It's Time to Plan- Make Your Voice Heard

They say time flies when you're having fun, and it surely has for BTC! It's time for us to update our strategic plan and make a list of projects and goals for the next five years. We need your help to ensure we're choosing projects and trails the community wants and needs. Please take our quick survey to let us know what you think-- AND pass it on to anyone who uses trails, or who might if there were more of them, they were more accessible, etc!

To sweeten the pot, our friends at Beaverhead Bikes & Coffee offered to raffle a FREE BIKE TUNE to people that fill out the survey, so get your name in!

Use the QR code to fill out the survey

Be sure to enter to win a FREE BIKE TUNE

Pretend this is an old school chain letter and pass it on to your best 10 friends (you might be cursed forever if you don't!)

If you have additional thoughts, reach out to BTC at beaverheadtrails@gmail.com or come to a meeting on the 3rd Thursday of each month

Go outside and enjoy the trails!

Terminus Distilling Company

Building

As we talked about in June/July 2025, John W. Morton built our warehouse in April 1910. From then until 1944, the building served as a wholesale grocery and implement warehouse. During that time, it was owned by the Olmstead-Stevenson Company, The Waldorf Company, and The Graeter-Waldorf Company. Derek has found merchandise tags from each era and we will display them in our tasting room.

The production space has been our focus this month. Derek has finished the ceiling and Nate Mooney has helped install lighting and fans. Next will be finishing the walls and Derek moving equipment into the space. After that, he'll build the Boiler Room. Our low-pressure steam boiler will provide heat for the still, mash ton, and the production room.

Business / Community

Thanks to everyone who has visited the walk-up window this month! It's been so exciting to see what you've liked so far (the Tropical Sunset slushie was a clear winner, followed closely by Watermelon Mint; Thai Mango and Strawberry Rhubarb were our most popular shrubs). When we start producing spirits, we will maintain our non-alcoholic menu. This aligns with our goal of being a welcoming place in the community for both people who drink and those who don't. It also aligns with State of Montana rulemaking where any to-go alcoholic drink must be prepared at time of sale.

Locals, make sure you get a copy of Wednesday's Dillonite (and/or a Jaycee's Rodeo Program this weekend). We have a full-page ad that offers the chance for a free Terminus sticker.

On Monday of Labor Day, we'll be open before and after the parade. During the parade, you'll see us celebrating America's 250 on the Tweedy Mountain Fun Club Stick Horse Stampede float.

round). Tomorrow, Katrina is processing 25lb of nectarines and will have quite a lot of pits left over. It turns out that if you crack open those pits, they contain a kernel called a noyau. Yes, they are toxic if you eat them raw (they contain a compound that converts to cyanide), but toasting them in the oven degrades the offending amygdalin. Katrina is going to take these kernels, toast them twice to be safe, and steep them in brandy to make homemade amaretto. *Wish her luck.*

Bear attacks woman north of Columbia Falls Area closure in place

Montana Fish, Wildlife & Parks and the U.S. Forest Service (USFS) are investigating a bear attack on a woman walking her dog on the Cedar Flats trail complex north of Columbia Falls. The attack occurred around 7 p.m. on Aug. 31. The species of bear involved in the attack is currently unknown.

Investigators from FWP and USFS, with assistance from the Flathead County Sheriff's Office, searched for the bear using a thermal infrared drone but were unable to locate it. The area remains closed by Forest Service officials in the interest of public safety. The victim sustained significant injuries and was transported to Logan Health Medical Center for treatment. The incident is still under investigation, and no further details are available at this time.

Montana is bear country. When recreating in bear habitat, follow these safety tips:

Carry bear spray where it's easily accessible and know how to use it.

Stay alert and watch for signs of bear activity, especially in areas with limited visibility.

Travel in groups and keep members close together.

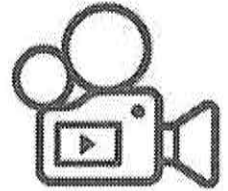

Make noise to avoid surprising a bear, especially in dense vegetation or near running water.

Avoid traveling at night, dawn, or dusk.

Steer clear of carcass sites or areas with scavenger activity.

For more information on being bear aware, see the FWP Website.
