Roy Kenneth Cornell January 7, 1940 — September 10, 2025

Roy Kenneth Cornell, 85 years old, passed away peacefully at home with his family on Sept 10, 2025. He was born Jan 7, 1940, in Dillon, Montana.

Roy grew up as 4th generation on the Cornell ranch. He attended the Mary Innes elementary and Bagley schools and later graduated from Beaverhead County High School in 1958. He was an avid skier, skiing every opportunity all through high school and later with his kids.

He attended Montana State College, 1958-1962. He was

an active member in the Sigma Nu fraternity. He obtained his Amateur Radio license, K7IMM, Amateur Extra Class, the highest level of ham radio license. He graduated with a Range Management/Plant Botany degree and military science where he entered the United States Air Force as a 2nd lieutenant. He was assigned as the communication's maintenance officer and cryptographic control officer for the Tyndall Air Force Base, Panama City, Florida, at the height of the Cuban missile crisis.

He returned to the home ranch on a hardship discharge from the Air Force when brother Craig and wife Teddy were killed in an airplane crash on the ranch in fall of 1963. He met Brenda while skiing in Jackson Hole, WY, and later married August, 1969. They had a daughter, Tonya Rae, 1973 and son, Craig Justin, 1975.

Roy was basically invited to join the Dillon Volunteer Fire Department because of his very successful uncontrolled burns on the ranch. His 52 years of fire service began in 1968 as a Firefighter, becoming Assistant Chief in 1986, then Chief from 1988 through 2000. His service continuing as a District Trustee, Secretary/Treasurer, then as District Chairman through 2020.

In addition to his love of fire service, he was a substitute school bus driver for 21 years, drove potato truck for Cotton Farms for 21 years, and was on the Soil Conservation Board for 7 years. In 1971 the Cornell Ranch Company donated land for the construction of the new Barrett hospital and he served on the hospital committee. He was an Elk Lodge member 1961-2025.

Roy married Shirley Cote in 1988 and they enjoyed travelling together to visit friends across the states as well as being super cruisers and volunteered for several Elderhostel (Road Scholar Programs) as Leaders and Helpers.

Roy loved and supported his kids through everything. He

Letter to the Editor

As my family and I processed the assassination of Charlie Kirk, I was struck by a sobering realization: many of our fellow citizens would support—or even commit—violence against people like me simply because of our beliefs. The widespread approval of killing a man who used only words to express his views raises troubling questions about the direction of our nation. This mindset isn't distant or foreign—it's here, among people we see and interact with every day.

Even in my own small town and across the state, some have openly supported this murder and celebrated what they believe it achieved. To recognize that your neighbor might see you as an enemy worthy of destruction is deeply unsettling.

But what, exactly, do they oppose? Is it limited government? Lower taxes? A desire to avoid foreign wars? I doubt it. The deeper issue is that many conservatives acknowledge a higher power, while many on the left reject God altogether and elevate the self above everything else. In much of today's culture, the individual has become supreme. This shift erases objective morality. Phrases like "my truth" replace absolute truth and God's authority. Don't like how you were created? Redefine yourself with drugs and surgery. Disagree with someone's behavior or standards? The problem is their "lack of understanding." Even life inside a womb can be discarded if it inconveniences the self.

When the self is raised above God, people begin to believe they have the right to control the world around them. In their minds the self becomes godlike, granting them absolute authority over their own world. Words they dislike become threats that must be silenced—even if by violence. Someone who declares their self-perception as truth may decide that anyone who doesn't affirm it is expendable. This mindset grants individuals the supposed right to erase others to preserve their own comfort.

As Christian conservatives, we believe God alone is supreme, and His authority governs our lives and our world. When God is removed and man is enthroned in His place, people begin to assume power over the fate of others. The growing support for these tragedies reveals how quickly this way of thinking is spreading. And as it does, such events will only become more common.

So how do we move forward as a nation, knowing that the person beside you in the grocery store might cheer—or even participate in—violence against you simply for your words? We have lost our way. My prayer is that we return to a country that values life, honors truth, and respects our fellow man; if we fail, we too will spiral into the chaos that has destroyed nations before us.

Beavers Fall To Bigfork Vikings 14 To 7

Jeremy Crawford, Southwestern Montana News

On Friday evening, the Dillon Beavers football team hosted a game at Vigilante Field. Despite their efforts, the young team continued to face challenges and fell narrowly to their opponents, 14-7.

The game was hard-fought, but the Beavers showed resilience against a tough rival. They will look to regroup and improve as they prepare for upcoming contests.

August monthly training included training of probationary firefighters on PPE familiarization & firehall procedures. We conducted training as well. We cleaned the firehall as well as all of the apparatus in preparation for Labor Day Parade & our annual pancake breakfast.

Thanks to all of our firefighters & officers for their continued dedication to the City of Dillon & Beaverhead Fire District #2. Thank you for your continued support of the Dillon Volunteer Fire Department.

As the fall hunting season approaches, please be cautious as we are under stage I fire restrictions and it is very dry out there.

My dog Jake has been diagnosed with allergies to everything except VENISON, BEEF LIVER and RICE. Beef liver can cause copper poisoning in dogs. Rice is ok as a supplement but it can contribute to inflammation for dogs with allergies. With this very unusual diagnosis I am struggling to keep my dog alive. If you have any venison in your freezer that you don't want I sure could use it. I will pick it up. Call me - Catherine Cain 406-498-6198
