William "Bill" M. Galiger

Bill passed away early Tuesday
morning February 12, 2025 in Billings,
MT.

A "Celebration of Life" will be
held at the Elks Lodge in Dillon this
spring. We invite everyone who knew
and loved Bill to attend.

We love you buddy!

Barretts Minerals Announces Name Change: High Divide Minerals

Headquartered in Dillon, Montana, Barretts Minerals is
the market leader in high-purity talc mining and processing.
Barretts' mines, located in Montana, provide access to talc of
premier quality, purity, and brightness. The company's unique
end-to-end processing capabilities allow the company to serve
a variety of end markets and product applications with products
that meet or exceed the specifications of its customers.

As part of the company's strategic plan for growth, it is
introducing a new name: High Divide Minerals. The name
change will be effective on February 13th, 2025, marking the
beginning of a new chapter in the company's long history,
which began in Montana in the 1940s.

"Our name change represents one of the final steps in our
transition to standalone operations, and we are grateful for the
outstanding efforts of our employees to make this transition a
smooth one for our customers and suppliers. We are pleased
to continue to provide outstanding products while maintaining
our commitment to safety, environmental stewardship, and
partnership with our community. Although our name is
changing, our core values and dedication to excellence remain
steadfast," said Josh Regan, General Manager of High Divide
Minerals.

Rotary Club of Dillon

The Rotary Club of Dillon will be meeting, Wednesday,
Feb. 19th at 12 Noon at St. James Episcopal Church-Guild
Hall. All are welcome to join us!

Mary Jo O'Rourke is our hostess and has arranged for
our featured speaker to be Matthew Yetter who has a passion
for 3D printing! He operates Wonder World Prints, located
in the English Building. Matthew's specialty is creating
miniatures for Dungeons & Dragons and other roleplaying
games, which he ships worldwide. This is an application
that requires multiple printing technologies. Matthew will
discuss this process and the marketing of this niche product
line in Dillon Montana! All Rotarians are encouraged to
attend!

Our menu will be:

Romance Scams on the Rise, Warns

Montana Commissioner of Securities and Insurance James Brown
The Montana Commissioner of Securities and Insurance (CSI)
is urgently warning residents about the growing threat of romance
scams in the state.

The Rising Threat of Romance Scams

Romance scams, which involve deceptive online relationships
often initiated through dating websites, apps, or social media, have
become increasingly prevalent. Scammers create fake profiles to
lure unsuspecting individuals seeking companionship, ultimately
asking for or stealing money once they've gained the victim's trust.
According to the Federal Trade Commission's Consumer Sentinel
Data Book, a staggering \$823 million was lost to romance scams
through September 2024.

The CSI encourages Montanans to report fraud because these
scams thrive in silence. "We can only help if we know about it,"
emphasized Commissioner James Brown. "It's crucial to report any
suspected fraud to protect yourself and others from falling victim to
these scams."

Montana's Unique Vulnerability

Montana faces challenges when it comes to these scams:

- Geographical isolation in many communities can lead to social isolation
- Montanans' reputation for being caring and neighborly may increase susceptibility
- The state ranked seventh highest in per capita internet crime losses nationwide in 2023, as reported by the FBI's Internet Crime Complaint Center (IC3)

Protecting Yourself from Romance Scams

The CSI offers the following tips to help Montanans avoid falling
victim to romance or investment scams:

1. Be Skeptical: Exercise caution if an online acquaintance refuses to meet in person or requests money
2. Seek Trusted Advice: Consult with friends or family members who can offer an outside perspective on the situation
3. Avoid Money Requests: Never send money to someone you haven't met in person, regardless of professed feelings

Reporting Fraud

The CSI urges Montanans to report any suspected fraud.
Complaints can be filed at csimt.gov/file-a-complaint-2 or by calling
406-444-3815.

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

 **\$150,000** Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

 **10 year term for levy**

If approved, the technology levy would remain in place until 2035.

 **14.7% less per-pupil**

Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent \$11,388 per pupil, in contrast to Montana's state average of \$13,346, as reported in the 2022-2023 school year.

 **\$50,000 - \$1 million**

Monetary losses to school districts following a cyber incident ranged from \$50,000 to \$1 million according to the U.S. Government Accountability Office.

 **23 years**

Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a \$50,000 annual technology levy.

 **141%**

Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

 **\$275,000 current shortfall**

Current technology costs exceed the existing \$50,000 technology levy by \$275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

You're Invited to Elementary Technology Levy Information Meetings

Join us for one of three community meetings to provide information and answer questions about the upcoming levy. Each session will be simultaneously available both via in-person and virtually at the following dates and times, taking place in the Parkview Elementary Cafeteria. We encourage you to join us at one of the sessions to learn more about the 2025 elementary technology levy that will appear on the ballot this May!

Tuesday, February 18th at 5:30pm

Tuesday, March 18th at 6:00pm

Thursday, April 10th at 7:00pm

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary
School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a \$150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

How much would this cost me?

Tax Increase Estimate	
\$8.01 per year	Estimate for a home with a market value of \$100,000
\$24.02 per year	Estimate for a home with a market value of \$300,000
\$48.03 per year	Estimate for a home with a market value of \$600,000

Please visit the website below for additional tax estimates and information.

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:

Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:

Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

Improving Parent Communication Tools:

Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:

Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

Learn more at <https://www.dillonschools.org/page/2025-technology-levy> or scan the QR Code.
