Beaverhead County Varsity Beavers Struggle in Loss to Belgrade Panthers, 18-5

Jeremy Crawford, Southwestern Montana News

The Beaverhead County Varsity Beavers faced challenges on Tuesday, falling to the Belgrade Varsity Panthers in an 18-5 loss.

The Beavers managed to get on the board early in the bottom of the first inning when Andrew Bartlome grounded out, allowing Marcus Lagunas to single down the left field line and score a run. However, the Panthers captured the lead in the top of the second inning with a series of plays: Ryas Olson was hit by a pitch, driving in a run, followed by an error that allowed two more runs to score, and another hit-by-pitch call for Max Dunning added another run, giving Belgrade a 4-2 advantage.

The scoring continued in the top of the third inning as the Panthers added five runs on just two hits. Olson was again struck by a pitch, contributing to the score, while Sawyer Olson singled, bringing in two runs, with an error allowing two additional runs to cross the plate.

Belgrade maintained their offensive pressure in the sixth inning, scoring five more runs. Olson drew a walk to add a run, followed by another single from Olson and walks from Dunning, Gage Banks, and Tyler Ritter, each driving in a run. On the mound, Cohen Hartman started for the Beaverhead County Varsity Beavers and allowed two hits and four runs (one earned) over one and two-thirds innings, striking out none and walking one. For the Panthers, Banks started and gave up four hits and three runs in three innings, striking out one and walking one.

Bartlome led the Beavers with four RBIs, finishing the game 1-for-4, while Lagunas was the top hitter for Beaverhead County, going 2-for-3 at the plate.

The Belgrade Varsity Panthers showcased their hitting prowess with a total of 11 hits in the game. Brayton Van Dyken, Andrew Hazen, and Olson each contributed two hits for Belgrade, with the Olson duo proving difficult to handle back-to-back in the lineup, driving in three runs apiece. Additionally, Ritter led the team with two walks, and Belgrade

9X King of Kings
Improved King
1st- Stock 900
1st- Improved 900
1st- Modified 900
2nd- Open Stock

I'm most definitely on Cloud 9 and so proud to bring the King of Kings trophy back to my hometown, Dillon, Mt!! This makes me a 9X King of Kings winner!! I never thought in a million years I would stack up this many wins in my career! It is an absolute blessing and I don't plan on letting off the gas anytime soon! The course this year was very technical & demanding with many separators. So dang fun!

On to Finals Day- The day started out amazing winning Stock 900, Improved 900, and Modified 900. Had a bit of a bobble in Open Stock below the 2nd cat walk and above rock garden resulting in a 2nd place. This gave me just one chance to win Stock King, Improved King, and Modified King. I was focused and ready to make it happen! I was feeling really good during my Stock King run and had a

gnarly line in mind through the rock garden. I nearly made it but not quite, ended up coming off backwards through the rock garden. Thank you HILL HELP!! I then noticed the flag was moved from where it was before King runs. Not gonna sugar coat it, I was not happy about this! I didn't get the memo on gate change. Regardless, I knew what I needed to do in Improved King and made it happen for the Improved King Title! As for Modified King, I was going really fast up to Gate 3, then took a header. Super happy to walk away uninjured.

Final run up the Snow King for King of Kings Championship Title. I knew I would need to lay down a fast run with Blaine Matthews running his Stock Boost and Andy Thomas running his Factory 9 Mod! I threw down as hard as I could and waited at the top. Blaine got hung up below the rock garden, while Andy made it to the top. I came in with a time of 1:27, and Andy was time of 1:28. Huge congrats to Andy & Blaine! The battles were epic!

I was so relieved and happy!! All of my King of Kings wins mean the world to me, but winning King of Kings this year was very sweet with all the adversity! Thank you to Everyone in my corner!

It takes a team and a tribe to accomplish greatness! I'll start with my wife, Katie, for encouraging me to train and be the best I can be. This means a lot of days on the road, training and riding with the Montana Crew, and getting plenty of gym time as well. All while, Katie is taking care of our kiddos, Knoxyn and River, and always preparing the best meals!! Love you. Mom & Dad, always great having you guys at the Hill Climbs. You have been supporting me at the races for many years, and it means a lot having you there. Having my brother, Conrad, in Jackson Hole this year was dang cool, too!

My extended family, friends, and fans keep me lit!! Love you all and having you there cheering me on means more than you know, even for those of you who were watching online! The vibes at Jackson in the crowd is out of this world!!

Dale, you have been my right hand man for 5 years and have become such a key part of the program! Thank you for the countless hours in the shop preparing sleds and being thorough with your work.

Thank you Jackson Hole Snow Devils for putting on a world class event, and to all the volunteers who make the event happen. Jackson Hole is our pinnacle race, and it means a lot to all of us racers and to the industry. Shout out to the Hill-help for saving many of us thousands of dollars!

Moving onto my amazing sponsors. If it wasn't for you, this wouldn't be possible.

Polaris, It is an honor working with you, and riding the best snowmobiles in the industry! Thank you for all of your help, especially over Jackson Hole weekend. Special shout out to Darin Gould, Tom Rager, Darren Hedlund, Kyle Pulsifer, Cal, Jenny, Nels, Reid, Noah, Emma, Goose, Sean & Chelsea and for everyone helping out behind the scenes at Polaris! Big shout out to Jack at Carls Cycle. Thanks to Dustin & John at KLIM. All of my sponsors, thank you!!! Onward to the final 3 races of the season. Let's gooooo!!!

If you have read this far, quick side story on the 9 Improver- My first year racing on the Polaris Factory team was 2008, and happened to be my first year winning King of Kings on a Stock 2008 800 Polaris Dragon. Since 2008, this is the first year I've won King of Kings on a naturally aspirated sled, being a 2025 Polaris 9R Improver with Carls Cycle port/polish, SLP twin pipes, and power dome head! I've always had a special place in my heart for my Improved sleds over the years, especially the 9 Improver. I've been running a 9 Improver since 2019 with Carl's & SLP! More to come on this build on SM!

FWP taking comment on shooting range proposal near Logan

Montana Fish, Wildlife & Parks is conducting a public scoping effort on a proposal to build a shooting range on state trust lands near Logan.

The proposed shooting range would include a rifle range with targets out to 600 yards, separate lanes for pistol and short-range shooting, and shotguns. This proposed shooting range would require an easement for land managed by the Montana Department of Natura Resources and Conservation located along the Interstate 90 corridor approximately two miles outside of Logan.

The land is currently under a grazing lease, which would be purchased by FWP as part of this project.

This public scoping provides an opportunity for the public share concerns or questions while the project is still in the planning phase. These comments will help determine public interest, identify potential issues, and illuminate options for the project moving forward.

The public can comment through April 23. Comments can be emailed to Sam Hoggatt at Samuel.hoggatt@mt.gov, or mailed to FWP care of the Logan Shooting Range Proposal, 1420 E. 6th Ave., Helena, MT 59601.

The entire public scoping notice can be found online.

BLM seeks public comment for September 2025 sale of oil and gas leases in Montana and North Dakota

The Bureau of Land Management Montana-Dakotas State Office today opened a 30-day public comment period to receive public input on plans to include 29 oil and gas parcels, totaling 9,102 acres, in an upcoming lease sale in Montana and North Dakota. The comment period ends April 25, 2025.

The BLM completed scoping on these parcels in March 2025 and is now seeking public comment on the parcels, potential deferrals, and the related environmental analysis. The BLM will use input from the public to help complete its review of each parcel.

Leasing is the first step in the process to develop federal oil and gas resources. Before development operations can begin, an operator must submit an application for permit to drill detailing development plans. The BLM reviews applications for permits to drill, posts them for public review, conducts an environmental analysis and coordinates with state partners and stakeholders.

All parcels that are included in a federal oil and gas lease sale include appropriate stipulations to protect important natural resources. Information on current and upcoming BLM leases is available through the National Fluid Lease Sale System.

The parcels BLM is analyzing, as well as maps and instructions on how to comment, are available on the BLM's ePlanning website at: https://eplanning.blm.gov/eplanning-ui/project/2035530/510.

NOTICE OF RESOLUTION OF INTENT TO IMPOSE POSSIBLE INCREASE IN LEVIES

As an essential part of its budgeting process, **REICHLE ELEMENTARY BOARD OF TRUSTEES** is authorized by law to impose levies to support its budget. Senate Bill 307 requires the District to provide notice of its intent to increase/decrease any **non-voted** levies in the ensuing fiscal year. The District *estimates* the following increase/decrease in revenues and mills for the funds noted below for the next school fiscal year beginning July 1, 2025 using certified taxable valuations from the current school fiscal year.

TOTAL - ALL FUNDS USING PRIOR YEAR TAXABLE VALUE:

	2024-25 Actual Levies		2025-26 Projections				Est. Annual Tax	Est. Annual Tax

REQUIRED 20-9-116, MCA NOTICE (MILLS CALCULATED USING PRIOR YEAR TAXABLE VALUE):

This year, the District expects to use proceeds from the Building Reserve to fund capital improvements as well as operational costs of school safety. The District estimates this funding structure will generate approximately $16,980 during 2025-2026, with a tax impact to local taxpayers estimated at 4.22 mills. These estimates are preliminary and changes are expected before the final budgets are set in August. Please contact Clerk Dalene Hahnkamp at 406-865-0353 if you have questions or need additional information.

Be the Change 406 Coalition

Our Vision: A healthy and safe Beaverhead County.

Our Mission: To increase healthy opportunities and decrease substance misuse among youth through collaboration, education, and advocacy.

From: Be the Change 406 Coalition

Vacancy Announcement: Nonprofit Director

Special Requirements: An exciting opportunity currently exists for a dynamic individual to impact the reduction of substance use and misuse and promotion of healthy community and youth in Beaverhead County!

The Director position will be expected to develop and maintain community partnerships, provide leadership and support of multiple community sectors and age groups, and maintain grant-required measures and reports with integrity. This position will be working directly with county youth to facilitate the youth coalitions' goals and operations.

To be successful the employee must be a self-motivated, organized person who is able to communicate effectively with diverse populations. Strong writing and computer skills are required including creating visual aids, web content management and utilization of Microsoft Office applications. The employee will be expected to apply for and administer grant projects. This requires reporting, fiscal management, and documentation.

A bachelor's degree in a social services, public health, or related field and/or significant experience as program administrator or project manager required, along with relevant experience relating to our mission. This full-time position requires occasional weekend and evening hours, as well as travel within and outside Beaverhead County. Field, office, and remote work abilities will be necessary. Because of these requirements, the employee will be able to maintain a flexible schedule within the 40-hour work week obligation. Background check required. Full job description is attached to online job application.

Email the Hiring Board at btc406board@gmail.com or call (406) 594-1352 for application information.

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a $150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

How much would this cost me?

Tax Increase Estimate	
$8.01 per year	*Estimate for a home with a market value of $100,000*
$24.02 per year	*Estimate for a home with a market value of $300,000*
$48.03 per year	*Estimate for a home with a market value of $600,000*

Please visit the website below for additional tax estimates and information.

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:
Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:
Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

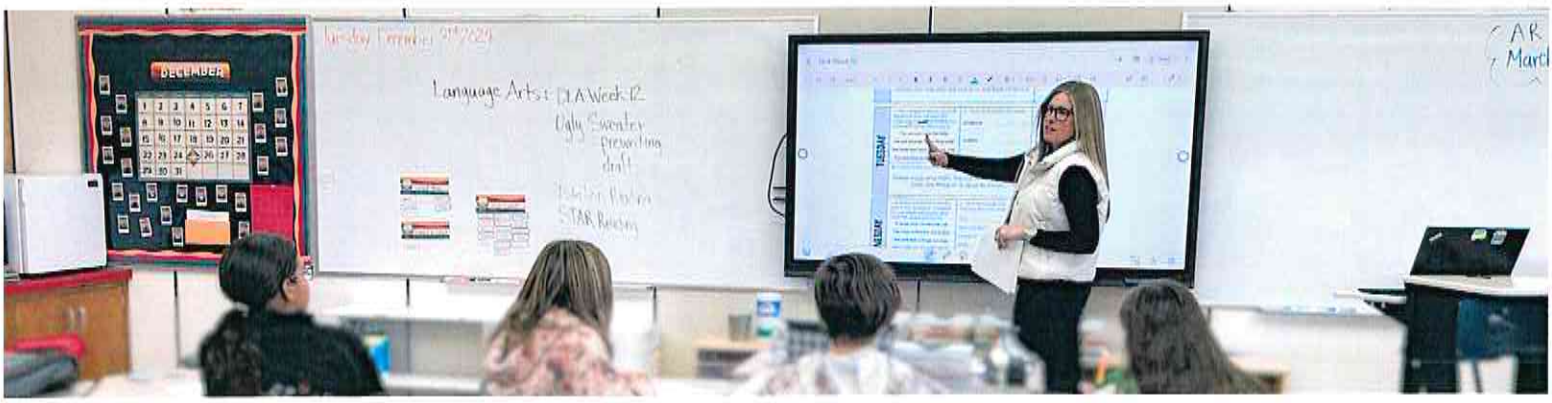

Improving Parent Communication Tools:
Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:
Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

$150,000 Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

10 year term for levy

If approved, the technology levy would remain in place until 2035.

14.7% less per-pupil

Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent $11,388 per pupil, in contrast to Montana's state average of $13,346, as reported in the 2022-2023 school year.

$50,000 - $1 million

Monetary losses to school districts following a cyber incident ranged from $50,000 to $1 million according to the U.S. Government Accountability Office.

23 years

Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a $50,000 annual technology levy.

141%

Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

$275,000 current shortfall

Current technology costs exceed the existing $50,000 technology levy by $275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

You're Invited to Elementary Technology Levy Information Meetings

Join us for one of three community meetings to provide information and answer questions about the upcoming levy. Each session will be simultaneously available both via in-person and virtually at the following dates and times, taking place in the District Conference Room. We encourage you to join us at one of the sessions to learn more about the 2025 elementary technology levy that will appear on the ballot this May!
