T.J. Thomas

General Contractor

925-2172

Dillon, MT Since 1991

married Robert (Bob) Scheneider, with whom they had, daughter Ellen, before later divorcing. Mae moved to Dillon, and in 1969 married Roy E McQuiston, together they raised Ellen, Roy (Jr) and Sally. Roy and Mae just celebrated 55 years of marriage. Mae's door was always open and made everyone feel at home. All she met, spoke of her incredible kindness and gentle spirit. Affectionately called "Lala," she was the cornerstone of her family, embodying strength and resilience throughout her life while showering her family with love. She often said, "It's the little things in life that bring joy." We will continue to treasure those small moments when we see peonies, fields of wildflowers, the beauty of hummingbirds, cappuccinos, the joy of puzzles, sugar cookies, and countless other little joys in life. We feel an immense void in her absence. However, we find comfort that she is now resting in heaven.

She is preceded in death by her parents and sister Judy Southwick. Mae is survived by her sister Linda McQuiston, husband Roy E McQuiston, daughter Ellen Schneider, son Roy H. (Amber)McQuiston, daughter Sally (Richard)Brown, grandchildren: Timber (Bryce) Helle, Tiffany McQuiston, Hannah Afoa, Jonathan Brown, great grandchildren: Andrew, Ashton and Anderson Helle, and numerous nieces and nephews, her step daughter Bobbie Jo and son Cody Bleskey, step brothers/sisters and their families.

Lala/Momma, you will always hold a special place in our hearts and will never be forgotten. We can still hear your wit, humor and wisdom. Your presence has transformed our lives, and we eagerly await the day we can be together again.

A private celebration of life will be scheduled at a later time. A guest book is available at www.brundagefuneralhome.com.

Trout Unlimited and UMW Host Fly Fishing Film Tour

Trout Unlimited and the University of Montana Western are proud to host the 19th Annual Fly Fishing Film Tour (F3T) on Friday, February 28, at 6:00 p.m. in UMW's Beier Auditorium. Join us for an evening of world-class fly fishing films, community engagement, and conservation support.

F3T is an annual traveling roadshow showcasing some of the best fly fishing films from around the world. Through a selective submission process, each season's lineup features breathtaking cinematography, compelling storytelling, and inspiring adventures on the water. More than just a film screening, the event fosters a sense of community among anglers while promoting conservation efforts to protect the waters we love.

Trout Unlimited (Chuck Robbins Chapter) and the newly formed UMW Fly Fishing Club have partnered to bring the event to campus. Club members have helped promote the screening and will assist with setup on the day of the event. "Our club is super excited to have the film on campus. It's a great way to get people engaged and excited," said Cooper Weiland, president of the UMW Fly Fishing Club.

Weiland, who helped start the club this year, is eager to see it grow. "Students on campus have taken an interest, and I hope the club can provide a way for new fly fishermen to get involved in the industry. I also want it to be a way for students to grow their knowledge of fly fishing and make connections."

Attendees can look forward to a live emcee, raffle prizes from premium sponsors and local fly shops, and an atmosphere that celebrates the passion for fly fishing. Whether you're a seasoned angler or simply curious about the sport, F3T offers an unforgettable experience.

Since its founding in 2006, F3T has grown into the world's largest community fly fishing event, now spanning more than 14 countries with over 300 screenings annually. In 2023, the tour merged with the Rise Fly Fishing Film Festival, expanding its reach beyond North America to audiences in Australia, New Zealand, Europe, and South America.

This event is open to all. Tickets are \$20, and UMW students receive free admission with a Bulldog Card.

For more information on the film festival, featured films, dates, and locations, visit <https://flyfilmtour.com>.

management and monitoring programs.

"BNSF is grateful for the insight provided by stakeholders in this process," said John Lovenburg, BNSF VP of Environment & Sustainability.

Montana's Outdoor Legacy Foundation (MOLF) will oversee the mitigation funds, directing resources to high-priority conservation projects.

The NCDE is home to one of the largest grizzly bear populations in the contiguous U.S., with an estimated 1,100 bears in the region. The area spans Glacier National Park, the Bob Marshall Wilderness Complex, and surrounding tribal, public and private lands in northwest and north-central Montana. The habitat conservation plan aligns with broader efforts to maintain habitat connectivity and ensure the species' continued recovery under the Endangered Species Act.

"This plan represents a significant partnership and step forward in our continued efforts to bolster grizzly bear recovery and conservation in northwest and north-central Montana," said FWP Director Christy Clark. "Funding from BNSF will support boots on the ground and benefit public safety and grizzly bears. We commend BNSF Railway for working with us on this plan."

BCHS School Play

The BCHS school play this year is Oz, by Don Zolidis. The play, Oz, puts a modern spin on the classic story, The Wizard of Oz, and is a hilarious and heart-wrenching exploration of grief and perseverance on the road to acceptance.

Oz will be performed by the BCHS Drama Club and is directed by Ellie Currey.

Performances will be held in the BCHS auditorium at 7 pm on Thursday, February 27th, and on Saturday, March 1st at 3pm and 7pm.

Tickets are \$7/adults, \$4/kids under 18 and free to all BCHS students and staff. Thank you so much!

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary
School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a \$150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

How much would this cost me?

Tax Increase Estimate	
\$8.01 per year	Estimate for a home with a market value of \$100,000
\$24.02 per year	Estimate for a home with a market value of \$300,000
\$48.03 per year	Estimate for a home with a market value of \$600,000

Please visit the website below for additional tax estimates and information.

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:

Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:

Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

Improving Parent Communication Tools:

Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:

Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

Learn more at <https://www.dillonschools.org/page/2025-technology-levy> or scan the QR Code.
