Montana Constitution Roadshow at the Dillon Public Library

On Tuesday, September 23, Upper Seven Law will present
the Montana Constitution Roadshow at the Dillon Public
Library from 5:30-6:30 pm.

Upper Seven Law is a nonprofit public interest law firm
whose mission is to hold the powerful accountable.

"Because it is so important to make information about the
constitution and our system of laws available to everyone—
and because we have a really good time talking about it,
we're launching the Montana Constitution Roadshow to have
great conversations with Montanans about our foundation of
government," said Rylee Sommers-Flanagan, Upper Seven's
Founder and Executive Director.

The Roadshow is an engaging and informative presentation about the foundations of a representative democracy, the rule of law, and the ways in which the Montana Constitution is special and distinct. It includes exciting and timely topics like government transparency and separation of powers, and offers a peek into interesting stories about how Montana came to have one of the newest and most unusual constitutions in the country.

Everyone is welcome!

Secretary Christi Jacobsen supports timber, oil and gas projects valued at more than \$2.3 million

Secretary of State Christi Jacobsen voted to approve projects involving Montana state trust lands estimated at more than \$2.5 million during Monday's Land Board meeting. More than \$2.3 million would be generated from timber projects in western Montana and oil and gas lease sales across the state.

All of the projects from Monday's Land Board meeting will generate revenue for Montana's K-12 schools and other state trust beneficiaries.

Secretary Jacobsen supported three timber sales in western Montana, estimated at more than \$900,000. The Secretary also joined her Land Board colleagues in approving oil and gas lease sales in five Montana counties, totaling nearly \$1.5 million, with all revenue benefiting Montana's public schools.

"Oil and natural gas production remains vital for the revenue generated from our state trust lands. I'm proud to have supported those sales and the timber production in western Montana, which fosters responsible resource management while generating significant revenue for our schools," said Secretary Jacobsen.

Secretary Jacobsen also approved easements that will bring updated services to Montana, including fiber optic telecommunications and continued upgrades to an existing wastewater treatment facility for the town of Jordan in eastern Montana.

Bulldogs Blank Blue Hawks 3-0 in 2025 Home Opener

The Montana Western volleyball team (5-6, 3-1 FC) swept Dickinson State (7-2, 3-1 FC) (25-16, 25-18, 25-19) Friday evening, marking the Blue Hawks' first loss in league play.

"I thought tonight was a great all-around team effort," Head Coach Katie Lovett said. "We played very disciplined and were able to take advantage of different opportunities. We knew Dickinson was coming off some really prominent wins and that it would not be an easy game, but the team really rallied around each other to get the win."

NOTABLES

Maxine Hoagland had herself a night, posting career highs in both hitting percentage (.462) and total blocks (5.0).

Kennedy Lingenfelter was a brick wall on defense, recording a season-best 8.0 blocks.

UMW reached double-digit blocks for the fourth time this season with 10.0.

MATCH SUMMARY

The Bulldogs were dominant from the jump, leading by more than five points for the majority of the first set. Savana Warburton helped things along with two extended serving runs and Western took the 1-0. In the second frame, UMW looked to continue in the same fashion, but Dickinson State fought its way back to within on point midway through the set. A 9-3 run put things out of reach for the visitors and Montana Western doubled its lead. The final set saw the Blue Hawks start strong, but their momentum once again fizzled out thanks to another scoring spree by the Bulldogs to complete the sweep.

LEADERBOARD

- Lingenfelter shared the game-lead with eight kills while Hoagland and Dani Brown earned six apiece.
- Hoagland hit a .462 clip to pace the Bulldogs.
- Megan Hardman registered team-highs in both assists (17) and aces (two).
- Taylor Ketchum earned a game-best 25 digs.
- Lingenfelter landed 8.0 total blocks.

SPLIT BOX

Montana Western won the battle across the board, outdoing Dickinson State in kills (38-29), assists (35-28), digs (70-64), blocks (10-6), and aces (5-1).

Draft Downtown Dillon Master Plan Unveiled

Community Invited to Review & Provide Feedback at
Farmers Market

The City of Dillon invites the community to learn about
and review the draft Downtown Master Plan at the final
City of Dillon Farmers Market on Saturday, September 20,
2025, from 9:00 AM to 1:00 PM.

The draft plan reflects community input gathered
through surveys and planning board meetings, and outlines
strategies for strengthening Dillon's historic downtown,
supporting local businesses, and enhancing the community's
quality of life.

"This draft plan represents the community's shared
vision for the future of downtown," said Kristina Abbey,
Director of Operations at the City of Dillon. "We encourage
everyone to stop by, take a look, and share feedback before
the plan is finalized."

At the market, the project team will have a booth set
up for residents and visitors to:

- Review highlights of the draft plan
- See how public feedback shaped priorities
- Share comments with the project team

The plan builds on the 2016 Downtown Master Plan,
integrating new opportunities and aligning with Dillon's
Growth Policy update to ensure downtown remains vibrant
and resilient. The draft plan, along with community input
from the online surveys, is available on the project website:
<https://www.visualizedillon.com/masterplan>

Comments & questions can be directed to Kristina
Abbey at operations@dillonmt.org or by calling 406-683-
4245 Monday through Friday, 9 a.m. to 5 p.m.

Bulldog Volleyball Brings Out the Brooms against Bismarck State with 3-0 Victory

The Montana Western volleyball team (6-6, 4-1 FC) turned in a strong all-around performance to earn its second consecutive sweep (25-17, 25-17, 25-21) against Bismarck State (2-7, 0-5 FC) Saturday afternoon.

"Today was an awesome way to finish off this weekend," Head Coach Katie Lovett said. "The team worked together and executed out game plan efficiently. Bismarck State had a great defensive team and they are very scrappy, so it was fun to play against a team with that energy."

NOTABLES

Maxine Hoagland shined again with a game best .583 hitting percentage while Jaiden Perez (.412), Dani Brown (.400), and Kennedy Lingenfelter (.385) also did their part offensively.

UMW reached at least 60 digs (65) for the second straight contest and sixth time in the last seven.

Western hit a season-best .298 clip as a team.

MATCH SUMMARY

The opening set saw five tied in the first 10 points before an 11-2 scoring spree by the Bulldogs helped give them the 1-0 lead. The second frame continued in a very similar manner, with a 10-3 run by UMW. BSU never got closer than five in the rest of the set. The visitors were not giving up without a fight, and used long rallies and tough defense to keep the final set close until Western managed to pull away and complete the sweep.

LEADERBOARD

- Hoagland, Jaiden Perez, and Jordan shared the team lead with eight kills apiece.
- Megan Hardman registered a double-double with a team-best 18 assists and a career-high matching 13 digs.
- Taylor Ketchum earned a team-best 18 digs.
- Perez tallied a game-high 5.0 blocks.

SPLIT BOX

Montana Western held the statistical advantage in nearly every category, including kills (47-31), assists (42-26), digs (65-58), blocks (8-4). The two sides tied in service aces with three each.

LOOKING AHEAD

The Bulldogs are back on the road for four-straight road contests. Up first they travel to Madison, S.D., to take on Dakota State (9/19) before heading to Nebraska to face off against #3 Bellevue.

BLM oil and gas lease sale nets more than \$38 million in revenue

Lease sale of parcels in Montana and North Dakota ranks among the largest in recent years, highlighting strong industry interest, support for domestic energy development

Advancing President Trump's commitment to expand domestic energy, strengthen American security and reduce reliance on foreign sources, the Bureau of Land Management raised over \$38 million in an oil and gas lease sale that included 23 parcels in Montana and North Dakota, totaling 7,604.47 acres. This single sale not only outpaced the BLM's entire national energy and timber receipts from the previous quarter but also underscores broad national support for American energy development. Proceeds, which are shared between the federal government and the two states, will boost local economies and support good-paying jobs.

"This sale is a clear signal that investors and communities alike believe in the future of American energy," said Acting BLM Director Bill Groffly. "By unlocking these resources, we are not only driving revenue back to Montana and North Dakota but also supporting jobs and reinforcing our nation's ability to remain energy independent for generations to come."

The over \$38 million in total receipts reflects a notable increase in interest by the oil and gas industry, driven in part by the development of significantly improved well economics through three-mile lateral drilling technology in the Bakken and Three Forks formations of eastern Montana.

Additionally, key parcels in North Dakota on U.S. Department of Agriculture's Forest Service public lands contributed to the strong results, underscoring the value of interagency coordination in unlocking high-potential energy resources.

This lease sale was conducted under the One Big Beautiful Bill Act, which restores the royalty rate for new federal onshore oil and gas production to a minimum of 12.5%, reversing the 16.67% rate set by the Inflation Reduction Act. By lowering the federal onshore royalty rate from 16.67% to 12.5%, the One Big Beautiful Bill Act reduces the cost of doing business on public lands, making oil and gas development more economically attractive to industry. This is expected to spur additional leasing and drilling activity, which in turn, supports

increased domestic energy production and strengthens U.S. energy security. Consistent with Executive Order 14154, "Unleashing American Energy," the BLM's lease sales help meet the energy needs of U.S. citizens and solidify the nation as a global energy leader long into the future.

Leasing is the first step in the process to develop federal oil and gas resources. The BLM ensures oil and gas development meets the requirements set forth by the National Environmental Policy Act of 1969 and other applicable legal authorities.

Oil and gas leases are awarded for a term of 10 years and as long thereafter as there is production of oil and gas in paying quantities. Information on current and upcoming BLM leases is available through the National Fluid Lease Sale System. BLM lease sales are held online through EnergyNet. Results are available on the National Fluid Lease Sale System. After navigating to the page, filter to the sale, and select the action "View Sale Documents" to view the sale results.
