Drug Arrests Made Following Traffic Stop on Christmas Day

Jeremy Crawford, Southwestern Montana News

On Christmas Day, Dec. 25, 2025, the Beaverhead County Sheriff's Office Criminal Interdiction Team was on patrol in the area of the I-15 Business Loop when deputies observed a vehicle being operated by an individual with outstanding warrants.

Deputies initiated a traffic stop and, during the investigation, located fentanyl powder. Due to its extreme potency and danger, fentanyl has recently been classified as a weapon of mass destruction. Deputies took proactive measures to ensure their safety and the safety of the public. The male driver was arrested on multiple charges.

Following the arrest, deputies executed a search warrant at a nearby hotel room connected to the investigation. During the search, deputies located additional dangerous controlled substances, including methamphetamine, fentanyl, hallucinogenic mushrooms, marijuana, and drug paraphernalia. A female found in the hotel room was arrested on charges related to possession of dangerous drugs.

Authorities emphasize that fentanyl is incredibly potent, with even a few milligrams capable of being lethal. Accidental exposure to fentanyl powder poses a serious risk to anyone in close proximity.

The Beaverhead County Sheriff's Office stated it remains committed to aggressively pursuing dangerous drugs and those who traffic them, stressing that efforts will continue to protect the people of Montana and that offenders will be prosecuted to the fullest extent of the law.

**University of Montana Western HIP Club
Donates "Meals in a Bag" to the Women's
Resource Center**

The University of Montana Western's HIP Club (Humans in Performance), advised by Dr. Megan Chilson and Mr. Mikel Griffiths, donated 80 "Meals in a Bag" to the Women's Resource Center to support survivors of domestic and sexual violence and their families during the holiday season.

Each meal kit includes an average of seven shelf-stable ingredients and a recipe, providing everything needed to prepare a complete meal. The donations will directly benefit individuals and families living in shelter or transitioning to independent housing, helping to address food insecurity in the community.

"This project gave HIP Club students an opportunity to translate learning into action," said Dr. Chilson, faculty advisor for the HIP Club. "Creating the 'Meals in a Bag' helped students understand how small, intentional efforts can make a meaningful difference for families in our community."

"Partnerships like this allow us to focus on what matters most - supporting survivors and helping families regain stability," said Rebecca Knotts, Executive Director of the Women's Resource Center. "The care and thoughtfulness behind these meals make a real difference in people's lives."

The WRC provides free, confidential services to survivors of domestic and sexual violence in Beaverhead and Madison counties. Partnerships with local organizations play a vital role in meeting immediate needs while supporting long-term healing and independence. For more information, visit www.wrcmt.org

The WRC extends its sincere thanks to Dr. Chilson, Mr. Griffiths and the HIP Club for their meaningful contribution and commitment to supporting survivors in the community.

D.V.F.D. Responds To Vehicle Fire Sunday Afternoon

Jeremy Crawford, Southwestern Montana News

Sunday, Dec. 28, first responders were called to a residence off Highway 278 for a vehicle fire.

According to officials, the vehicle owner had started their truck to warm it up in the cold weather and left it running while attending to other tasks. A short time later, flames were observed coming from the vehicle.

Thanks to the quick actions of the vehicle owner and a rapid response from the Dillon Volunteer Fire Department, the fire was quickly contained and extinguished. Damage was limited to the vehicle, and no injuries were reported.

Firefighters were unable to determine the exact cause of the fire, but believe it may have been the result of a faulty fuel connection.

Officials remind residents to use caution when warming up vehicles during cold weather and to keep a close eye on any running equipment.

Secretary Christi Jacobsen continues Montana business support by waiving fees once again

For the third year in a row, Secretary of State Christi Jacobsen is once again saving Montana businesses millions of dollars by waiving the annual report filing fee in 2026.

She also announced that it will be waived again in 2027, marking four consecutive years of providing the one-time fee waiver to local businesses. Secretary Jacobsen's decision is expected to save Montana businesses more than \$21 million over the next two years.

The initiative continues Secretary Jacobsen's commitment to making it easier to do business in Montana.

"Here at the Secretary of State's Office, we're honored to serve local businesses on their journey. We remain focused on making business registrations simple, affordable, and accessible through modern online services and reduced costs," said Secretary Jacobsen. "By increasing efficiencies and waiving fees, I'm proud that we can allow Montana businesses to focus on what they do best - providing stellar products and services, serving our communities, and driving our economy."

Since taking office in January 2021, Secretary Jacobsen has implemented successful measures, including cutting registration fees for new businesses and eliminating several other fees, resulting in record growth in new business registrations over the past four years. In 2024, nearly 64,000 new businesses registered with the Secretary of State's Office. New registrations have already surpassed that total in 2025.

Secretary Jacobsen's leadership has received widespread positive feedback throughout the region, including comments from gracious business owners, praise from Montana's Legislative Audit Committee, and the Mountain States Policy Center's Elevation Award.

"The positive impact of our local Montana businesses is invaluable," Secretary Jacobsen said, "and the Secretary of State's Office is proud to serve as a partner to our business community. Thank you for doing business in Montana!"

Veteran's Corner Update #341

By Mike Lawson

Our Toys For Tot's Campaign gave out emergency toy distributions on Christmas Eve Day. The happiness of those parents who were at their wits end, can't be expressed enough. Shirlee Boitnott went the extra mile to take care of these last minute requests. Many thanks go out to her. Now we will put together our after action report. Gathering data on what we distributed, received, bought, counting the inventory we have left, etc. has to be done and sent to the National Toys For Tot's Foundation. Some years we get audited to make sure we have what we say we have. I so appreciate that this accountability is of upmost importance to not only the Foundation but to we who operate our TFT's Campaigns across the country. To all of you who donate toys and money, it's important to know that the TFT'S Program is in the top 5% of all nonprofit organizations in the United States. Thank you for helping us do what we do to make kids happy.

Some good news for Veterans receiving VA disability payments. There will be a 2.7% increase on January 1, 2026. These Veterans will actually receive it on December 31, 2025. This is based on COLA (Cost of Living Adjustment) and is designed to help keep your benefits in pace with inflation. VA disability compensation is tax free and not reported on your tax return. This is great for Veterans on disability.

I recently saw an interview of a WWII Marine who had fought on a number of South Pacific Islands. He related how he had gotten sick and the Doctors couldn't figure out what was wrong with him. One Doctor gave him something to make him have a bowel movement and they found he had worms from walking with bare feet in the sand. He was treated for it and got better. I also went through a similar experience. Toward the end of my 1st tour in Viet Nam I was wounded and sent to the Bremerton Naval Shipyard Hospital. They found I had parasites when they checked my bowel specimen. I was treated for it and was cured. The reason I mentioned this is liver flukes are believed to be causing liver and bile duct disease/cancer in Vietnam Veterans who served in Southeast Asia. A Bill was passed this year in Congress, H.R.586- Vietnam Veterans Liver Fluke Cancer Study Act.

It requires the Department Of Veterans Affairs (VA) to conduct a comprehensive epidemiological study focusing on the prevalence of bile duct cancer among these Veterans who served in that Vietnam theater. This is to identify the rates of this cancer among these Veterans compared to the general U.S. population. Hopefully this will lead to identifying and treatment for these vets.

LETTER TO THE EDITOR

This past week-end someone shot and killed a lamb of mine, in my field next to Highway 91 North.

I have no idea who or why they did such a thing. If the person shooting the lamb reads this; when you drive by my place and look over to where you killed the lamb, I want you to remember this quote: "Vengeance belongs to God", Deuteronomy 32:35. Therefore God will hold you accountable for your wickedness.
