3 Rivers Backcountry Horsemen Project

On August 11-12 members of the 3 Rivers Chapter joined with members of Wild Montana to do some trail clearing and campground clean up at Waukena Lake in the East Pioneers north of Dillon. Several down trees were cleared from the trail on the way in, however, a couple were too large for the crosscut saws the group brought. Those trees will await another trip. They started the cleanup by getting cans, aluminum foil, and other garbage out of the fire rings.

The group stayed overnight and finished the clean up on the morning of the 12th. The entire area was patrolled and more garbage was gathered and bagged for the pack out and appropriate disposal. This effort is all part of "Light on the Land" and "Leave no Trace", ethics that both groups endorse and would like to see everyone put into practice.

On the way out the group located and marked invasive weed patches and will turn these locations over to the Forest Service for future spraying. This type of work is one part of the Backcountry Horsemen's group purposes of assisting government and private agencies in proper land management.

Everyone had a great time and all are looking forward to our next project.

to traffic and traffic laws as the school year begins**

As school starts, the Montana Highway Patrol (MHP) is reminding Montanans to be mindful of school bus laws to help ensure Montana students get to and from school safely.

"As the school year begins, we want to remind everyone who is sharing our roads to do so in a safe manner," MHP Colonel Kurt Sager said. "By obeying traffic laws and signals while in school zones, you can help ensure everyone makes it to and from school safely."

From 2023-2024, there were a total of 144 school bus violations, 80 citations, and 29 warnings issued to those who failed to obey school bus traffic laws.

Keep these traffic laws in mind when approaching a school bus:

- Prepare to slow down when you see the amber/yellow flashing lights. Stop 30 feet from a stopped school bus when it is flashing red lights.
- When a school bus is stopped at a four-way intersection, vehicles can't turn left, turn right, or pass the school bus.
- When the stop arm is out on a school bus and there is a raised median, all traffic traveling in the same direction as the bus must stop.
- When the stop arm is out on a school bus on a non-divided highway or two-lane road, traffic traveling all directions must stop within 30 feet of the bus.

MHP also reminds Montanans to slow down and pay attention to the changing speed limits in school zones, look for children crossing the street near schools, and not to pass a school bus that is stopped.

Reckless driving penalties for drivers who pass, in either direction, a stopped school bus that is displaying the visual flashing red signal is a \$285 fine for a first offense and a \$785 for a second offense.

Veteran's Corner Update #322

By Mike Lawson

Veteran News Updates:

• Last Sunday our Marine Corps League Det. #724, once again ran the Hunter's Safety firing line with a few members of the VFW and American Legion helping us out. We've been doing this twice a year for at least the last 20 plus years. Most of the participants are 12 to 15 yrs old, although a few adults are participants also. Each of us are a one on one coach to each kid. There is usually a good mix of both boys and girls, who go through this course. Some of these kids have never fired or handled a rifle. We use 22 rifles to teach proper gun safety (respect), teach them what a sight picture is, proper breathing and trigger squeeze before allowing them to start firing their rifle. They're allowed to shoot five rounds, with their veteran coach guiding them through it in a safe manner. After five rounds from each of them have been fired, their rifle is laid on the bench with an open bolt. Once the firing line is safe and clear, they and their veteran coach go to each individual's target. They are coached on what they did wrong or did right. They then go back to the firing line and wait for permission to fire the last five rounds. It's always amazing to see most of them improve their shooting with these last five rounds. For all of us Veterans who have the privilege to coach these kids, it's one of the most satisfying things we could ever do. Gun safety/shooting classes are something that should be a requirement before ever buying or using a gun. This is just my opinion.

"Getting Veterans Off the Streets". This is a title to describe the VA's new surge initiative to find unsheltered Veterans by meeting them where they are and fast tracking their access to housing and care. 46,000 homeless Veterans were housed in 2023 and that number has continued to increase each year since then. Veterans Treatment Court, VA striving to break the link between homelessness and suicide, partnerships between the VA and agencies like "Volunteers of America" are a few of the things helping veterans. If you are or know a Homeless Veteran, contact the National Call Center for Homeless Veterans at 877-424-3838.
