**Montana Western Establishes KG Environmental
Sustainability Action Scholarship**

The University of Montana Western has established the KG Environmental Sustainability Action Scholarship in memory of Kimberly "KG" Giannone, honoring her commitment to environmental action, hard work, and science communication.

Created by family and friends, the scholarship will provide four \$1,000 awards annually to students pursuing degrees in Environmental Sustainability, Environmental Sciences, or Natural Resource Science. Beginning in the 2026-2027 academic year, one award will be given each year to an incoming freshman, sophomore, junior, and senior. Recipients may be eligible to renew the scholarship for up to four years.

The scholarship recognizes students who are enrolled full-time, in good standing, and have a minimum GPA of 3.0, with preference given to those who embody Giannone's spirit and perseverance in overcoming challenges.

Giannone, a non-traditional student at Montana Western, was known for her determination and deep commitment to learning. She fully embraced the university's experiential learning model, dedicating long hours to coursework and developing skills in writing, mathematics, and technical programs such as Excel, MATLAB, and ArcGIS Pro. Her hard work earned her a 4.0 GPA along with numerous awards and honors.

Beyond the classroom, Giannone was passionate about understanding and sharing the natural world. A gifted storyteller and photographer, she focused on documenting the experiences of people and their connection to the land, including projects highlighting land stewardship in Southwest Montana. Her authenticity and enthusiasm left a lasting impact on those around her.

Commerce Awards Roundup a Montana Main Street Final Stage Funding Grant

More than \$90,000 awarded to rehabilitate the Wier Building

The Montana Department of Commerce announced today that more than \$90,000 in grant funding has been awarded to the City of Roundup for the completion of the Wier Building rehabilitation project. The funding is provided by Commerce's Montana Main Street Final Stage Funding Grant Program.

"The Montana Main Street Program assists with the revitalization of downtowns and helps preserve historic structures that contribute to Montana's unique character and sense of place," said Commerce Director Marta Bertoglio.

The MMS Program works with local partners to identify and plan for a community's greatest development needs and provides seed money to help implement high-impact projects. The Final Stage Grant is a new grant introduced through the MMS Program to address current Main Street projects that have been adversely affected by rising costs or unforeseen circumstances such as natural disasters.

Wier Building Project Manager Theresa Doumitt said, "The Montana Main Street Program has been a key partner in the Wier Building revitalization project. MMS support enables Musselshell County and Roundup leaders to work together to be proactive, invest in the future and preserve the area's rich cultural heritage."

Currently, there are 38 Montana Main Street communities. Applicants for MMS Final Stage Funding Grants must currently have an active MMS project for which they are seeking additional funding to complete the project. The project must be at least 75% complete at time of application. The Montana Main Street Program was established in 2005 and is administered by Commerce's Community MT Division. The funding for the program comes from the 2023 Montana Legislature's SB 540.

For more information about the Montana Main Street Final Stage Funding Grant Program, visit commerce.mt.gov.
