Barbara Jean Willis Friesz

Barbara Jean Willis Friesz, 83 yrs, of Dillon Montana passed away peacefully on February 23, 2025 at Pioneer Care and Rehabilitation, Dillon, Montana.

Barbara was born in Houston, Texas, November 22, 1941 to Archie and Aear Willis. She was the youngest of four children. Their family has strong roots in the south where Barbara had many precious memories of family and close childhood friends. With a delicate southern drawl and beautiful singing voice, she loved sharing music with her brother Marty and family. She also sang for a local Houston radio station.

Barbara married Eugene Floyd Friesz on March 28, 1958. The couple have three children together, Mitchell Gene Friesz, Vincent Leon Friesz and Julianne Friesz, all born in Houston, Texas. In 1969, the brave and adventurous couple decided to move their young family north to where they made their home in Dillon, Montana. Shortly after the move, Barbara enrolled at Beaverhead High School where she received her high school diploma in May of 1970. She achieved this while working, being a dedicated wife, and a mother of three.

Later in life, after her divorce in 1996, Barbara returned to school and, through strength and perseverance, obtained her nursing degree from Montana Tech, Butte, Montana. Barbara's strong work ethic and passion for higher education was ever present. She forged a path for non-traditional students her age for many to follow. Wherever she worked, Barbara's co-workers held a special place in her heart. Whether working as a waitress or as a nurse, she made true and lifelong friendships. Neighbors and friends of Barbara were like family to her. She loved them dearly to the very end. The fondest memories with friends and family are Christmas eves shared with the Prophet Family across the street. Barbara would make a delicious pot of homemade clam chowder and Sandy would prepare the fixings. These evenings were filled with loving hospitality, piano, and carols; making it a family tradition that Barbara and her family would cherish.

As a lover of animals, both dogs and cats alike were

nurtured in her home throughout her life. They always brought her peace and comfort. For many years, Barbara had beautiful flower gardens, which she took much pride in. She loved to sit on the front porch swing, enjoy a glass of southern style sweet tea and soak up the good company, stories, and laughter. She would bask in the Montana fresh air while admiring her beautiful yellow roses and purple clematis. In the fall, from her harvest of raspberries, she would make a "mean" jelly. She enjoyed sharing the fruits of her garden with friends and family.

Sharing in Barbara's life, are her sons Mitchell Friesz, Dillon MT, Vincent Leon Friesz (Brenda) Butte, MT, and daughter Julianne Friesz (Warren) Sioux Falls SD.

Six grandchildren: Stephanie Clack (Don), Janet Friesz (Chad), Aaron Friesz (Cam), Ethan Friesz (Erin), Seth Friesz and Brianna Friesz.

Seven great grandchildren: Coryn Clack, Elias Clack, Alexis Friesz, Amya Friesz, Chenoa Friesz.

Step-great grandchildren: Westley Heylens and Charlie Heylens.

Barbara is united with her parents Archie and Aear Willis; brother Marty Willis and his wife Lucy; sister Shirley Jenkins; brother James Willis.

A celebration of Barbara's life will be held at Brundage Funeral Home, Dillon MT Thursday June 26, 2025 Time 1:00 PM

Good morning, a little late getting results sent out, but better late than never! The race went really well, and I'm stoked with the results. Finals course criss-crossed the course from the day before which made for some icy headwalls and conditions. I'm super pleased with how the sleds are feeling and I'm getting more excited every day for the big show in Jackson Hole!! Thank you for the continued support, lets gooooo!!!

Hands-on activities allow students to gain first-hand experience in trades, technology careers at Highlands College Exploration Day

Highlands College of Montana Tech will host Highlands College Exploration Day for high school students on April 9. Highlands College Exploration Day offers students

hands-on experiences in their chosen field. The Construction Technology-Carpentry Program will showcase a variety of carpentry projects, while tours of the Machining Lab will demonstrate precision manufacturing on CNC machines and lathes,

tours of the Radiologic Technology lab will demonstrate simulation activities, and the line workers will practice knot-tying and explore the bucket trucks, which are part of the Pre-Apprentice Line Program.

"You will have an opportunity to try new things at Highlands College Exploration Day," Highlands College construction technology-carpentry student Jared Edwards said. "It's not going to be class time, it's going to be hands-on. You're going to be changing tires, building a wall, operating a CNC machine, or welding."

Edwards stressed the importance of exposing high school students to choices in the trades and technology.

"Exploration Day helps you discover what you enjoy—and what you don't," Edwards said. "It's important to try things out before committing to a major. You might be interested in something, but until you experience it, you won't know if it's truly for you."

In addition to hands-on activities, students at Highlands College Exploration Day will tour the Highlands campus with current students, learn more about academic programs, enjoy a free lunch, and meet current Orediggers.

Zach Young is also a construction technology-carpentry student from Arizona. He says high school students should know that the trades offer lucrative career options for young

people.

"There's a lot of money in the trades, with a lot of older folks retiring," he said. "There's plenty of openings. That's the biggest thing for blue collar jobs right now, if you like to work with your hands, everybody's hiring."

Evan Winkler is a construction technology-carpentry student from Billings who emphasized that learning by doing is not just a part of Highlands College Exploration Day. It is what students experience every day as students on the Highlands College campus. Construction technology-carpentry students like Winkler spend two years building a three-bedroom, two-bath modular home from start to finish.

"The hands-on experiences are great here," Winkler said. "The instructors are really good. They're very knowledgeable in the field."

Winkler has already completed one internship with Jones Construction in Billings, and he feels he is well-prepared for the jobsite. Winkler, Young, and Edwards say they could sing the praises of the trades and Highlands College, but it's better for students to come and experience the opportunities at Highlands College for themselves.

"We could sit here and talk with them, but they just need to come and try things out," Edwards said.
