Curtis (Curt) D. Foust

Curtis (Curt) D. Foust, age 81, of Dillon, Montana, peacefully passed away on August 9, 2025, with loving family by his side. Curt was born on August 11, 1943, in Billings, Montana, to parents Owen D. and Rhoda E. (Caldwell) Foust. His family moved to Wibaux, Montana where he played high school football and graduated from the Wibaux County High School. On September 12, 1964, he married his high school sweetheart and love of his life, Patricia A. Foust (Schieffer). They lived in Billings for a short time and then moved to Glendive, Montana, where they lived and raised their three children. In 1999, they moved to Dillon, Montana, where they both eventually retired.

Curt spent the majority of his career in road construction in equipment maintenance, belonging to the International Union of Operating Engineers. When not working on roads, he enjoyed carpentry and model trains as hobbies. Throughout their marriage, he remodeled five houses and two small apartment buildings with Patricia as his interior decorator. Regarding his love of model trains, at one point he had built out enough train track with model scenery and villages to expand across the length of their basement. When not constructing something, he enjoyed slow scenic drives, many in Makoshika State Park with his family and a picnic basket.

Curt was preceded in death by his wife, parents, and sister Ethel Powers. He is survived by his daughters Alison (John) Conner of Idaho Falls, Idaho, and Charity Goodnature of Westminster, Colorado; son Greg (Yasmin Duran) Foust of Scottsdale, Arizona; four grandchildren, Layne (Frances) Conner, Erin Conner, Jackson Goodnature, and Jaden Goodnature; and two great-grandchildren, Caroline Teske and Jolie Conner. He is also survived by his sister Jeanette Strobel and numerous nieces and nephews.

FWP seeks public comment

Montana Fish, Wildlife & Parks is seeking public comment on the following documents. For more information, including how to submit comments, click on the link provided.

State Wildlife Action Plan

A draft of FWP's 2025 Montana State Wildlife Action Plan (SWAP) is ready for public review and comment. The SWAP identifies Species of Greatest Conservation Need and their habitats, describes threats that impact those species and habitats, highlights conservation actions to address those threats, and outlines a monitoring plan. States submit SWAPs to the U.S. Fish and Wildlife Service on a 10-year cycle and are required for states to be eligible for grants through the State Wildlife Grant Program. FWP and its conservation partners use the SWAP to guide conservation work in Montana, drawing upon the plan to prioritize projects, apply for funding and implement actions that address specific threats to fish, wildlife, and their habitats. Public comment will be considered before the final document is submitted to the U.S. Fish & Wildlife Service in October 2025.

*Comment deadline: Sept. 14***Ice Fishing Contests**

FWP is seeking public comment on ice fishing contests proposed for the 2025-2026 season. Participants must comply with state fishing regulations, including daily and possession limits. Applications for fishing contests were approved, approved with conditions, or denied by the FWP Fisheries Division in Helena. Conditions placed on contests may help to minimize fish mortality, regulate harvest, reduce user conflicts, and/or require additional access site maintenance when needed.

UMW's "On the Rocks" Series to Host Speaker Dr. Will Munger

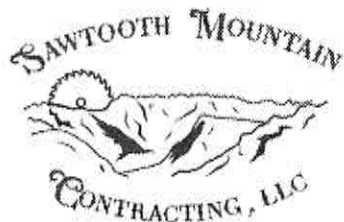

The University of Montana Western's History and Environmental Science Departments will host Dr. Will Munger as part of the "On the Rocks" lecture series. Dr. Munger will present "Working Across the High Divide: Learning from the Histories of Sheep Herders, Range Riders, and Indigenous Elders About the Future of Conservation" on Friday, September 5, from 11:20 a.m. to 12:20 p.m. in UMW's Lucy Carson Library.

Dr. Munger is both a rangeland scientist and range rider. He previously served as a postdoctoral social science researcher at the U.S. Sheep Experiment Station in Dubois, Idaho, and is currently working for the J Bar L Ranch in southwest Montana.

The "On the Rocks" series, hosted by Montana Western's Environmental Sciences Department, features presentations from experts in fields such as geology, hydrology, history, and conservation. Free and open to the public, the series provides

opportunities for students, faculty, and community members to engage with research and ideas that explore the connections between people and the natural world.

For more information about the "On the Rocks" series, please contact Dr. Arica Crotoft, UMW Associate Professor of Environmental Sustainability, at arica.crotoft@umwestern.edu.

COATS MISSING GIVEN TO BARGAIN BASEMENT

Coats were given to the Bargain Basement by mistake. These coats are very sentimental and I would REALLY like to get them back.

There were two mens light nylon coats. The first one had a Critter Control logo on it. Black with white letters and the second had an Alpine Log Homes logo and was red with white letters. If you have seen or bought these coats I would really like go get them back! Call 406-865-0586 or contact Bargain Basement. Please help.

Thank you!

Veteran News Updates

By Mike Lawson

Our local Marine Corps League Detachment #724, here in Butte, Mt., had a BQ for all the local Veteran Organizations. We had plenty of food, honored one of our women's 80th birthday and had a great turnout. There's something about sharing a meal and having the chance to visit, that creates an atmosphere of friendship and positive interactions. We all had a great time.

I mentioned, a few weeks ago, about visiting Libby, Mt. and one of the DAV Drivers, Roger Dillard, there. Libby is way up near the border of both Canada and Idaho alongside Libby Dam that forms Lake Koocanusa. This lake has both can for Canada and usa for our country in it's name. It is very large and flows into Canada. This area is a somewhat remote area with a scattered low population. It has a very beautiful forest, river and lake dominated terrain that has a Northwest Pacific Climate. Many Veterans call this home but to get VA Healthcare can be a big problem because of the distance to VA medical facilities or specialized medical care. This has been addressed with two DAV Vans driven by our two volunteer DAV Drivers, Roger Dill and Peter Kitts. One of the Vans goes to the VA Medical Center in Spokane and the other is designated for Montana VA Medical facilities, especially Kalispell, Mt.. These two Volunteers are to be commended. This is just one of many examples of what the DAV Transportation System does to get our Veterans to their medical appointments. Many say they would be in much rougher shape or wouldn't be alive if the DAV weren't there to give them a ride. This is our incentive to be Drivers, Local Area Coordinators (LACs) and Hospital Transportation Coordinators (HTCs). We quickly learn to be friends of these men and women Veterans. Enough said.

Tuesday, the day before this column is distributed, Governor Gianforte will come to the Marine Corps Building, "the Hooch", and honor seven Veterans with the Governor's Veteran Commendation Award. Two of these recipients are lady Veterans. It's humbling and an honor to be recognized, for all of us receiving this Award. The recipients are as follows: Eileen Greb, David King, Michael Taapken, Cynthia Cohan, Dave Haulman, Michael Samples, Michael Lawson

Many Veterans, including myself, have taken a fall or had some type of, what we thought was a minor accident and brushed it off as something we would tough out and get better. Sometimes this will work, but if things don't seem to be improving, the VA is saying, "Call as soon as you have a doubt". Call VA Health Connect, talking to an expert can make the difference between life and death. The four main services provided by VA Health Connect include: 1)Scheduling and administrative services, 2) Clinical triage, 3) Virtual clinic visits, 4) Pharmacy services.. Call your local VA medical center if you need assistance. Select (1) for pharmacy, (2) for scheduling, (3) to speak to a nurse. In a medical emergency, always call 911. Toughing it out can make it worse, make that call and be sure.

Vaccines are something that can make the difference of becoming sick from serious illnesses or staying healthy. Vaccines for serious illnesses like flu, RSV, Covid-19 and Pneumonia are available free of charge to Veterans who receive care at the VA.

With the summer vacations fast coming to an end, our school students of all ages are returning to the class-rooms. Lets all drive cautiously, especially in the school zones, as many children walk to school. Let these be happy days for them.

28th Annual - School Supply Drive 2025
