Kylie Konen Shines as Beaverhead County Beavers Defeat Corvallis Blue Devils, 16-0

Jeremy Crawford, Southwestern Montana News

Kylie Konen delivered an outstanding performance, collecting four hits in four at-bats, as the Dillon Beavers defeated the Corvallis Varsity Blue Devils 16-0 on Tuesday.

Konen opened the scoring in the first inning after tagging up to score on a play, setting the tone for the game. The Beavers added to their lead in the second inning when Konen singled to the left side of the infield, making it 2-0. They continued to build momentum in the third, with Kinzy Creighton extending the lead to 3-0 through another single.

The fourth inning proved to be a breakout moment for the Beavers, as they scored an impressive 13 runs. Bridget Lovaas hit a solo home run to center field, followed by Konen, who homered to center field, driving in three runs. Katey Vezina also shined in the inning with a single that scored three runs. Tymber Barnes added to the tally by drawing a walk, scoring one run, and Tyler Gibson contributed with a single that brought in two runs. Kinzy Creighton tripled, scoring two runs, and Vezina grounded out to add one more run to the score.

On the mound, Adyson Creighton earned the win for the Beavers, surrendering five hits and no runs over four innings while striking out seven batters and walking two. Taylor Anderson started for the Corvallis Blue Devils, allowing seven hits and ten runs (nine earned) over three innings, striking out four and walking six.

The Beavers amassed a total of 12 hits in the game, demonstrating solid offensive performance. Kinzy Creighton led with four RBIs and went 3-for-4 at the plate, while Tyler Gibson collected two hits in two at-bats. Additionally, Konen paced the team with three walks, and the Beavers exhibited patience at the plate, accumulating nine walks overall and successfully stealing five bases during the game. Libby Jessop led the Corvallis Blue Devils with two hits in two at-bats.

The Dillon Beavers look to continue their success as they travel to take on the Butte Central Maroons for their next game on Wednesday.

Student Research Symposium**

The University of Montana Western invites the campus and local communities to the 18th Annual Student Research Symposium, to be held Friday, May 2, and Saturday, May 3, 2025, in the Swysgood Technology Center Great Room on the UMW campus.

Organized and funded by the Montana Western Biology Club, the symposium showcases undergraduate research, theses, internships, projects, and other scholarly and artistic work from all academic disciplines, highlighting authentic experiential learning.

Attendance is free and open to all. The program will begin with oral presentation sessions on Friday afternoon, followed by a keynote address and a poster session with hors d'oeuvres. Saturday will feature additional oral and poster sessions, concluding in the mid-afternoon. To view the full symposium schedule, click here.

This year's keynote speaker, UMW Assistant Professor of Chemistry Dr. Steven Perry, will present "Endocannabinoids, Inflammation, and Bacterial Sabotage." Dr. Perry earned a B.S. in Ecology and Evolutionary Biology from the University of California, Santa Cruz. During his studies, he conducted research on the social behavior of golden-crowned sparrows in Dr. Bruce Lyon's lab and investigated transcription elongation in yeast in Dr. Grant Hartzog's lab. Dr. Perry then carried out post-baccalaureate research on retinal neuronal axon guidance in the lab of Dr. Woj Wojtowicz at UC Berkeley. Dr. Perry obtained his Ph.D. in Chemistry and Biochemistry from the University of California, Santa Cruz, where he worked in the lab of Dr. Ted Holman to understand the structure of human lipoxygenases and their role in immune signaling.

For more information, contact Dr. Michael Morrow, Professor of Biology, at michael.morrow@umwestern.edu or 406-683-7254.

If adopted, the new policy would direct the DNRC to notify water rights owners whenever their rights are placed on the Land Board agenda for potential state action. This notification would allow owners to prepare, attend meetings, and offer public comment as part of the official record.

Dillon Public Forum

The Dillon Local Government Review Commission will hold a public forum on May 20, 2025 at the Elks Lodge in downtown Dillon. The time of the forum will be from 6 to 8 pm. This intent of the gathering will be to listen to the public, facilitate discussion, and to answer questions about options the residents of Dillon have in the form and power of our Municipal Government. The five-member Local Government Review Commission will be in attendance to help answer questions, provide visuals, initiate a survey, and provide materials to the public.

Montana's Constitution is unique in the US in that it provides the opportunity for local government evaluation to occur every 10 years, if the voters so desire. Whether you are happy or not with your local government, this process of evaluation may give residents ideas of a government that is more responsive, sensitive, efficient, and cost effective to their needs.

There will also be at least one public hearing later in the summer for the public to express their wishes if they want a change in their local government. If the commission concludes from the survey, interviews, and public hearing that the public wants a change in local government, they will write a report that explains the rationale of the change they have decided upon. That change of government will appear on the general ballot in November of 2026 for the voters to make the final decision.

Beaverhead County Beavers Defeat
Lone Peak Big Horns, 9-4
Jeremy Crawford, Southwestern Montana News
Taylor Handlos was a standout performer for the Beaverhead County Beavers, collecting three hits in four at-bats as the team defeated the Lone Peak Varsity Big Horns 9-4 on Tuesday.

The Beavers struck first in the second inning when Sawyer Tackett singled, bringing one run across the plate. They extended their lead in the third inning with a double by Kanin Engelhardt, which scored one run, followed by Handlos's single that drove in two more runs.

Lone Peak fought back and tied the game in the bottom of the fifth, thanks to a triple by Ebe Grabow, a walk from Oliver McGuire, and a defensive error by the Beavers.

However, Beaverhead County regained control in the top of the sixth. The inning featured an Andrew Bartlome single to left field, a walk by Trenton Moreni, and another walk from Marcus Lagunas, ultimately leading to a run-scorer ground out from Engelhardt.

Sawyer Tackett secured the win for the Beavers, pitching five and two-thirds innings and allowing three hits and four runs (one earned). He struck out three batters and walked six. Brady Johnson took the loss for Lone Peak, allowing five runs (four earned) on three hits over just one-third of an inning while striking out one and walking two. Grabow started for the Big Horns, surrendering seven hits and four runs (one earned) over five innings, with three strikeouts and no walks. Cohen Hartman pitched one and one-third innings of relief for the Beavers, giving up no runs and striking out three.

Beaverhead County piled up a total of 11 hits in the game, with Tackett and Handlos leading the way with three hits each. Both Handlos and Engelhardt drove in two runs, while Andrew Bartlome contributed two hits in four at-bats. Handlos also showcased his speed, stealing two bases during the game. Ebe Grabow led the Lone Peak Big Horns with one RBI, going 1-for-2 at the plate. In addition to Grabow, McGuire, Steen Mitchell, and Grabow each recorded one hit for the Big Horns. Sidney Morris led the team with two walks, contributing to their efforts as they accumulated a total of six walks during the game.

The Beaverhead County Beavers will return to action on Friday, when they host the Broadwater Bulldogs in their next game.

Veteran's Corner Update

By Mike Lawson

Our Veteran Organization's numbers have dwindled over the years and some have had to disband. The younger veterans are hesitant to become involved because it is a commitment of their effort and time. Being Commander of American Legion Post #1, here in Butte, it was encouraging to swear in 6 members, this past week. Hopefully this is a sign of positive things to come. Veterans have served their country, many in combat. To continue to serve in a Veteran's organization that helps their communities, vets in need, and in many other ways, is a commitment that fills each of us with pride that we are able to make a difference in someone's life.

The Montana VA is recognizing "Nation Volunteer Appreciation Week, April 20-26. Nationally, in Fiscal Year 2024, more than 27,900 active volunteers served more than 3.5 million hours of service to Veterans, their families, caregivers, and survivors at VA medical facilities across the country. Along with community partners, they generously donated more than \$96.4 million to the VA in gifts and donations.

For the Montana VA in 2024, there were 190 volunteers who served more than 35,850 hours across the state. The Volunteer Transportation Network (VTN), made up of mainly DAV Vans/Drivers, served more than 35,850 hours as they transported 8,888 Veterans and drove 314,140 miles. Impressive to say the least.

In closing, may you all have a good and safe week. Better weather is right around the corner.

Dillon Elementary School District #10

2025 Technology Levy

By the Numbers

 **\$150,000** Technology Fund increase to protect student and staff data, purchase student learning software, improve parent communication tools and maintain and replace instructional devices.

 **10 year term for levy**
If approved, the technology levy would remain in place until 2035.

 **14.7% less per-pupil**
Dillon Elementary School District spends 14.7% less per-pupil than Montana's per-pupil average. SD #10 spent \$11,388 per pupil, in contrast to Montana's state average of \$13,346, as reported in the 2022-2023 school year.

 **\$50,000 - \$1 million**
Monetary losses to school districts following a cyber incident ranged from \$50,000 to \$1 million according to the U.S. Government Accountability Office.

 **23 years**
Number of years since Dillon Elementary School District has requested technology funds, despite growing demand. Currently, the district has a \$50,000 annual technology levy.

 **141%**
Increase in technology-related costs over the last 7 years ensuring students and the district can keep pace with technological advancements essential for modern education.

 **\$275,000 current shortfall**
Current technology costs exceed the existing \$50,000 technology levy by \$275,000. A new technology levy would increase funding and allow general funds to be reallocated to support our students, teachers, staff, and community.

You're Invited to Elementary Technology Levy Information Meetings

Join us for one of three community meetings to provide information and answer questions about the upcoming levy. Each session will be simultaneously available both via in-person and virtually at the following dates and times, taking place in the District Conference Room. We encourage you to join us at one of the sessions to learn more about the 2025 elementary technology levy that will appear on the ballot this May!

Tuesday, February 18th at 5:30pm

Tuesday, March 18th at 6:00pm

Dillon Elementary School District #10

2025 Technology Levy

Dillon Elementary
School District #10

Why is Dillon Elementary asking for a technology levy increase?

Dillon Elementary School District #10 is asking for voter approval of a \$150,000 technology levy increase in the May 2025 election to help maintain and update critical educational technology. This additional funding will support the following:

- Protecting Student and Staff Data
- Purchasing Student Learning Software
- Improving Parent Communication Tools
- Maintaining and Replacing Instructional Devices

How much would this cost me?

Tax Increase Estimate	
\$8.01 per year	Estimate for a home with a market value of \$100,000
\$24.02 per year	Estimate for a home with a market value of \$300,000
\$48.03 per year	Estimate for a home with a market value of \$600,000

Please visit the website below for additional tax estimates and information.

The Dillon Elementary School District technology levy will provide sustainable funding to maintain a safe learning environment, ensure reliable access to educational resources, purchase parent communication tools and digital learning platforms as well as maintain and replace instructional devices.

Protecting Student and Staff Data and Privacy:

Annual threat response and cybersecurity subscriptions are vital in protecting student and staff data and maintaining a safe learning environment. In 2023, 22% of all data breaches involved the education sector, highlighting the significant risk and need for effective data protection measures.

Purchasing Student Learning Software:

Annual software fees for student assessment and learning tools are essential to the success of our students. The variety of educational resources provides personalized learning experiences, allowing students to progress, addressing their individual needs in an effective and enjoyable way. Additionally, it offers valuable data and insights to help us track progress, identify areas for improvement and tailor instruction to better support student achievement. Technology directly impacts our students' success.

Improving Parent Communication Tools:

Effective parent communication technology is crucial for fostering a supportive school community focused on student success. These funds will enable timely updates and the purchase of tools that enhance collaboration between parents and educators, improving student outcomes. Additionally, communication technology supports both administrative functions and the diverse needs of students.

Maintaining and Replacing Instructional Devices:

Maintaining and replacing instructional devices is crucial for keeping technology up to date and supporting effective teaching. Annual IT support contracts help our small school manage technical issues, maintain a productive learning environment, and allow educators to focus on student success. We also need repairs for devices used in state-mandated assessments.

What is Included in the Technology Budget?

The Technology budget supports more than just Computer Hardware and Software.

- Fire Security
- Door Locks & Bells
- Surveillance Cameras
- Student Information System (PowerSchool)
- Cyber Security
- Disaster Communication

Keeping Our Students Safe

CYBER ATTACKS AGAINST SCHOOLS ARE ON THE RISE

RANSOMWARE ATTACKS INCREASED LAST YEAR
827%

MALWARE ATTACKS INCREASED LAST YEAR
323%

The education sector in the United States is consistently among the most targeted for cyberattacks and data theft. K-12 schools are a leading target for ransomware attacks.

CYBER ATTACKS AGAINST MONTANA SCHOOLS ARE ON THE RISE

OF PHISHING LINKS TO MONTANA SCHOOL DISTRICT EMPLOYEES THAT MADE IT THROUGH EMAIL FILTERS AND SECURITY TOOLS INCREASED BY

1,100%

Phishing: Cyber attack, primarily on email, appearing to be from a credible source aiming to trick the recipient into providing sensitive information; passwords, bank information, etc.

A Full 35% of our current annual levy is spent on keeping students and database safe.

Beaverhead County High School Technology Levy 2025

Budget VS Current Technology Levy

Current Technology Levy **\$50,000**
Annual Technology Expense **\$151,000**
(Expenses increase 3%-5% every year)

We are currently investing over **\$100,000** to maintain the tools and resources that support student learning, teacher instruction, and essential programs. This gap is unsustainable. We are at risk of losing critical technology services. The levy is not just about funding equipment it's about preserving the innovative programs that make a difference in our students' education every day.

Estimated Tax Increase

Current Tech Levy \$50,000 Annually
Proposed Tech Levy \$175,000 Annually

- **\$54.15 Estimated new annual total**
- *\$4.51 Monthly estimate*

Let's Bring it Home!

Just as in a household, technology in a business or school setting has the same limitations and needs as your mobile phone:

- **Annual Fees**
- **Cost Increases**
- **Constant Updates**
- **Maintenance and Repair**
- **After a few short years it is outdated and needs to be upgraded.**

Failure to adapt means leaving students at a disadvantage in an increasingly digital world. Today's students must have technology training and familiarity to ensure that their education remains relevant, secure, and future ready!
