Montana Western Announces Dr. Hilary Smith Risser as Interim Dean of Strategic Initiatives

The University of Montana Western has announced the hiring of Dr. Hilary Smith Risser as the university's new Interim Dean of Strategic Initiatives. Dr. Smith Risser will officially begin her role on June 1, 2026.

Dr. Smith Risser currently serves as a tenured Professor in the Department of Mathematical Sciences at Montana Technological University, where she has been a faculty member since 2008. She earned her Ph.D. in Computational and Applied Mathematics from Southern Methodist University and previously taught at Plano West Senior High School and Texas Woman's University before joining Montana Tech.

"Dr. Smith Risser brings an outstanding combination of academic leadership, innovation, collaboration, and student-centered vision to Montana Western," said UMW Chancellor, Dr. Estee Aiken. "Her extensive experience in higher education, accreditation, faculty leadership, grant development, and student success initiatives will be a tremendous asset as Montana Western continues to advance strategic priorities that support our students, faculty, staff, and communities across Montana."

Throughout her career at Montana Tech, Dr. Smith Risser has held numerous leadership roles, including serving as Head of the Department of Mathematical Sciences for 11 years, Director of the university's Data Science program for two years, President of the Montana Tech Faculty Association for four years, and most recently as the institution's Accreditation Liaison Officer (ALO). She is also a former president of the Montana Council of Teachers of Mathematics and was recognized with the Dean Preble Memorial Award for her contributions to mathematics education in Montana.

Dr. Smith Risser has received multiple honors for excellence in teaching and service, including three Rose and Anna Busch Awards, five merit awards, and designation as a Montana University System Teaching Scholar. She is currently principal investigator on two grants totaling approximately \$2 million in funding, including a National Science Foundation S-STEM award and a subaward through Montana INBRE.

Her research focuses on the use of technology in mathematics education and professional development for educators. She has authored numerous articles and book chapters related to online learning, mentoring higher education faculty, and mathematics instruction, while also collaborating with researchers and educators around the world.

"I am thrilled to join Montana Western and contribute to the university's innovative and student-focused mission," said Dr. Smith Risser. "Montana Western's commitment to experiential learning and academic excellence creates incredible opportunities for students, faculty, and staff. I am excited to collaborate with the campus community over the coming academic year."

Attention Montana Voters: As the June 2, 2026, primary election approaches, changes beyond election administrators' control have occurred. For months, election administrators across the state have been conducting outreach and education for voters regarding same-day registration changes enacted by Senate Bill 490.

On Friday, May 8, 2026, District Court Judge Adam Larsen granted a preliminary injunction against Senate Bill 490. Registration on Monday is available until noon, and registration on Election Day is available until 8 PM. Registrants should anticipate and prepare for potentially long lines on Election Day.

Election administrators are working tirelessly to keep the election running seamlessly and with as little disruption to voters as possible. We regret the confusion this has caused voters in preparation for election day. Election Administrators will continue outreach to keep voters informed of any further changes between now and Election Day, June 2, 2026. For information on your county's registration hours and locations, please contact your local elections office.

Beaverhead County Election Office hours for late registration are as follows:

Monday through Friday 8am to 5pm
Saturday, May 30th Per the injunction, no longer required to be open on Saturday 8am to Noon.

Monday, June 1st
(The Election Office is open 8am to 5pm, but we cannot issue ballots after 12 Noon, because counties are running their supplemental registers for Election Day.)

Tuesday, June 2nd Election Day, 7am until 8pm.

If you have any questions, please call the Election Office at 406-683-3720.

Big Hole River trout abundance

Estimated fish per mile

Sampling section	Species	2024	2025	2026	Long-term average
Jerry Creek	Brown	710	882	919	749
	Rainbow	779	794	1167	1606
Melrose	Brown	506	411	356	908
	Rainbow	192	166	256	488
Hogback	Brown	722	469	346	920
	Rainbow	268	402	395	473
Pennington	Brown	341	322	492	443
	Rainbow	204	172	230	243

Ongoing fish health sampling has yet to determine a cause of head lesions observed on brown trout and mountain whitefish in recent years. Pathologists with the Big Hole Fish Health Workgroup continue to process tissue samples collected from both sick and apparently healthy fish for new pathogens. FWP plans to hire an epidemiologist specializing in fisheries to provide expertise and capacity to address fish health issues across the state, including the upper Jefferson River basin. In the past three seasons of sampling, fisheries staff have found nearly all sampled trout in the basin to be healthy, with less than 1 percent of captured fish showing signs of infection.

This year's spring sampling marked the third and final year of tagging trout in the Big Hole, Beaverhead, Ruby and lower Madison rivers, with tagging in the upper Madison River slated for this fall. Staff will continue monitoring tagged fish for the coming years to better understand how environmental conditions, such as water temperature and flows, influence survival, as well as potential angling effects.

Anglers who report catching tagged fish substantively contribute to the informed management of these fisheries by helping researchers identify individual fish. FWP and MSU have partnered with Montana Trout Unlimited to host drawings for guided fishing trips, equipment and other prizes for anglers who submit reports of catching fish with blue tags. Yellow tag reports are each worth a prize of \$100. Reward opportunities will continue in 2026.

MSU is again collecting surveys of recreationists on the Big Hole, Beaverhead, Ruby, Madison and upper Yellowstone rivers. Anglers and other recreationists may see creel clerks helping collect this information. This study will help FWP and partners better manage recreational use and resources around popular rivers in southwestern Montana.

MCELYEA JOINS STOCKMAN WEALTH MANAGEMENT AS WEALTH ADVISOR

Reed McElyea has joined Stockman Wealth Management as

Wealth Advisor. His responsibilities include building and managing long-term client relationships by providing personalized wealth management strategies aligned with clients' financial goals, risk tolerance, and life objectives. "Through the life of these relationships, I will conduct ongoing goal reviews with clients to track progress toward financial objectives, adjust strategies as life circumstance evolve and ensure alignments with short- and long-term priorities," states McElyea. "I am passionate about

ensuring our clients feel confident with their investment strategies."

Born and raised in Bozeman, MT, McElyea earned his Bachelor of Science in Finance from Montana State University. During his time at MSU, he served as a Research Administrator providing grant administration including budget management, compliance, and reporting requirements for sponsored research projects to ensure successful research operations at the university.

McElyea has five years of experience working in the financial services industry and previously worked for three years as a benefits and planning consultant with Fidelity Investments providing comprehensive financial planning around workplace benefits and personal finance. McElyea has held Series 7 (General Securities Representative) and Series 66 (Uniform Combined State Law) licenses and is currently working to obtain his Series 65 (Uniform Investment Adviser) license.

McElyea is an active part of the Gallatin Valley community, serving as a volunteer coach for the Logan Ladies Trap League to help train new members and grow the community. Outside of work, he enjoys skiing, backpacking, sporting clays, and spending time with family and friends - anything that allows him to enjoy the playground that is Montana.

McElyea and Stockman Wealth Management are located at 1433 North 19th Avenue inside of the existing Stockman Bank branch and can be reached at 406-585-4357

**Secretary Christi Jacobsen prompts Land Board to
 consider shooting range in western Montana**

Montana Secretary of State Christi Jacobsen continued her work on the Land Board by standing for Montana hunters and shooters. During Monday's monthly meeting, Secretary Jacobsen asked her fellow Land Board members to consider a shooting range in western Montana.

Secretary Jacobsen brought a motion for the Land Board to discuss the placement of a shooting range near Lincoln, Montana, to provide an established shooting facility serving Montanans in the area. The all-Republican Land Board unanimously approved her motion to place the topic on the June Land Board agenda.

Implementing an official shooting facility in the area would provide a safe, suitable place for hunter sight-in, youth firearms safety and hunter education, as well as the potential for shooting competitions.

"I was fortunate, as I'm sure all of you were, to be taught firearm safety and education in middle school," said Secretary Jacobsen, who recalled fond memories of learning to shoot at C.R. Anderson Middle School in Helena. "I believe this is a valuable tool that should be available to youth across the state."

Secretary Jacobsen's motion has the support of the Montana Shooting Sports Association (MSSA) and the Lincoln Sportsmen's Club (LSC). According to MSSA officials, the proposal also has the support of the county commissioners and sheriffs, including those in Lewis and Clark County.

"On behalf of Montana Shooting Sports Association members across the state, we appreciate Secretary Jacobsen bringing this motion for an additional shooting opportunity near Lincoln," said MSSA President Gary Marbut. "Local shooters and hunters deserve a dedicated space to sight in their rifles for hunting season, to practice for competitions, and to educate Montana youth on the proper safety and handling of firearms. Having safe and suitable places for people to shoot will also help reduce conflicts on nearby public and private lands."

5/13-6/13 BILL

BEAVERHEAD COUNTY GIS COORDINATOR

POSITION: GIS Coordinator / Program Coordinator
DEPARTMENT: GIS

RESPONSIBILITIES: This role is ideal for a professional with a broad knowledge of GIS applications in local government and a thorough understanding of related computer hardware and software systems.

The successful candidate will lead and direct technical project teams, supervise staff, and manage the annual operating budget for the GIS department. Key duties include supporting the state-wide transition from E9-1-1 to NG9-1-1, managing Census Bureau data projects, and negotiating GIS grants and service contracts. You will be expected to evaluate and adopt new technologies to ensure the county provides high-quality services in a rapidly changing environment.

Requirements: Bachelor degree in geosciences, geomatics, engineering, surveying, the natural sciences, computer science, or related field.

- Skills: Strong management, analytical, and technical skills are essential, along with the ability to communicate effectively and maintain professional working relationships.
- Experience: Proven ability to prepare project planning documents, contract proposals, and budgets.

Position posted until filled.

For application materials and a detailed job description, visit:
<https://beaverheadcountymt.gov/human-resources/>

TO BE CONSIDERED FOR THIS POSITION THE FOLLOWING MUST BE COMPLETED AND SUBMITTED: BEAVERHEAD COUNTY EMPLOYMENT APPLICATION, A RESUME & THREE REFERENCES.

Miss Judy's Preschool and Daycare

Our Program:
 We offer Pre-K education focusing on social, emotional, and physical skills in a secure yet engaging environment.

Education:
 Students will learn recognition of their name, numbers, letters, shapes, colors, and identify age language, part of the week, the stages of algebra, and more!

Benefits:
 We are a small classroom environment, ensuring each child receives one-on-one instruction and aid throughout the learning process.

Schedule a tour today and come explore all we offer!

 We provide unique learning opportunities that take education to a new level!
