Grizzly bear killed in encounter near Dupuyer

Like many Montanans do this time of year, a man was shed hunting in north-central Montana near Dupuyer on Friday. The man was searching for antlers on a brushy hillside when he first saw a bear. As he was leaving the area, the bear charged him at close range. He shot and killed the bear. Fortunately, the man was uninjured.

The bear was an adult female grizzly in good condition with no history of conflict and was estimated to be 13 years old and weighing around 250 pounds.

Beavers Dominate Park Varsity Rangers, 16-2

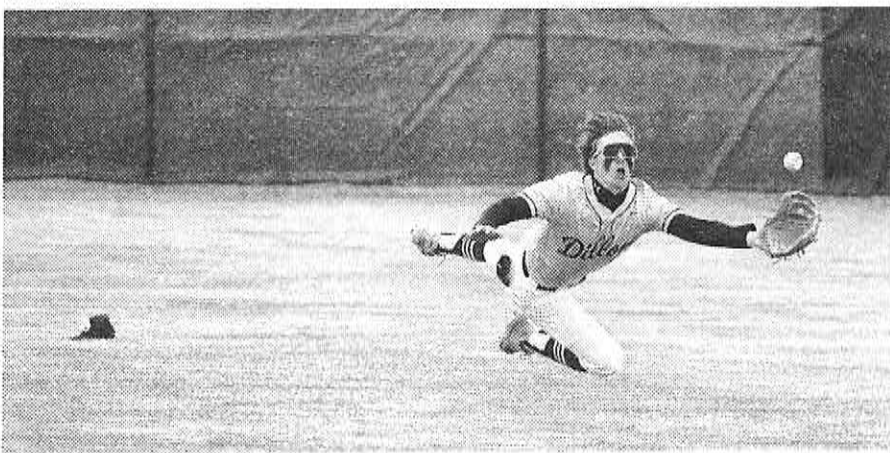

Jeremy Crawford, Southwestern Montana News

Cohen Hartman drove in four runs on just one hit, leading the Beaverhead County Varsity Beavers past the Park Varsity Rangers with a commanding 16-2 victory on Saturday.

Hartman hit a home run to left field in the third inning, scoring three runs, and he also walked in the second inning to bring another run across the plate.

The Beavers began the game strong, taking the lead in the bottom of the first inning. After Carter Anderson induced Marcus Lagunas to hit into a fielder's choice, one run scored. Taylor Handlos then tripled, bringing in three additional runs to put Beaverhead County ahead.

In the second inning, the Beavers added another run after Hartman walked.

The third inning proved particularly fruitful for the Beavers, who scored six runs on four hits. A wild pitch allowed one run to score, followed by Sawyer Tackett's triple that brought in another run. Andrew Bartlome doubled to contribute one more, and Hartman capped off the inning with his three-run homer, extending the lead.

The Beavers continued their scoring spree in the fourth inning, adding five runs despite only registering one hit. Tackett was struck by a pitch, driving in one run, while Bartlome singled, scoring two runs.

Dillon Beavers Varsity Rally to Defeat
Stevensville Yellowjackets, 7-6
Jeremy Crawford, Southwestern Montana News

Kylie Konen led the Dillon Beavers Varsity team with three hits in four at-bats as they fought back to defeat the Stevensville Varsity Yellowjackets 7-6 on Saturday. The Beavers managed to overcome a 5-1 deficit in the third inning to secure the win.

Dillon opened the scoring in the top of the first inning when a wild pitch allowed a run to cross the plate. However, the Yellowjackets quickly responded, taking a 3-1 lead in the bottom of the inning when Lilly Newsom homered to left field, scoring two runs, and S. Maddix Yeager drew a walk that resulted in another run.

Stevensville extended their lead with two additional runs in the third inning, capitalizing on a Dillon error and making the score 5-1.

The tide turned in the top of the sixth inning, as the Beavers mounted a comeback. Tymber Barnes drew a walk to score one run, followed by a single from Kinzy Creighton that brought in another run, allowing Dillon to take the lead.

Adyson Creighton earned the win for the Beavers, pitching six innings, allowing seven hits and three runs (two earned), while striking out nine and walking just one. Tymber Barnes started the game on the mound for Dillon, giving up three hits and three runs (two earned) in one inning of work.

For Stevensville, Morgan Yeager took the loss, allowing 10 hits and seven runs over five and two-thirds innings, striking out six and walking one.

Beaverhead County High School Technology Levy 2025

BCHS Students need help keeping up with the ever- evolving Technological world. We are proposing a Technology Levy this year to keep our students up to date, safe, and ready for the workplace. We have not run a Technology Levy since 2007.

2007 vs 2024

THERE WAS ONLY **ONE** CYBER ATTACK OF RECORD AND THAT WAS IN ESTONIA

THERE WERE OVER **480,000** CYBER ATTACKS IN THE U.S. ALONE

REQUIRED BENCHMARK AND STATE TESTING WAS COMPLETED ON **PAPER**

BENCHMARK AND STATE TESTING IS REQUIRED TO BE COMPLETED **ONLINE**

ALL CURRICULUM IS OFFERED IN **PAPER AND BOOK** FORMAT

CURRICULUM IS MOVING TO **PARTIALLY OR FULLY ONLINE**

TRADITIONAL LITERACY SKILLS WERE ESSENTIAL FOR FUTURE SUCCESS

DIGITAL LITERACY SKILLS ARE ESSENTIAL FOR FUTURE SUCCESS

What is Included in the Technology Budget?

The Technology budget supports more than just Computer Hardware and Software.

- Fire Security
- Door Locks & Bells
- Surveillance Cameras
- Student Information System (PowerSchool)
- Cyber Security
- Disaster Communication

Keeping Our Students Safe

CYBER ATTACKS AGAINST SCHOOLS ARE ON THE RISE

RANSOMWARE ATTACKS INCREASED
827%
LAST YEAR

MALWARE ATTACKS INCREASED
323%
LAST YEAR

The education sector in the United States is consistently among the most targeted for cyberattacks and data theft. K-12 schools are a leading target for ransomware attacks.

CYBER ATTACKS AGAINST MONTANA SCHOOLS ARE ON THE RISE

OF PHISHING LINKS TO MONTANA SCHOOL DISTRICT EMPLOYEES THAT MADE IT THROUGH EMAIL FILTERS AND SECURITY TOOLS INCREASED BY

1,100%

Phishing: Cyber attack, primarily on email, appearing to be from a credible source aiming to trick the recipient into providing sensitive information; passwords, bank information, etc.

A Full 35% of our current annual levy is spent on keeping students and database safe.

Beaverhead County High School Technology Levy 2025

Budget VS Current Technology Levy

Current Technology Levy **\$50,000**
Annual Technology Expense **\$151,000**
(Expenses increase 3%-5% every year)

We are currently investing over **\$100,000** to maintain the tools and resources that support student learning, teacher instruction, and essential programs. This gap is unsustainable. We are at risk of losing critical technology services. The levy is not just about funding equipment it's about preserving the innovative programs that make a difference in our students' education every day.

Estimated Tax Increase

Current Tech Levy \$50,000 Annually
Proposed Tech Levy \$175,000 Annually
New Total Tech Levy \$225,000 Annually

Your Estimated Cost:

If your home is worth \$100,000

- \$2.00 is your current annual tax

If your home is worth \$600,000

- \$12.04 is your current annual tax
- \$42.11 Estimated annual increase
- **\$54.15 Estimated new annual total**
- *\$4.51 Monthly estimate*

Let's Bring it Home!

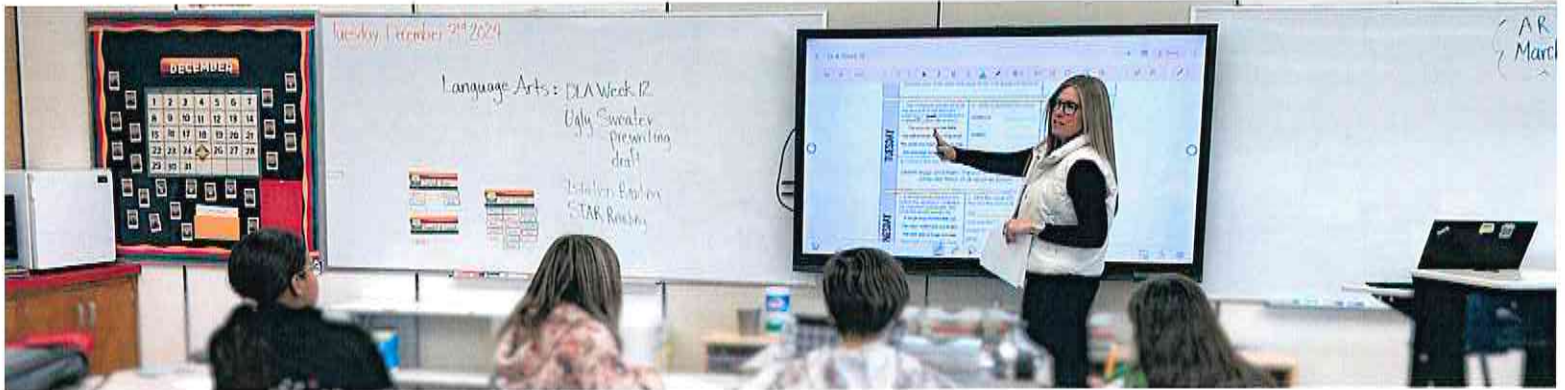

Just as in a household, technology in a business or school setting has the same limitations and needs as your mobile phone:

- **Annual Fees**
- **Cost Increases**
- **Constant Updates**
- **Maintenance and Repair**
- **After a few short years it is outdated and needs to be upgraded.**

Failure to adapt means leaving students at a disadvantage in an increasingly digital world. Today's students must have technology training and familiarity to ensure that their education remains relevant, secure, and future ready!

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

 **\$150,000** Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

 **10 year term for levy**
If approved, the technology levy would remain in place until 2035.

 **14.7% less per-pupil**
Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent \$11,388 per pupil, in contrast to Montana's state average of \$13,346, as reported in the 2022-2023 school year.

 **\$50,000 - \$1 million**
Monetary losses to school districts following a cyber incident ranged from \$50,000 to \$1 million according to the U.S. Government Accountability Office.

 **23 years**
Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a \$50,000 annual technology levy.

 **141%**
Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

 **\$275,000 current shortfall**
Current technology costs exceed the existing \$50,000 technology levy by \$275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

You're Invited to Elementary Technology Levy Information Meetings

Join us for one of three community meetings to provide information and answer questions about the upcoming levy. Each session will be simultaneously available both via in-person and virtually at the following dates and times, taking place in the District Conference Room. We encourage you to join us at one of the sessions to learn more about the 2025 elementary technology levy that will appear on the ballot this May!

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:

Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:

Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

Improving Parent Communication Tools:

Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:

Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.
