Beaverhead Search and Rescue News

Submitted by Kolby Malesich: Commander

Beaverhead Search and Rescue was called out for a search for a missing hiker early evening Thursday September 11th. A hiker had gotten separated from her family climbing Comet mountain late that afternoon. A storm came thru and family members could no longer see or hear their missing family member and nightfall was near. The unit dispatched 4 teams who connected with local Grasshopper Valley VFD volunteers and then searched throughout the night on foot and with UTV's, drones, and member vehicles. The unit also leveraged Air National Guard resources from Malstrom AFB to search the area...they were unable to locate hiker as hiker lacked flashlight or other signaling methods that would have enabled a quick recovery. The missing hiker was eventually found alive & uninjured Friday mid-morning and S&R teams assisted them off the mountain. The hiker was fortunate for relatively mild temps and conditions overnight. A total of 18 members participated in this search that took approximately 18 hours start to finish. Thanks to Steve Mock, Josh Yeadon, Dusty Crowe, Jack Bazemore, Adam Norlander, David Broadhead, Charles Weidow, Kolby Malesich, Cole Cottom, Evan Helle, Mark Smith, Alex Dunn, & Charles Wharton for responding as well as Brad Wagner, Zane Wood, Jason Erikson, and Tara Remely for serving as Incident Command. Special thanks to Grasshopper Valley Fire Department for helping coordinate the initial phase of the search and for use of their building to support resource coordination.

On September 18th, S&R was called out in the morning to find a hunter who was hunting alone in Gibbonsville area west of Wisdom. He'd been messaging his family via Garmin InReach 2-3 times a day during his trip but then unexpectedly stopped day prior, causing concern for out of town family members. S&R dispatched 4 teams and the hunter was eventually found safe & sound near his campsite. It was later determined that the hunters InReach had needed a reset and had become unable to send additional messages. Thanks to MD Peterson, Darby Peterson, Jake Peterson, Steve Mock, Josh Yeadon, Jack Bazemore, James Matthews, Trent Cottom, Jason Erickson for responding and Brad Wagner, Russ Sigman, and Tara Remely for serving as Incident Command.

On Sunday September 28th, S&R hosted approximately 17 young people for our first annual Youth First Aid & CPR training. Janelle Handlos taught the CPR & First Aid portions of the training, and S&R members also touched on some basic principles for how to not get lost in the

Cooney State Park Shoreline Repairs Draft EA

FWP is proposing a project to repair and place hard bank stabilization at three discrete locations at Cooney Reservoir State Park. In 1937, an earthen dam was built on Red Lodge Creek in Carbon County and created Cooney Reservoir to control flooding and provide irrigation to area farms. Although the primary purpose of the stored water is still for irrigation, a state park was established in 1969. The park is one of the most visited water-based recreation areas in Montana, averaging over 120,000 visitors annually, comprised mostly of in-state residents. Currently, the park manages and maintains 82 campsites, three boat ramps, several day use areas and vault latrines, a comfort station, and a fish cleaning station. Facilities are typically full every weekend between Memorial Day and Labor Day. The reservoir provides good walleye and rainbow trout fishing and abundant boating opportunities.

Comment deadline: Oct. 13

Montana Beaver Transplant Program Draft EA

FWP is considering a new program that would provide guidance on how beavers can be transplanted in appropriate areas and ecosystems across the state. FWP staff have developed a draft EA that evaluates a proposal to establish a Montana Beaver Transplant Program (MBTP).

Comment deadline: Oct. 27

The Southwest Montana Conservation Coalition would like to voice our support for respectful and polite treatment of all of our elected officials and others that serve the public. We encourage everyone to return to civil communication to voice your concerns and disagreements.

Anyone who steps into a public arena does so to try to make change and they expect some negative feedback, but realize debate and civil discourse can result in a better result for all.

Their families, however, should be totally off limits to attacks, verbal or otherwise from those that disagree with their stance on issues.

Adults, please take the opportunity to talk to your children or young people in your lives about respect for others. Please remember that the example you set with your voice and actions can imprint a young mind in a negative way just as easily as a positive one. Many of us grew up in an era where we were taught respect and restraint in expressing our views. As a nation, we seem to be losing common courtesy and the guardrails of inhibitions in our actions and voices when they are hurtful to others.

We all realize and appreciate our 1st Amendment right that protects our freedom of speech. Our group was formed on the right to petition the government to address grievances such as when the vast Missouri Headwaters Conservation Area was proposed with very minimal local involvement. Civil voices can result in change.

Angry, hurtful slander, obscenities and property damage or physical harm towards our public figures never gets results in a positive way and certainly was not the intent of the 1st Amendment Right. Violence only causes harm. Let us rise above that for a better United States of America.

Sincerely,
Members of the Southwest Montana Conservation
Coalition
