Richard "Rick" Hammond

age 65, of Miles City.

October 29, 1960 – November 15, 2025

On the morning of November 15, 2025, Richard "Rick" Arthur Hammond passed peacefully at home in Miles City, MT, surrounded by his family, after a courageous fight with end-stage kidney failure. Rick was 65 years old.

Rick was born on October 29, 1960, in Seattle, Washington, to Gloria Barrett and Clayton Hammond. He was the oldest of three sons; his brothers are Donald "Don" and Michael "Mike" Hammond.

Rick lived in Kent, Washington, as a child and enjoyed playing in the neighborhood with his brother Don and the neighborhood children. He enjoyed playing

street baseball and soccer. His favorite sport was swimming, which he learned in the deep end of a pool, courtesy of a friend who wanted him to learn to swim quickly. Two weeks after the ordeal, he joined his local swimming team. He continued to swim through high school and into college, where he discovered a love of scuba diving. He would often scuba dive in Puget Sound with friends and his brother Don.

Rick attended college at Western Washington University with a focus in Chemical Engineering, but soon found a calling to join the military. Rick left Western Washington University to join the United States Air Force. He was stationed at Malmstrom Air Force Base in Great Falls, MT. While stationed in Great Falls, he attended Fairview Baptist Church, where he was active in their Bus Ministry, Junior Church, and attended Mountain States Baptist College. While in bible college, Rick would fill in and preach during services, play his violin, and travel with the college singing group as their violinist. Rick attended night classes in bible college during his active-duty military career.

Rick's military career started in 1982 when he joined the United States Air Force. He was stationed at Malmstrom Air Force Base in Great Falls, Montana. His specialty was administrative, and Rick enjoyed his job. During his career in the Air Force, Rick received many awards and medals, but the award that meant the most to him was the John Levato award. Rick was a humble man and did not display his awards, but spoke fondly of receiving this award. In 1986, Rick transitioned to the Air National Guard and continued until 1990, when he left the military for a higher calling.

While Rick attended Mountain States Baptist College, he met the love of his life, Jana Lynn Leach. They began seeing each other seriously in 1985 and became engaged in August 1985. They married on December 27, 1985. They welcomed their first daughter, Kari, in November 1986 and their second daughter, Heather, in 1988. They welcomed their first son, Mark, in 1990. Their two youngest children followed, a daughter, Rebekah, in 1994, and a son, Andrew, in 1999. Rick and Jana called Dillon, Montana, home from 1994 to 2022.

Rick graduated from Mountain States Baptist College in May of 1990, and he and Jana moved with their family to Stevensville, Montana. Rick had been called to be an Assistant Pastor at Florence Baptist Church in Florence, Montana. Rick served as the Assistant Pastor at Florence Baptist Church, where he oversaw the bus ministry and the Jr. Church. This is where he acquired the name Pastor Rick. Pastor Rick served faithfully in Florence Baptist Church until 1993, when he felt called by the Lord to go to Dillon, Montana. He went to Dillon to candidate for a church that needed a pastor. Although the church did not call him, the Lord laid on Pastor Rick's heart to plant a church in Dillon, Montana. In the summer of 1994, Pastor Rick and his family moved to Dillon and planted Bethany Baptist Church. The church started in their kitchen and was very small, but over a few months, it outgrew the kitchen, and Bethany Baptist Church began meeting in a building in town. In 1999, Bethany Baptist Church broke ground on a building just outside of Dillon. The church decided to rename to Stone Creek Bible Church. Pastor Rick went on to pastor Stone Creek until his retirement in 2022.

Pastor Rick enjoyed many hobbies. A long-time favorite was coin collecting. He enjoyed reading about coins and looking for rare coins to add to his collection. Rick enjoyed hunting and shooting, especially with his children. He

Barrett Hospital Celebrates Ribbon Cutting for New Specialty Clinic

Jeremy Crawford, Southwestern Montana News

A small crowd gathered Friday evening at Barrett Hospital & HealthCare to celebrate the ribbon cutting and grand opening of the facility's new specialty clinic.

Hospital CEO Taylor Rose addressed attendees, highlighting the growing need for expanded clinical space and how the new offices will create additional opportunities to better serve the community. Rose emphasized that the project represents a major step forward in improving access to specialized care for patients in Beaverhead County and the surrounding region.

Several speakers also noted the efficiency of the construction timeline. The project broke ground approximately 14 months ago and was completed on schedule. Speakers recognized the efforts of the construction teams, planners, and hospital staff who helped bring the project to fruition.

The new specialty clinic is expected to significantly streamline operations for visiting and local specialists. Previously, doctors often had to travel between off-site offices and the main hospital, increasing delays in patient care. With the new clinic located within the hospital campus, providers will be able to move seamlessly between appointments and procedures, reducing travel time and improving overall efficiency.

Hospital officials say the clinic will enhance patient services, support better coordination between departments, and ensure that community members continue receiving high-quality care close to home.

LETTER TO THE EDITOR

Montana property tax statements have been released, and there has been considerable press coverage of the new property tax laws passed earlier this year. Many lawmakers have been patting themselves on the back, and some have been pointing fingers at those who opposed this legislation, trying to disparage their opposition to these new laws. Personally, my property taxes decreased by around \$600, and for that, I am thankful; however, I know it comes at a cost to someone else. Additionally, the creation of the Homestead Exemption is a beneficial measure that's used in many other states and will work out well to decrease taxes on people's primary homes. With that said, I and 32 other conservative (real) Republicans voted against these new property tax laws on the final vote.

First: Why did we vote against these new laws that the so-called "Republicans" claim have "lowered property taxes for 80% of homeowners?" There are a few key points to understand about what happened to bring us to this point. These same "Republicans" who voted for this bill are also the ones who voted for the substantial 13.5% state budget increase. They did this by increasing overall government spending in a host of other areas and by creating an enormous trust account (Rep. Llew Jones's "Growth & Opportunity (GO) Trust") with your surplus tax money. This account creates more government programs in the future, including housing and childcare programs, and funds the state pension program with your surplus tax dollars. This group of "Republicans" spent so much of your money that the governor was forced to veto over \$300 million in spending at the end of the legislative session. So, when you see the claim that most people's property taxes are going down, just know that other people's property taxes are going up, and the government isn't spending less money; they're spending more.

Second: The new property tax laws and bloated state budget passed only because Democrats, joined by a minority of "Republicans" (you might know them as RINOs, Republican in Name Only), conspired to form a majority coalition. If these fake Republican property tax bills were truly conservative, the Democrats would not have supported them.

Third: We, the real Conservative Republicans, opposed these new property tax laws because they contradict conservative principles by allowing the government to pick winners and losers through the tax code. Rather than simply having higher-value homes pay more taxes, these new laws also increase your property tax rate as your home

increases in value. This punishes homeowners for success, as those who move up to a bigger house pay a higher percentage in property taxes. For homes under \$400,000, the rate is 0.76%, but it rises to 1.9% for homes valued over \$1.5 million. This progressive taxation mimics the Democrat party approach of "the rich should pay their fair share," as echoed by the MT Democratic Party's Executive Director when he wrote on this issue a few weeks ago.

Another punitive punishment these new laws created is the increased tax on second homes beginning in 2026. If you own a multimillion-dollar estate on Flathead Lake, or a small hunting cabin in the woods, or another house on your ranch, you will be subject to this higher rate, resulting in an expected 68% increase in your property taxes. Again, the government is picking winners and losers in the taxing structure. This was billed by the minority "Republicans" as a way to tax out-of-state homeowners who have bought property in Montana, but the Department of Revenue has reported that just over 70% of second homes are owned by Montana residents. So, who will these new property tax laws negatively impact the most? (Hint: Montanans)

All of the Conservative Republicans who voted against this legislation wanted to solve the property tax issue we are all facing. We knew this tax scheme was not the answer for the reasons stated above, so we stood on our conservative principles and voted NO. We believe in drastically decreasing the size of government across the board. We believe smaller government = fewer taxes needed. We also believe in treating everyone equally and not punishing people who become successful, which is a tactic of the Democrat party.

All of this begs the question: Who is this group of minority "Republicans" joining with the Democrats to pass all this big government legislation? It begins with Representative Llew Jones of Conrad, who authored the new property tax laws, and those who follow his orders. If you are a voter and want to advance conservative policies in our state that lower our taxes and shrink government, it is up to you. Find out if your legislators are supportive of your low taxes and small government beliefs and then vote accordingly. Only then can we have a real Republican majority in Montana that promotes the conservative policies you want.
