Craig Edward Zaspel, 78

Craig Edward Zaspel, 78, of Dillon, passed away Sunday, December 21, 2025, at his residence surrounded by his loving family. He was born on December 01, 1947, in North St. Paul, Minnesota to his parents, Edward and Joyce (Kirch) Zaspel. The complete obituary will be published once finalized.

Arrangements are under the direction of Brundage Funeral Home. Condolences for the family may be posted online at www.brundagefuneralhome.com

Bert Erwin Robinson

Bert Erwin Robinson, age 90, passed away unexpectedly at his home in Dillon, Montana, on December 14, 2025. He was born on November 17, 1935, in Forest City, Iowa, to Bert and Laura Robinson, and lived a life marked by hard work, dedication, and quiet strength.

Bert's early years were spent working on the family farm, where he learned the values of perseverance and responsibility that guided him throughout his life. It was there that he married his first wife, Joy

Dee (Thompson) Bray, and together they welcomed his only daughter, Robin.

Following his divorce, Bert set out on an adventure to Alaska, where he worked on the North Slope Pipeline. While in Alaska, he met Mae, who would become his wife and devoted partner for the next 53 years. Through their marriage, Bert became a loving stepfather to Troy and Zane, embracing them as his own.

In 1978, Bert and Mae moved to Libby, Montana, where they purchased and operated the MK Steakhouse for 23 years. Their hard work and dedication made the restaurant a cherished local establishment. In 2001, they retired to their little farm in Dillon, Montana, where they enjoyed a quieter life surrounded by family and friends.

Bert loved the simple pleasures in life—a good steak, a cold beer, playing a lively game of cribbage, telling jokes with family and friends, and snow-birding with Mae in Mesquite, Nevada. There, they met a whole new circle of friends and enjoyed the warmer weather. Their family surprised them with a memorable 50th wedding anniversary celebration at their favorite Mesquite restaurant, with many in attendance.

A devoted husband and deeply committed family man, Bert placed great importance on caring for and supporting those he loved. Known for his steady presence, kind heart, and quick sense of humor, he touched many lives through his integrity,

BLM finalizes updated Sage-Grouse plans that expand energy access and support western communities

The Bureau of Land Management announced updated plans that enhance conservation of Greater sage-grouse habitat while balancing access to public lands for responsible energy and mineral development across Idaho, Montana and the Dakotas, Nevada and California, Utah and Wyoming.

"We are strengthening American energy security while ensuring the sage-grouse continues to thrive," said Acting Bureau of Land Management Director Bill Groffy. "Healthy sagebrush country powers our communities, sustains wildlife and supports the economies that make the West strong."

The decisions support Executive Order 14154, Unleashing American Energy, along with Secretary of the Interior orders that advance national energy independence. The updated approach makes more acres available in some areas for development than the 2015 plans allowed while continuing to protect key habitat across approximately 65 million acres of sagebrush lands that sustain more than 350 wildlife species.

Developed in close partnership with Western governors and state wildlife managers, the approved plans reflect the latest science and address state requests for better alignment on adaptive management and other conservation strategies.

The Bureau of Land Management incorporated feedback received during public protest and governor consistency review periods before finalizing today's decisions. Plans for Colorado and Oregon were completed earlier this year.

The records of decision and approved resource management plan amendments are available on the Bureau of Land Management national planning website. A notice of availability will publish in the Federal Register in the coming weeks.

Mountain View Cemetery- Wind

With the high winds, a lot of flowers were blown away from the headstones up at the Cemetery. I am hoping to reach the community and get those with flowers on headstones to come check and try to find the flowers that go with their loved one's headstones over the weekend. Starting on Monday I am going to start picking up the flowers that have been blown away. I will hold onto them for a month, but if they are not claimed will dispose of them.

Walker, Nourse Earn 2025 AP All-American Honors

The Associated Press (AP) Announced its 2025 NAIA All-American teams Friday. Senior Tyler Walker (first team) and junior Eli Nourse (second team) received nods for UMW.

This is the second All-American selection of the season for the defensive lineman and wide receiver, both of whom picked up AFCA All-American honors earlier this month.

AP NAIA All-American First Team - Defensive Line

Tyler Walker - Dillon, Mont. / R-SR.

Walker was a force to be reckoned with in 2025. He set school records in single game sacks (4.5) and single-season tackles-for-loss (21.5) while helping the Bulldogs' defense set the record for single-game sacks as a team (eight). Additionally, Walker led the team in total tackles (70), solo tackles (33), TFLs (21.5), and sacks (8.5). He also forced one fumble and tallied two fumble recoveries, three pass breakups, and one QB hurry.

AP NAIA All-American Second Team - Wide Receiver

Eli Nourse - Dillon, Mont. / JR

Nourse totaled 78 receptions for 1,192 yards (119.2 yards per game) in his junior campaign, setting school records in career receptions (256) and career receiving yards (3,583) in the process. He earned 10 receiving touchdowns. His longest catch was 65 yards and he averaged 15.3 yards per reception. Nourse finished second in both the conference and the nation in yards per game. He also ranked fifth in the Frontier and 14th nationally in receiving touchdowns.

Montana Department of Commerce Allocates Public and Community Facilities Grants to Five Montana Communities

Over \$3.4 million in funding to support construction or rehabilitation of infrastructure and community facilities projects

The Montana Department of Commerce announced today that five Montana communities will share more than \$3.4 million of grant funding to help fund the construction or rehabilitation of vital infrastructure and community facility projects. The funding is through Commerce's Community Development Block Grant Public and Community Facilities Program.

"Commerce's CDBG programs help create and retain good-paying jobs for Montana counties, cities and towns by building the capacity, resiliency and resource base necessary to develop strong communities," said Commerce Director Marta Bertoglio.

The CDBG PF/CF Program is designed to help local governments fund construction or rehabilitation of infrastructure and community facilities that primarily benefit low- and moderate-income Montanans or individuals earning less than 80 percent of the area median income.

The following communities will receive CDBG PF funding:

- • The Town of Darby will receive \$734,612 for wastewater system improvements.
- • The Town of Ennis will receive \$750,000 for water system improvements.
- • The Town of Philipsburg will receive \$750,000 for public water supply improvements.
- • The Town of Richey will receive \$500,000 for water system improvements.
- • The City of Roundup will receive \$750,000 for wastewater system improvements.

In 2022, Custer County received a CDBG CF grant for \$750,000 for the rehabilitation of the Custer County Senior Center.

Custer County Commission Chair Jason Strouf said, "The CDBG Program has been an exceptional program for Custer County over the years. From planning to community building projects, this funding source has allowed local tax

dollars to be leveraged for large-scale improvements. The CDBG grant allowed us to commit to renovating an existing building that the county owned into a county-operated senior center. Our seniors now have a facility open to the entire senior community that is prioritized for scheduling of senior activities. Without a valuable program such as the CDBG Program, local governments would be limited with regards to taking on and completing projects such as this."

Eligible projects for the CDBG PF/CF Program include new construction, rehabilitation or improvements to a community's water and/or wastewater system and non-rental shelters like domestic violence shelters or youth homes and new construction or rehabilitation of public facilities such as food banks, Head Start centers, nursing homes, mental health centers and senior centers.

Eligible applicants include counties, incorporated cities and towns and consolidated city-county governments except Billings, Great Falls, Bozeman and Missoula. A local government may apply for a CDBG grant on behalf of an organization that is ineligible to apply, such as a water or sewer district or nonprofit organizations.

BEAVERHEAD SENIOR CITIZENS, INC.
Christmas Eve Lunch Celebration, Dec. 24, 2025
CANCELLED

With great regrets, Beaverhead Senior Citizens, Inc. announces that the reopening of the Senior Center Kitchen has been delayed. We want everyone to know that we sincerely appreciate the efforts of our contractors, 747 General Contracting and their subcontractors. This delay is not way associated with their work. It is due to the restaurant supplier out of Bozeman and the manufacturer of the commercial range. The manufacturer shipped the range with missing and wrong parts and the range cannot be operated until these parts are replaced.

As such our Christmas Eve Lunch Celebration will be cancelled and the kitchen closed until after the New Year.

We would like to wish everyone a Merry Christmas and a Happy New Year.- Senior Citizens, Inc. Board of Directors
