

Improving Parent Communication Tools:

Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:

Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

How much would this cost me?

Tax Increase Estimate	
\$8.01 per year	Estimate for a home with a market value of \$100,000
\$24.02 per year	Estimate for a home with a market value of \$300,000
\$48.03 per year	Estimate for a home with a market value of \$600,000
