Multiple Agencies Respond to Buggy Gulch Fire Near Clark Canyon Dam

Jeremy Crawford, Southwestern Montana News

Two DNRC helicopters, a DNRC engine, Lima Fire Department engines and a Forest Service module are responding to the Buggy Gulch Fire, located approximately 20 miles south of Dillon, just past the Red Rock Exit. The fire is visible from I-15.

As of 6:45 p.m. on Tuesday, July 1, the fire is estimated at 20-30 acres, burning in brush and sage and being pushed by strong winds. Additional resources are en route. The fire is believed to be lightning-caused. No structures are threatened at this time. Updates will be given when more information becomes available.

Ray and Jo White Celebration of Life

On Tuesday, July 8th, at 2:00, Ray and Jo White's family will have a short, informal celebration of life gathering at Clark Canyon Dam. We invite anyone who knew them to please feel welcome. Since we're not exactly sure where to meet at the lake, we ask that you come to their home - 135 South Argenta Street - and we'll carpool.

Please arrive between 1:00 p.m. and 1:15 p.m.

July 4 Pancakes, Bake Sale & Silent Auction

Grasshopper Valley Volunteer Fire Department 4th of July Pancake Breakfast Fund Raiser. We are extremely proud of our Fire and EMS volunteers who put in countless hours training and preparing for emergencies in the area. T he Grasshopper Valley Ladies Club will hold their bake sale and there will be a Silent Auction.

Proceeds will benefit GVVFD and donations are appreciated. Please join us from 8-11am at the Fire Station in Polaris to support the Grasshopper Valley Volunteer Fire Department, get to know our volunteers and celebrate Independence Day with us.

Hoot-owl restrictions took effect on Madison and Sun rivers

Hoot-owl restrictions took effect Wednesday at 2 p.m. on the lower Madison River from Warm Springs BLM day-use area downstream to the Jefferson River, and on the Sun River from the mouth of Muddy Creek to the Highway 287 Bridge.

Hoot-owl restrictions remain in place on the upper Madison above Hebgen Lake. Hoot-owl restrictions prohibit fishing from 2 p.m. to midnight each day. These restrictions will stay in effect until conditions improve.

FWP's drought policy provides for angling restrictions when flows drop below critical levels for fish, when water quality is diminished or when maximum daily water temperatures reach at least 73 degrees for three consecutive days. Water temperatures of 77 degrees or more can be lethal to trout.

Along with monitoring stream temperatures, FWP also monitors stream flows and in some streams holds instream flow water rights. FWP's water program can issue a call on junior water users, when appropriate, to contribute to stream flows through the late summer and early fall.

Donations Needed for Candle Dipping & Rag Doll Making

The park is always in need of candle wax (any size or color) and crayons to be used at the candle dipping station during Bannack Days. This is always a very popular activity for families.

We also need cotton fabric and/or cut strips to be used at the rag doll making station during Bannack Days and Kids Day. Strips need to be 1 ½ inches wide and either 42-45 inches or 22 inches long. There is also muslin to be cut in to 12-inch squares. Visitors of all ages will make and take home their very own dolly.

Donations may be taken to Bannack or call/text Arlis Vannett (406-925-2209) to arrange a pickup or drop off in Dillon.

Attorney General Knudsen Appoints Emily Jones to Judicial Standards Commission

Attorney General Austin Knudsen announced the appointment of Billings attorney Emily Jones to the Montana Judicial Standards Commission (JSC). With over 15 years of private practice experience, Jones brings a wealth of legal expertise to this critical role, ensuring Montana's judiciary upholds the highest ethical standards.

Jones has represented a diverse clientele, including Fortune 500 companies, small businesses, nonprofits, and individuals. From 2022 to 2024, she served as a special assistant attorney general, supporting the Montana Department of Justice on complex civil litigation. In 2025, she was appointed to the Montana Advisory Committee to the U.S. Commission on Civil Rights.

A graduate of the University of Montana School of Law, Jones is licensed to practice in Montana state and federal courts, Arizona superior courts, the Ninth and Tenth Circuit Courts of Appeals, and the U.S. Supreme Court.

The Judicial Standards Commission investigates allegations of judicial misconduct or unethical behavior, safeguarding the integrity of Montana's courts. The five-member commission includes two district judges appointed by the Speaker of the House and confirmed by the Senate, one attorney with at least 10 years of Montana practice appointed by the Attorney General and confirmed by the Senate, and two non-attorney, non-judge citizens appointed by the Governor and confirmed by the Senate. Members serve staggered four-year terms.

Jones' term will run from July 1, 2025 to June 30, 2029.

BLM greenlights Montana pipeline project to bolster U.S. energy independence

The Bureau of Land Management approved a natural gas pipeline in Montana that will strengthen America's energy supply and create jobs in the local community. This project marks important progress in expanding energy infrastructure on public lands.

"Approving this project reflects our commitment to strengthening America's energy independence," said BLM Acting Director Bill Groffy.

The BLM approved NorthWestern Energy's proposal to construct the 74-mile Helena to Three Forks natural gas pipeline through an accelerated 14-day environmental review process, which is being used in response to the national energy emergency declared by President Donald J. Trump.

The pipeline route includes approximately nine miles of BLM-managed public lands and will follow an existing utility corridor to minimize new ground disturbance and ecological disruption. Construction of the 16-inch buried pipeline will occur in phases between spring 2026 and fall 2029.

This approval aligns with BLM's broader mission to support responsible energy development on public lands. Through strategic permitting, land stewardship, and environmental safeguards, BLM helps ensure a reliable domestic energy supply and reduces dependence on foreign resources. The BLM also plays a critical role in overseeing the extraction of essential minerals on federally managed lands, which are vital for sectors ranging from clean energy technologies to national defense.

Veteran's Corner Update #315

By Mike Lawson

Veteran News Updates:

- American Legion Post #1 and Copper City Harley Davison sponsored a Motorcycle Rally/Show that awarded a cash prize and plaque for the 3 top dressed motorcycles. It was a two day event where we provided hamburgers and hotdogs right off the grill. We used a neat adjustable grill called a Santa Maria grille made out of an old International pick-up bed. I had the privilege of flipping hamburgers and hotdogs. Nothing like eating meat in a bun when you're outside. It was a great community event that we as Veterans were able to have fun providing.
- 1 in 3 Veterans have arthritis and I am one of them. It can be painful and for some its hard to travel for treatment. The VA now has a program called the TeleRheumatology program. Veterans are now able to connect with a VA rheumatologist (a doctor who specializes in inflammatory diseases) through video Telehealth visits. It's worth checking out if you're dealing with pain and suffering. If you are interested, talk with your VA care team to see if it is available in your area. Check out Telehealth at the VA Telehealth Services website. I just recently had an annual physical and am going to get lab work done to see if I qualify.
- One of our Montana WWII Navy Veterans, William George, turns 100 on July 14, 2025. He worked in the Submarine Service. The story goes that he stole his fathers signature, ran away from home and joined the Navy at 17. He was sent to Dutch Harbor, Alaska to work recommissioning World War I submarines to use in WW II. After leaving the Navy he worked many years as a sales rep for Campbell's soup. He now resides at the Missoula Senior Center where at 1:00 pm he'll have a party. We need to hear these kinds of veteran stories and salute these old timers for their service.
- I just read a frightening static that more than 300,000 Veterans suffer Cardiac arrest each year, and only 20% survive. If a Veteran, in this situation, can get immediate CPR the chances of survival can double or triple. The VA offers hands-on sessions where caregivers can learn and practice using CPR and an AED. It can make the difference of saving or not saving a life. To enroll in CPR and AED training, call the Caregiver Support Line toll free at 1-855-260-3274 or visit the CSP Teams/Caregiver Support Team Locator.
