Section of Beaverhead River to close to floating during bridge construction

A temporary closure will begin next week for a section of the Beaverhead River during construction on the Montana Hwy. 91 bridge near Dillon.

The closure area extends from Cornell Park Fishing Access Site to Selway Bridge Fishing Access Site. Recreational floating in this section of the river will be closed, but wade fishing will remain open, except in the vicinity of the bridge. The closure will begin Sept. 16 and is expected to last through most of November.

The closure was approved by the Montana Fish and Wildlife Commission in June for public safety during the Montana Department of Transportation's construction project for the bridge.

Upcoming MT 91 closure north of Dillon
 The Montana Department of Transportation (MDT) and its partner Razz Construction will be replacing a bridge deck on Montana Highway 91 (MT 91) just north of Dillon. During this work, MT 91 will be closed between mile marker 0.0 and 1.0.

Motorists will need to follow the signed detour during the closure. From the south end of the project area, beginning at the MT 91 and North Montana Street intersection, travelers will turn north onto Laknar Lane, west onto Schuler Lane, and then south onto MT 91. The approximate detour length is 3.5 miles.

Construction is scheduled to begin the week of September 15 and continue through January 2026, weather and other factors permitting.

The public is encouraged to contact Public Information Officer Charity Burns at 406-444-6201 or Public Involvement Specialist Natalee Stout at 406-444-6021 with questions.

For more information about active MDT projects around the state, please visit our website and MDT's five-year Tentative Construction Plan.

MDT is a workforce of over 2,000 people across Montana determined to do all we can so that you arrive at your destination safely. Our mission is to build, operate, and maintain a safe and resilient transportation system. For more information, visit mdt.mt.gov.

PUBLIC NOTICE

The Beaverhead County Road Department will be closing Laknar Lane between Schuler Ln and Pioneer Dr from 9am to Noon on Tuesday September 16, 2025.

Beaverhead County Museum Board of Trustees

The meeting time has been modified this month for the Beaverhead County Museum Board of Trustees. They will convene on Tuesday, September 16, 2025, at 5 PM in the conference room of the main museum, located at 15 S. Montana Street, Dillon, MT

My dog Jake has been diagnosed with allergies to everything except VENISON, BEEF LIVER and RICE. Beef liver can cause copper poisoning in dogs. Rice is ok as a supplement but it can contribute to inflammation for dogs with allergies. With this very unusual diagnosis I am struggling to keep my dog alive. If you have any venison in your freezer that you don't want I sure could use it. I will pick it up. Call me - Catherine Cain 406-498-6198
