Robert "Bob" Johnson

On Friday, April 10, 2026 in Bozeman, Montana, under a beautiful blue sky, Robert "Bob" Johnson passed peacefully into eternal slumber. Born February 23, 1946, to Albert Sidney Johnson and Virginia Amanda (Ferguson) Johnson in Long Beach, California. The family would also welcome two more sons; Albert and Alvin.

Bob attended schools in North Long Beach and graduated from Jordan High School. He joined the Navy and spent two years in Guam, where he was a Yeoman and handled security clearances.

In 1965, he married Kay Wiggins and had three sons: Robert Jr., Jason, and Jon. They later divorced. Staying in the Dillon area, Bob worked at Marv's Tire and most recently at the Forest Service on the Road Crew until he retired.

He met Joanne M. Atwood, and they were married in 1991 in Elko, Nevada. They enjoyed travelling and had many adventures in their 35 years of marriage. Winters were spent in Parker, Arizona, meeting new friends all the time.

Bob spent 20 years working on the Poindexter Cemetery. His hard work paid off: and he was able to get 3 of his family members (bodies with restored headstones) moved to Mountain View Cemetery.

Bob is survived by his wife, Joanne, Robert (Kendra), Jason (Shelley) and family, Jon (Samantha) and family, and many grandchildren, great-grandchildren, nieces and nephews. He was preceded in death by his parents, Albert and Virginia, and his 3 brothers, Roger, Albert, and Alvin.

A memorial service will be held at a later date.

Arrangements are under the direction of Affordable Funeral & Cremation Services. Condolences for the family may be posted online at www.affordable-fcs.com

Barrett Hospital Foundation Receives Transformational \$2.5 Million Grant from Sarah and Jim Kennedy

We are honored to announce a historic philanthropic milestone for Barrett Hospital Foundation: a transformational \$2.5 million grant from Sarah and Jim Kennedy.

This extraordinary grant represents one of the largest donations in our foundation's history and will create lasting impact for generations to come. The Kennedys' grant will strengthen Barrett Hospital's surgical program by purchasing the Da Vinci 5 Surgical Robotic System. This system will enable Barrett Hospital & HealthCare to offer enhanced patient care in southwest Montana.

"I believe everyone should have access to the latest technology and top-notch care, no matter where they live," said Jim Kennedy. "As a patient, this equipment went a long way in helping me during my battle with cancer, something I'll always be thankful for. I know personally how hard the doctors and nurses work for this community. We are happy to do our part to make their jobs easier and help improve the quality of care for everyone."

A True Community Commitment

Sarah and Jim Kennedy have been supporters of Barrett Hospital since 2012 when their first gift of \$1 million helped build the hospital lobby and walking trail. They have continued to give to the hospital and believe deeply in accessible, quality healthcare for all. Their visionary generosity reflects their dedication to the well-being of southwest Montana and the future of our region.

"This remarkable gift honors the Kennedys' profound commitment to our community," said Rebecca Jones, Barrett Hospital Foundation Executive Director. "Their generosity will touch countless lives, support innovative programs and ensure that Barrett Hospital continues to deliver outstanding care for decades to come."

Food is Medicine: Strawberries

Strawberries are a vibrant, whole-food powerhouse, offering an impressive dose of vitamin C (often more per serving than citrus) along with folate and key minerals like potassium, calcium, and magnesium. Rich in polyphenols, they provide powerful antioxidant and anti-inflammatory support that promotes heart health, immune resilience, and healthy aging. Targeted research also links regular strawberry intake to improved cognitive function and overall brain health and even a reduced risk of developing certain cancers—making strawberries a simple yet impactful addition to a whole-foods lifestyle. Botanically unique, strawberries wear their seeds on the outside, making them one of the only commonly consumed fruits with this feature, and from a metabolic standpoint, they offer natural sweetness with a relatively low glycemic load, supporting balanced blood sugar. Beyond personal health, strawberries are a joy to grow and help support pollinators like bees, contributing to a healthier ecosystem. While they can be enjoyed in many forms, eating them fresh and raw helps preserve their full spectrum of nutrients and enzymes—no added sugar needed, just the simple, nourishing sweetness straight from nature.

*When it comes to sourcing, the Environmental Working Group often includes strawberries on its “Dirty Dozen” list, meaning they may carry higher pesticide residues. Choosing organic when possible can be a helpful way to reduce exposure.

Good health is built day by day, starting with real food.

Kolter Merritt Earns Frontier Men's Basketball GRIT Award

Montana Western men's basketball player Kolter Merritt earned the inaugural Frontier Conference Men's Basketball GRIT Award, sponsored by the Montana Army National Guard.

Kolter Merritt's journey to the University of Montana Western is a testament to perseverance, self-belief, and an unwavering commitment to growth. Arriving in Dillon, Kolter stepped into an uncertain situation after initially planning to attend Colorado Mesa.

Following a difficult sophomore year at Northwest College in Wyoming, he believed his playing career might be over. Instead of stepping away, Kolter embraced a new opportunity and committed himself fully to earning his place. His first season featured limited minutes, but rather than becoming discouraged, he demonstrated resilience and started games that season.

Kolter's mental toughness and grit are evident in both his preparation and performance. He earned a starting role and played a key part in early team success. When faced with a major setback—a hip injury initially feared to be severe—Kolter attacked rehabilitation.

Coaches and opponents alike recognize his impact—not always measured by statistics, but by the energy, physicality, and competitive edge he brings every game.

Beyond his performance, Kolter's leadership and character set him apart. He leads through action—whether in the weight room, practice, classroom, or community. He is consistently the first to support teammates and a player others naturally follow.

Kolter's influence extends beyond basketball, as he volunteers his time in community initiatives, including working with youth and assisting in campus activities.

Kolter exemplifies the core values of resilience, service, discipline, and teamwork. His journey is defined not by ease, but by how he has responded to adversity—with determination, humility, and relentless effort.

Library Spring Fling and Bling Seeking Vendors

Dillon Public Library is hosting its annual Spring Fling and Bling on Saturday, April 25, 2025. Vendors may reserve a booth to sell craft items, yard sale items and/or commercial items. Booth space rents for \$30 or \$25 with the donation of a door prize. This event is a fundraiser for the Dillon Public Library. Booth fees will support youth and teen programs at our library as well as the purchase of new books. Registration forms may be picked up at the library. To receive a registration form by email, please call the library at 406-683-4544.

Election Officials Remind Voters About Envelope Birth Year Requirement

As the ballots for the May 5 school and special district election are mailed this week, election officials are reminding voters that they must write their birth year and signature on their mail ballot envelope before mailing it or returning it to their elections office. Failure to provide either detail will result in the rejection of the ballot.

"These laws impact every voter using mail ballots, and we want to ensure that people are aware of this requirement before they send in their ballots to help set our voters up for success," stated Communication Committee Chair Angie Paulsen. "We understand that some voters may be hesitant to send this information through the mail. If that's the case, we encourage them to drop off their ballot at their local election office."

The birth year requirement is a result of House Bill 719, passed by the 2025 Legislature, which took effect on October 1, 2025. For mail-in elections and absentee voters, the return envelope features two red arrows guiding voters on where to write their signature and year of birth.

Election staff will reach out to every voter with a rejected ballot to attempt to resolve the issue before 5 p.m. Wednesday, May 6. The most effective way for voters to verify that their ballot has been accepted is to visit myvoterpage.mt.com and click on "Track my Ballot."

Voters are encouraged to mail their ballot before Tuesday, April 28 to ensure it arrives on time, or contact their local elections office for a list of ballot-drop locations available on Election Day.

Beaverhead County Community Survey Results

In the summer of 2024, researchers from Utah State University (USU) and The University of Montana-Western (UMW) conducted a survey with residents of Dillon regarding community level changes. Residents were randomly selected to participate to make sure results represented the population. A total of 297 residents completed the survey. Below we share an overview of these results. We will share more detailed findings and lead a discussion about the results on April 20th at 6:30 PM in the STC Great Room at The University of Montana Western. You can also find more information on the study at <https://artsci.usu.edu/canri/projects/concentrated-ownership> after the event.

Population Growth

Residents reported that they were somewhat concerned about population growth and concerned about the rising cost of housing in Beaverhead County.

- 84% of residents agreed that the population of Beaverhead County is growing
- 33% of residents are concerned about that growth
- 40% of residents are concerned about access to affordable housing
- Residents reported that more people and new kinds of people moving to the area are the largest contributors to change
- Residents referenced a number of opportunities for the future of the area, including embracing the agricultural history of Beaverhead County and revitalizing downtown

Landownership changes

Residents reported even more concern over land ownership and use changes in Beaverhead County.

- 70% of residents were concerned that local families are owning less land than they used to
- 78% were concerned with very wealthy individuals purchasing ranches
- 63% were concerned that fewer people are owning more land in Beaverhead County

Land Use

Residents believe that private land should be maintained as open space over residential and industrial development.

- 75% of residents agree that landowners should prioritize agricultural production
- 55% of residents agree that landowners should prioritize recreation
- 60% of residents agree that landowners should prioritize wildlife habitat
