Five Bulldogs Earn CSC Academic All-District Honors

The 2025 Academic All-District® Basketball Teams, selected by College Sports Communicators (CSC), were announced this morning, with five Bulldogs earning Academic All-District honors.

The CSC Academic All-America® program recognizes the nation's top student-athletes for their combined achievements on the court and in the classroom. Honorees are selected across four divisions: NCAA Division I, NCAA Division II, NCAA Division III, and NAIA.

The NAIA CSC Academic All-America® program receives partial financial support through the NAIA governance structure.

To qualify for nomination, student-athletes must maintain a GPA of 3.5 or higher and be a starter or key reserve on their team.

Women's Basketball:

Keke Davis, JR (Missoula, Mont. / Hellgate HS)
Maddy Moy, SO (Kalispell, Mont. / Flathead HS)
Payton Hagy, SR (Ephrata, Wash. / Ephrata HS)
Kenzi Pedersen, JR (Palouse, Wash. / Garfield-Palouse HS)

Men's Basketball:

Jacob Ankeny, RS JR (Marsing, Idaho / Marsing HS)

SAVE THE DATE April 4th Puzzles & Pies

What: Join us for all you can eat pie, relaxed puzzling, silent auction, and a raffle!

Team puzzle competition starts at 5:30!

Why: Support UMW students as they fundraise for their trip to Japan in October 2025!

**Attorney General Knudsen: Fentanyl seizures
decrease, felony arrests and other drug seizures
increase in 2024**

As law enforcement in Montana continues to dismantle and disrupt drug trafficking organizations, Attorney General Austin Knudsen announced authorities seized less fentanyl and made more drug-related felony arrests, including arrests of Mexican drug cartel members, in 2024 compared to 2023.

In 2024, Rocky Mountain High Intensity Drug Trafficking Area (RMHIDTA) task forces seized a total of 275,091 dosage units of fentanyl in Montana – compared to 398,632 dosage units in 2023. While last year, fentanyl seizures decreased 31 percent, fentanyl seizures were still up 46 percent from 2022 and up 354 percent from 2021. According to RMHIDTA data, methamphetamine seizures increased 37 percent (211 pounds to 304 pounds) last year compared the year before; cocaine seizures increased 65 percent (41.31 pounds to 68.04 pounds); and heroin seizures increased 1,649 percent (.73 pounds to 12.77 pounds) after one significant seizure.

RMHIDTA task forces also made 551 felony arrests compared to 406 in 2023 – a 36 percent increase. And a 25 percent increase in arrests from 2021 and 2022. The arrests include members of major Mexican drug cartels such as the Sinaloa Cartel and Cartel Jalisco Nueva Generacion. Additionally, of the 58 drug trafficking organizations investigated last year by RMHIDTA, 67 percent were either significantly disrupted or dismantled.

These quantities are from the six RMHIDTA Montana task forces, which includes the Montana Department of Justice's narcotics bureau agents and Montana Highway Patrol (MHP) criminal interdiction teams, which are overseen by Attorney General Knudsen, and are not all-inclusive of drugs seized by all law enforcement in the state but help to provide statewide trends.

"Fentanyl seizures appear to be declining in Montana and

Several changes this year for paddlefishing in Montana

Paddlefish anglers will see a host of new changes in the Montana Fish, Wildlife & Parks 2025 fishing regulations targeted at maximizing paddlefishing opportunities, while also looking to sustain the fishery for years to come.

Among the major changes to this year's paddlefish regulations are that hooks must be barbless or pinched and only one treble hook per line is allowed for snagging. In addition, the use of forward-facing sonar when angling for paddlefish is banned. Lastly, mandatory reporting timelines have changed to account for anglers lacking cell service.

The regulations changes were developed during the fishing regulations review process in 2024, with input from paddlefish anglers across the state.

"We know people are very passionate about maintaining or expanding paddlefish opportunities," said FWP Fisheries Divisions Administrator Adam Strainer. "These changes will ensure paddlefish opportunities continue into the future."

The 2025 fishing regulations were approved by the Montana Fish and Wildlife Commission in November 2024.

A careful review of the 2025 fishing regulations, with particular attention to the paddlefish section, is critical before applying for or buying a tag. In addition, the paddlefish page on the website includes extensive updated information.

Hooks: All hooks must now be barbless or have pinched barbs and only one treble hook per line is allowed for all snagging (harvest or catch and release).

Forward-Facing Sonar: The use of forward-facing sonar is now illegal in Montana for snagging paddlefish. Side-imaging sonar, down-imaging sonar, and 2D sonar are still allowed.

This change is targeted at protecting spawning females, which tend to be larger than males. Forward-facing sonar would allow anglers to target larger fish, which are likely to be female.

Mandatory reporting varies by tag area

- White tag within 48 hours via onsite check station, creel staff, phone hotline, or MyFWP.
- Blue tag within 48 hours via onsite check station, creel staff, phone hotline, MyFWP, or E-tag validation process.
- Yellow or Green tag (new this year, for Missouri River downstream of Fort Peck dam)

before transporting fish or by 9 p.m. the day of harvest via phone hotline or MyFWP only. Self-check stations are for biological data submission only for the yellow and green tag.

Anglers are still required to report the harvest of any paddlefish, and deadlines and methods vary by tag area. However, new this year, anglers lacking cell service can transport an unreported paddlefish and once they are back in service have 48 hours to report the harvest.

Paddlefish tag areas

Anglers now can choose between the yellow tag, green tag (Missouri River downstream of Ft. Peck Dam), blue archery tag (now E-tag only), or white tag (no changes for 2025). For complete details on each tag and to be aware of significant changes in some tag areas, anglers should refer to the regulations or to FWP's paddlefish page.

FWP will introduce an online paddlefish dashboard in 2025 that tracks harvest rates and other information, but in its first year the dashboard will only offer updates for the blue tag area beginning July 1. Anglers interested in paddlefish harvest updates for the yellow and green tag area can continue to check the FWP R7 Facebook page or call the region 7 office at 406-234-0900.

American Legion Post 20 Dinner and Meeting April 2

American Legion Post 20 invites all veterans to dinner and to our General Meeting on Wednesday, April 2, at the Legion Hall. Social time starts at 5:30 pm, and at 6, dinner is Beef Stroganoff, salad, Hawaiian rolls, and lite cherry cheesecake. Dinner is \$12, soda \$1, and other drinks \$2. The General Meeting is after dinner for those who wish to attend. If questions, contact Commander Lois Volkening (406) 925-3774.

FWP releases final Montana Wolf Management Plan

Montana Fish, Wildlife & Parks released the 2025 Montana Gray Wolf Conservation and Management Plan today, wrapping up an extensive public process to capture updates to wolf management strategies and research into a new plan.

The final 2025 Montana Gray Wolf Conservation and Management Plan (2025 Wolf Plan) incorporates updates in wolf-related research, more than 20 years of management experience, evolution in conflict management, new laws, social perspectives, and public input.

"The former wolf plan served us well, but it was time to make sure our management plan contained the evolutions we've made in wolf research, monitoring, conflict management, and the changes to the legal framework we operate under today," said FWP Director Christy Clark.

The 2025 Wolf Plan builds on a foundation of FWP wolf management: monitoring populations, tracking harvest, effective conflict management, and flexibility to integrate evolutions in science.

The 2025 Wolf Plan shifts a key counting metric from the number of breeding pairs to the number of wolves representing at least 15 breeding pairs. The final plan establishes that 450 wolves would ensure 15 breeding pairs. Population estimates will continue to be determined by the peer-reviewed Integrated Patch Occupancy Modeling method, or iPOM. The final plan also reflects the current depredation prevention and response program.

"Wolf management discussions continue to draw a lot of attention from people in Montana and around the world," Clark said. "The 2025 Wolf Plan will ensure those conversations can be grounded in current science and the research FWP is doing every day."

Thank You!

I would like to thank the Youth Group and the Leaders of First Baptist Church of Dillon for voluntarily walking from the Church to my house and then working cheerfully as a well organized team to rake, prune, bag, sweep, and totally clean up my entire yard. It was a good hour of hard work! They brought all necessary equipment (rakes, clippers, buckets, bags and brooms) in a truck and loaded it all up when they were done and then walked back to the church. They were cheerful and kind and good medicine. Thank you all involved!

Letter to the Editor
Subject: Axes Canyon Road Petition

I have lived and worked in this community for most of my life. I retired in 2020 after over 30 years working at High Divide Minerals (formerly known as Barretts Minerals). I live in Beaverhead County and care about this community – that's why I'm writing in support of the reopening of Axes Canyon Road.

Axes Canyon Road was a public county road until 1991, when public access was revoked. In coming years, High Divide's ability to remain in operation will depend on access via this road to the minerals it owns at the Smith Dillon mine.

High Divide Minerals has been a part of our community since the 1940s. I worked there, my son works there today, and I hope the business will exist to employ many future generations of Dillon residents. I'm saddened when I think of my friends and their families who might need to move elsewhere if the jobs at High Divide went away.

High Divide's importance to the community extends beyond those of us who have worked for the company. High Divide is a taxpayer in Beaverhead County, so it funds a piece of every public benefit we enjoy. Money spent by High Divide and by its employees supports countless small businesses here in Dillon. The company is also the largest source of funding for the United Way of Beaverhead County. It is hard to imagine Beaverhead County without High Divide.

Re-opening Axes Canyon Road makes sense. It keeps the hardworking folks at High Divide Minerals employed and protects this community's economy. I urge our county commissioners to approve the petition for the return of Axes Canyon Road to public road status.

Sincerely,
 Mark Hatfield

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

\$150,000

Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

10 year term for levy

If approved, the technology levy would remain in place until 2035.

14.7% less per-pupil

Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent \$11,388 per pupil, in contrast to Montana's state average of \$13,346, as reported in the 2022-2023 school year.

\$50,000 - \$1 million

Monetary losses to school districts following a cyber incident ranged from \$50,000 to \$1 million according to the U.S. Government Accountability Office.

23 years

Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a \$50,000 annual technology levy.

141%

Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

\$275,000 current shortfall

Current technology costs exceed the existing \$50,000 technology levy by \$275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

You're Invited to Elementary Technology Levy Information Meetings

Join us for one of three community meetings to provide information and answer questions about the upcoming levy. Each session will be simultaneously available both via in-person and virtually at the following dates and times, taking place in the District Conference Room. We encourage you to join us at one of the sessions to learn more about the 2025 elementary technology levy that will appear on the ballot this May!

Tuesday, February 18th at 5:30pm

Tuesday, March 18th at 6:00pm

Thursday, April 10th at 7:00pm

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary
School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a \$150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

How much would this cost me?

Tax Increase Estimate	
\$8.01 per year	<i>Estimate for a home with a market value of \$100,000</i>
\$24.02 per year	<i>Estimate for a home with a market value of \$300,000</i>
\$48.03 per year	<i>Estimate for a home with a market value of \$600,000</i>

Please visit the website below for additional tax estimates and information.

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:

Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:

Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

Improving Parent Communication Tools:

Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:

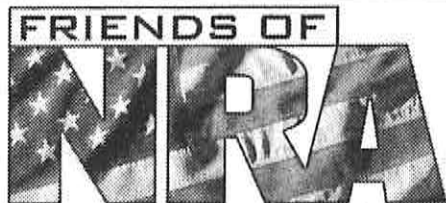

Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

Learn more at <https://www.dillonschools.org/page/2025-technology-levy> or scan the QR Code.

3/27-4/18 BILL

Our Vision: A healthy and safe Beaverhead County.

Our Mission: To increase healthy opportunities and decrease substance misuse among youth through collaboration, education, and advocacy.

From: Be the Change 406 Coalition

Vacancy Announcement: Nonprofit Director

Special Requirements: An exciting opportunity currently exists for a dynamic individual to impact the reduction of substance use and misuse and promotion of healthy community and youth in Beaverhead County!

The Director position will be expected to develop and maintain community partnerships, provide leadership and support of multiple community sectors and age groups, and maintain grant-required measures and reports with integrity. This position will be working directly with county youth to facilitate the youth coalitions' goals and operations.

To be successful the employee must be a self-motivated, organized person who is able to communicate effectively with diverse populations. Strong writing and computer skills are required including creating visual aids, web content management and utilization of Microsoft Office applications. The employee will be expected to apply for and administer grant projects. This requires reporting, fiscal management, and documentation.

A bachelor's degree in a social services, public health, or related field and/or significant experience as program administrator or project manager required, along with relevant experience relating to our mission. This full-time position requires occasional weekend and evening hours, as well as travel within and outside Beaverhead County. Field, office, and remote work abilities will be necessary. Because of these requirements, the employee will be able to maintain a flexible schedule within the 40-hour work week obligation. Background check required. Full job description is attached to online job application.

Email the Hiring Board at btc406board@gmail.com or call (406) 594-1352 for application information.

Complete online application to submit cover letter, resume, and references.
